SEC. 3. A majority of the appointed commissioners shall constitute a quorum for the transaction of any business, for the performance of any duty, or for the exercise of any power of the commission. No vacancy in the commission shall impair the right of the remaining commissioners to exercise all the powers of the commission. The act of a majority of the commissioners present, when in session as a board, shall be deemed to be the act of the commission; but any investigations, inquiry or hearing which the commission has power to undertake or hold may be undertaken or held by or before any commissioners or commissioner designated for the purpose by the commission; and every finding, order, ascertainment or decision made by the commissioners or the commissioner so designated pursuant to such investigation, inquiry or hearing, when approved by the commission and ordered filed in its office, shall be and be deemed to be the finding, order, ascertainment or decision of the commission.

SEC. 4. (a) Each commissioner shall have power to administer oaths, certify to all official acts, and to issue subpoenas for the attendance of witnesses and the

production of papers, books, maps, accounts, documents and testimony in any inquiry, investigation, hearing, ascertainment or proceeding ordered or undertaken by the commission in any part of the state. Each witness who shall appear by order of the commission or any commissioners or a commissioner shall receive for his attendance the same fees and mileage allowed by law to witnesses in civil cases, which amount shall be paid by the party at whose request such witness is subpoenaed. When any witness who has not been required to attend at the request of any party shall be subpoenaed by the commission his fees and mileage shall be paid from the funds appropriated for the use of the commission in the same manner as other expenses of the commission are paid. Any witness subpoenaed, except one whose fees and mileage may be paid from the funds of the commission, may, at the time of service, demand the fee to which he is entitled for travel to and from the place at which he is required to appear and one day's attendance. If such witness demands such fees at the time of service, and they are not at that time paid or tendered, he shall not be required to attend before the commission or commissioners as directed in the subpoena. All fees and mileage to which any witness is entitled under the provisions of this section may be collected by action therefor instituted by the person to whom such fees are payable. But no witness shall be compelled to attend as a witness before the water commission or any water commissioner or water commissioners out of the county in which he resides, unless the distance be less than thirty miles from his place of residence to the place of hearing.

(b) The superior court of the county or city and county in which any inquiry, investigation, hearing or proceedings may be held by the commission or any commissioner or commissioners shall have the power to compel the attendance of witnesses and the production of papers, maps, books, accounts, documents and testimony as required by any subpoena issued by the commission or any commissioner or commissioners. The commission, commissioners or commissioner before whom the testimony is to be given or produced may, in case of the refusal of any witness to attend or testify or produce any papers, maps, books, accounts or documents required by such subpoena, report to the superior court in and for the county or city and county in which the proceeding is pending by petition, setting forth that due notice has been given of the time and place of attendance of said witness, or for the production of said papers, maps, books, accounts or documents and that the witness has been summoned in the manner prescribed in this Act, and that the witness has failed and refused to attend or produce the papers, maps, books, accounts or documents required by the subpoena before the commission, commissioners, or commissioner in the cause or proceeding named in the notice and subpoena, or has refused to answer questions propounded to him in the course of such cause or proceeding, and ask an order of said court, compelling the witness to attend, testify, and produce said papers, maps, books, accounts or documents before the commission or commissioners or commissioner. The court, upon the petition of the commission or commissioners or commissioner, shall enter an order directing the witness to appear before the court at a time and place to be fixed by the court in such order, the time to be not more than ten days from the date of the order, and then and there show cause, if any he have, why he refused to obey said subpoena, or refused to answer questions propounded to him by said commission, or any commissioners or any commissioner, or neglected, failed or refused to produce before said commission, or any commissioners or any commissioner, the books, papers, maps, accounts or documents called for in said subpoena. A copy of said order and the petition therefor shall be served upon said witness. If it shall appear to the court that said subpoena was regularly issued by the commission, or any commissioners or a commissioner, the court shall thereupon enter an order that said witness appear before the commission or commissioners or commissioner at the time and place fixed in said order, and testify or produce the required papers, maps, books, accounts or documents, or both testify and produce; and upon failure to obey said order said witness shall be dealt with as for contempt of court.

(c) The state water commission or any commissioners or commissioner, or any party to a proceeding before the commission or any commissioners or any commissioner, may in any investigation or hearing before the commission or any commissioners or any commissioner cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for depositions in civil actions in the superior courts of this state.

(d) No person shall be excused from testifying or from producing any book, map, document, paper or account in any investigation or inquiry by or hearing before the commission or any commissioners or commissioner upon the ground that the testimony or evidence, book, map, document, paper or account required of him may tend to incriminate him or subject him to penalty or forfeiture. But no person shall be prosecuted, punished or subjected to any penalty or forfeiture for or on account of any act, transaction, matter or thing material to the matter under investigation by said commission or any commissioners, or any commissioner concerning which he shall have been compelled to testify or to produce documentary evidence; *provided*, that no person so testifying or producing shall be exempt from prosecution and punishment for any perjury committed by him in his testimony.

SEC. 5. A full and accurate record of business or acts performed or of testimony taken by the commission or any member or members thereof in pursuance of the provisions of this Act shall be kept and be placed on file in the office of said water commission.

SEC. 6. The state water commission shall take, charge and collect the following fees: for copies and records not required to be certified or otherwise authenticated by the commission, ten cents for each folio; for certified copies of official documents, and orders filed in its office, fifteen cents for each folio, and one dollar for every certificate under seal affixed thereto; for certified copies of evidence and proceedings before the commission, fifteen cents for each folio. The commission may fix reasonable charges for publications issued under its authority. All fees charged and collected under this section shall be paid, at least once each week, accompanied by a detailed statement thereof, into the treasury of the state.

SEC. 7. For the purpose of carrying out the provisions of this Act the state water commission is authorized to pass such necessary rules and regulations as it may from time to time deem advisable, and to appoint and remove at its pleasure a secretary who shall have charge of its books and records and perform such other duties as from time to time may be prescribed and whose salary shall be fixed by the water commission; and the state water commission may also employ such expert, technical, professional and clerical assistance, and upon such terms, as it may deem proper.

SEC. 8. For the purpose of carrying out the provisions of this Act the sum of one hundred and fifty thousand dollars is hereby appropriated for the fiscal years 1913-1914 and 1914-1915 out of any money in the state treasury not otherwise appropriated; and the state controller is hereby authorized and directed to draw warrants upon such sum from time to time upon the requisition of the state water commission approved by the state board of control, and the state treasurer is hereby authorized and directed to pay such warrants.

SEC. 9. All indebtedness incurred for salaries, and all necessary costs in traveling and other expenses of said commission, and each of its members and persons employed by it, while actually engaged in the business of said commission, shall be paid by the state out of the funds hereby appropriated, upon the sworn statement of the person or persons incurring such indebtedness, and upon the requisition of the state water commission, approved by the state board of control, and the state controller is hereby authorized to draw warrants upon the state treasurer for said indebtedness, salaries, costs and expenses, as provided by law for the payment of similar costs and expenses and the drawing of similar warrants.

SEC. 10. The state water commission is hereby authorized and empowered to investigate for the purpose of this Act all streams, stream systems, portions of stream systems, lakes, or other bodies of water, and to take testimony in regard to the rights to water or the use of water thereon or therein, and to ascertain whether or not such water, or any portion thereof, or the use of said water or any portion thereof, heretofore filed upon or attempted to be appropriated by any person, firm, association, or corporation, is appropriated under the laws of this state.

SEC. 11. All water or the use of water which has never been appropriated, or which has been heretofore appropriated and which has not been in process, from the date of the initial act of appropriation, of being put, with due diligence in proportion to the magnitude of the work necessary properly to utilize for the purpose of such appropriation such water or the use of water, or which has not been put, or which has ceased to be put, or which may hereafter be appropriated and cease to be put, to the useful or beneficial purpose for which it was appropriated, or which having been appropriated is not now, or which in the future may be appropriated and not be, in the process of being put, from the date of the original act of appropriation, to the useful or beneficial purpose for which it was appropriated, with due diligence in proportion to the magnitude of the work necessary properly to utilize for the purpose of such appropriation such water or the use of water, is hereby declared to be unappropriated. If any portion of the waters of any stream shall not be put to a useful or beneficial purpose to or upon lands riparian to such stream for any continuous period of five consecutive years after the passage of this act, such non-application shall be deemed to be conclusive presumption that the use of such portion of the waters of such stream is not needed upon said riparian lands for any useful or beneficial purpose; and such portion of the waters of any stream so non-applied, unless otherwise appropriated for a useful and beneficial purpose on lands other than said riparian lands, is hereby declared to be in the use of the state and subject to appropriation in accordance with the provisions of this Act.

SEC. 12. The state water commission shall have authority to, and may, for good cause shown, upon the application of any appropriator or user of water under an appropriation made according to law prior to the passage of this Act, prescribe the time within which the full amount of the water appropriated shall be applied to a useful or beneficial purpose; *provided*, that said appropriator or user shall have proceeded, with due diligence in proportion to the magnitude of the project, to carry on the work necessary to put the water to a beneficial use; and in determining said time said commission shall grant a reasonable time after the construction of the works or canal or ditch used for the diversion of the water; and in doing so said commission

shall also take into consideration the cost of the application of such water to the useful or beneficial purpose, the good faith of the appropriator, the market for water or power to be supplied, the present demand therefor, and the income or use that may be required to provide fair and reasonable returns upon the investment. Upon prescribing such time the state water commission shall issue a certificate showing its determination of the matter. For good cause shown, the state water commission may extend the time by granting further certificates. And, for the time so prescribed or extended, the said appropriator or user shall be deemed to be putting said water to a beneficial use. And if at any time it shall appear to the state water commission, after a hearing of the parties interested and an investigation, that the full capacity of the works built or constructed, or being built or constructed, under an appropriation of water or the use thereof made under the provisions of this Act, has not developed or cannot develop the full capacity of the stream at the point where said works have been or are being built or constructed, and that the holder of the said appropriation will not or cannot, within a period deemed to be reasonable by the commission, develop the said stream at said point to such a capacity as the commission deems to be required by the public good, then and in that case the said commission, in its discretion, may permit the joint occupancy and use, with the holder of the appropriation, to the extent necessary to develop the stream to its full capacity or to such portion of said capacity as may appear to the state water commission to be advisable, by any and all persons, firms, associations, or corporations applying therefor, of any dam, tunnel, diversion works, ditch, or other works or constructions already built or constructed or in process of being built or constructed under this Act; *provided*, that said commission shall take into consideration the cost of the original and new work, the good faith of the applicant, the market for water or power to be supplied by the original and the new work, and the income or use that may be required to provide fair and reasonable returns upon the investments in the original and the new work; *provided, further*, that the applicant or applicants shall be required to pay to the party or parties owning said dam, tunnel, diversion work, ditch, or other works or constructions a pro rata portion of the total cost of the old and the new works, said pro rata portion to be based upon the proportion of the water used by the original and the subsequent users of said dam, tunnel, diversion works, ditch, or other works or constructions, if the water is used or to be used for irrigation or domestic purposes, or, if the water is used or to be used for the generation of electricity, or electrical or other power, the said pro rata portion shall be based upon the relative amount of electricity or electrical or other power capable of being developed by the original and the new works; or, if a portion of the water utilized under a joint occupancy of any dam, tunnel, diversion works, ditch, or other works or construction, shall be used for the purpose of irrigation and another portion of said water shall be used for the generation of electricity, or electrical or other power, then and in that case the applicant or applicants for joint occupancy shall be required to pay to the party or parties owning said dam, tunnel, diversion works, ditch, or other works or constructions a pro rata portion of the total cost of the old and new works, said pro rata portion to be based upon the proportion of the relative amount of water used by each joint occupant and the income derived by each said joint occupant from said joint occupancy; or, if any of the waters used under such joint occupancy shall be utilized for purposes other than those specified above, then and in that case the applicant or applicants for such joint occupancy shall be required to pay to the party or parties owning said dam, tunnel, diversion works, ditch, or other works or constructions, such a pro rata portion of the total cost of the old and new works as shall appear to the state water commission to be just and equitable. Said applicant or applicants shall also be required to pay a proper pro rata share, based as above, of the cost of maintaining said dam, tunnel, diversion works, ditch, or other works or constructions, on and after beginning the occupancy and use thereof. Furthermore, the state water commission, in its discretion, if it appears to the said commission that the full capacity of the works built or constructed, or being built or constructed, under the appropriation of water or the use thereof under this Act, will not develop the full capacity of the stream at that point, and it appears to the commission that the public good requires it, and after investigation and hearing of the parties interested, may permit any person, firm, association or corporation to repair, improve, add to, supplement, or enlarge, at his or its proper cost, charge and expense, any dam, tunnel, diversion works, ditch, or other works or constructions already built or constructed or in process of being built or constructed under the provisions of this Act, and to use the same jointly with the owners thereof; *provided*, that the said repairing, improving, adding to, supplementing, or enlarging, shall not materially interfere with the proper use thereof by the owner of said dam, tunnel, diversion works, ditch, or other works, or constructions or shall not materially injure said dam, tunnel, diversion works, ditch, or other works or constructions. And the state water commission shall determine the pro rata and other costs provided for in this section.

SEC. 13. All rights granted or declared by this Act shall be ascertained, adjudicated and determined in the manner and by the tribunals as provided in this Act.

SEC. 14. This Act shall not be held to bestow, except as expressly provided for in this Act, upon any person, firm, association or corporation, any right where no such right existed prior to the time this Act takes effect.

SEC. 15. The state water commission may in its discretion allow, under the provisions of this Act, the appropriation of unappropriated water or of the use thereof, or of water or of the use thereof which may hereafter cease to be appropriated, or which may hereafter be declared to be unappropriated, or which, having been used under claim of riparian proprietorship or appropriation finds its way back into a stream, lake or other body of water, and also such water as is declared under section eleven of this Act to be subject to appropriation.

SEC. 16. Every applicant for a permit to appropriate water shall set forth the name and post office address of the applicant, the source of water supply, the nature and amount of the proposed use, the location and description of the proposed headworks, ditch, canal and other works; the proposed place of diversion and the place where it is intended to use the water; the time within which it is proposed to begin construction, the time required for completion of the construction, and the time for the complete application of the water to the proposed use. If for agricultural purposes, the application shall, besides the above general requirements, give the legal subdivisions of the land and the acreage to be irrigated, as near as may be; if for power purposes, it shall give, besides the general requirements prescribed above, the nature of the works by means of which the power is to be developed, the head and amount of water to be utilized, and the use to which the power is to be applied; if for storage in a reservoir, it shall give, in addition to the general requirements prescribed above, the height of dam, the capacity of the reservoir, and the use to be made of the impounded waters; if for municipal water supply, it shall give, besides the general requirements specified above, the present population to be served, and, as near as may be, the future requirements of the city; if for mining purposes, it shall give, in addition to the general requirements prescribed above, the nature and location of the mines to be served and the methods of supplying and utilizing the water. All applications shall be accompanied by as many copies of such maps, drawings, and other data as may be prescribed or required by the state water commission, and such maps, drawings, and other data shall be considered as part of the application. If any permittee or licensee, or the heirs, successors, or assigns of any permittee or licensee, desire to change the point of diversion from the point of diversion specified in the original application, or after the granting of any permit or license, such change or changes may be made only upon the permission of the state water commission; *provided*, that, before the granting of any permission by the state water commission to change any point of diversion, the applicant for such permission shall advertise at least once a week for four consecutive weeks in a newspaper or newspapers of general circulation in the county in which is situated both the old and the new points of diversion, the fact that he has made application to the state water commission for permission to change such point of diversion. Said advertisement shall be in such form as the state water commission shall prescribe; and the fact that said advertisement has been made as required in this section shall be verified by the affidavits of the applicant and of the person connected with said newspaper or newspapers who knows whether or not said advertisement has been published as required herein. The state water commission shall not grant any permission for the changing of any point of diversion before the expiration of thirty days after the filing with it of the above required affidavits.

SEC. 17. Any person, firm, association or corporation may apply for and secure from the state water commission, in conformity with this Act and in conformity with reasonable rules and regulations adopted from time to time by the state water commission, a permit for any unappropriated water or for water which having been appropriated or used flows back into a stream, lake or other body of water within this state. And any application so made shall give to the applicant a priority of right as of the date of said application to such water or the use thereof until such application shall have been approved or rejected by said commission; *provided*, that such priority shall continue only so long as the provisions of law and the rules and regulations of the water commission shall be followed by the applicant. Upon the approval of any application by the commission, said approval shall give priority of right as of the date of said application, and shall give the right to take and use the amount of water specified in said approval until the issuance by the state water commission of a license for the use of said amount of water, or until the said commission refuses to issue said license. But the approval of any application shall give the right to take and use water only to the extent and for the purpose allowed in said approval; *provided*, that any defective application made in a bona fide attempt to conform to the rules and regulations of the state water commission and to the law shall secure to the applicant a priority of right as of the date of said application until he shall have been notified by said commission in what respect his application is defective. And said applicant shall be allowed sixty days after notice of said defect in which to file an amended and perfected application. If, within said sixty days, said applicant shall not file an amended and perfected application, said priority of right shall cease and determine; *provided*, that for good cause shown the state water commission may allow said applicant to file a further amended and perfected application; *provided*, also, that any priority of right secured under this section shall not be effective for

more than thirty days after service of notice of such approval, personally or by registered mail, on the applicant, unless within said period of thirty days a true copy of said approval upon which such priority is based shall have been filed in the office of the recorder of the county or city and county in which the water is to be diverted, and, within ten days thereafter, a certificate of such filing by the county recorder is also filed with the state water commission.

SEC. 18. Actual construction work upon any project shall begin within such time after the date of the approval of the application as shall be specified in said approval, and the construction of the work thereafter shall be prosecuted with due diligence in accordance with this Act, the terms of the approved application, and the rules and regulations of said commission; and said work shall be completed in accordance with law, the rules and regulations of the state water commission, and the terms of the approved application and within a period specified in the permit; but the period of completion specified in the permit may, for good cause shown, be extended by the state water commission. And if such work be not so commenced, prosecuted and completed, the water commission shall after notice in writing and mailed in a sealed, postage-prepaid and registered letter addressed to the applicant at the address given in his application for a permit to appropriate water, and a hearing before the commission, revoke its approval of the application. But any applicant, the approval of whose application shall have been thus revoked, shall have the right to bring an action in the superior court of the county in which is situated the point of proposed diversion of the water for a review of the reasonableness of the commission's act of revocation. And thirty days after the revocation of said permit all rights of the said permittee under said permit shall cease and lapse, unless said permittee shall within said thirty days after said revocation bring an action in the superior court for a review of the reasonableness of the revocation. The priority of right of any permittee so bringing an action shall continue under said permit until a final court decision is rendered as to the reasonableness of the revocation of said permit. But until and unless the revocation of the permit shall be finally declared to be unreasonable by the courts, the permittee shall not take or use any of the water, the right to take and use which is granted by said permit.

SEC. 19. Immediately upon completion, in accordance with law, the rules and regulations of the state water commission, and the terms of the permit, of the project under such application, the holder of a permit for the right to appropriate water shall report said completion to the state water commission. The said commission shall immediately thereafter cause to be made a full inspection and examination of the works constructed, and shall determine whether the construction of said works is in conformity with law, the terms of the approved application, the rules and regulations of the state water commission, and the permit. The said water commission shall, if said determination is favorable to the applicant, issue a license which shall give the right to the diversion of such an amount of water and to the use thereof as may be necessary to fulfill the purpose of the approved application. Said license shall be in such form as may be prescribed by the state water commission under the provisions of this Act. But if the said commission shall find, upon inspection and examination of the works constructed, that the construction and condition of said works are not in conformity with the law, the rules and regulations of the state water commission, the terms of the approved application and the terms of the permit, then and in that event the said commission may, after due notice in writing and in the manner provided in sections one thousand and eleven, one thousand and twelve, and one thousand and thirteen of the Code of Civil Procedure to the applicant or the holder of the permit, and a public hearing thereon, refuse to issue said license. And thirty days after the refusal of said commission to issue said license all rights of the applicant and the holder of the permit under said application and permit shall lapse and cease. But the holder of any permit to whom the said water commission may have refused to issue said license, shall have the right to bring an action, within thirty days after the said refusal, in the superior court as to the reasonableness of the refusal of the said commission to issue said license. And the rights of the holder of any permit so bringing an action shall continue under said permit until a final court decision is rendered on the reasonableness of the refusal of the commissioner to issue said license. But until and unless the refusal of the commission to issue said license shall be finally declared to be unreasonable by the courts, the permittee shall not take or use any of the water, the taking and using of which is granted to him by said permit. And if the holder of any permit which has been revoked by the state water commission shall not bring an action within said thirty days in the superior court as to the reasonableness of said revocation, then and in that case all rights of the applicant and of the holder of said permit shall lapse and cease.

SEC. 20. All permits and licenses for the appropriation of water shall be under the terms and conditions of this Act, and shall be effective for such time as the water actually appropriated under such permits and licenses shall actually be used for the useful and beneficial purpose for which said water was appropriated, but no longer; and every such permit or license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this section and

likewise the statement that any appropriator of water to whom said permit or license may be issued, shall take the same subject to such conditions as therein expressed; *provided*, that if any time after the expiration of twenty years after the granting of a license, the state, or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the state shall determine to purchase, and shall purchase, as is or may be provided by law, the works and property occupied and used under said license and the works built or constructed for the enjoyment of the rights granted under said license (excepting works and property occupied and used, built or constructed solely for the irrigation of land by mutual water companies, irrigation districts or individuals), then and in that case the said rights, property and works shall become the property of the state, city, city and county, municipal water district, irrigation district, lighting district or political subdivision of the state purchasing them; and in the event that the said state, city, city and county, municipal water district, irrigation district, lighting district or political subdivision of the state so desiring to purchase, and the said owner of said works and property cannot agree upon said purchase price, then the state water commission shall fix said purchase price, which determination by said commission shall be final and conclusive upon all the parties; *provided, also*, that the purchase price of said rights, property and works so purchased shall not be more than the total actual cost, in lawful money of the United States of America plus ten per cent of the said cost of the said rights, property and works. And the holder of any permit or license except a permit or license for the appropriation and use of water for the irrigation of land by mutual water companies, irrigation districts, or individuals using water on their own lands only, shall file with the state water commission, a statement under oath, at least once a year or oftener at such stated periods as may be required by the state water commission and in such form as may be required by said commission, an itemized account of all moneys paid out during the period next preceding, for the purchase, and construction, and repair, and reconstruction, and in any way spent for or upon, for maintenance, operation or in other ways upon, on account of or for said rights, property or works. And each said account shall be sworn to by the president and secretary of the corporation, or association, if the holder of the said permit or license is a corporation or an association; or by all the members of the firm, if the said holder be a firm; or by the person holding said permit or license if the holder be a person. And any person whose duty it is, under the provisions of this section to file said itemized account and who shall wilfully neglect, fail or refuse to make such filing in the manner and at the time provided in this act, shall be deemed to be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one thousand dollars, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. And all the books, vouchers, papers and accounts of all kinds, natures and descriptions, showing the expenditures made for the purchase, and construction, and repair, and reconstruction and maintenance, and operation and in all other ways for or upon said rights, property, or works, shall be open at all times to the inspection of the state water commission or its duly authorized agents or employees. If it shall appear to the state water commission at any time after a permit or license is issued as in this Act provided, that the permittee or licensee, or the heirs, successors, or assigns of said permittee or licensee, has not put the water granted under said permit or license to the useful or beneficial purpose for which the permit or license was granted, or that the permittee or licensee, or the heirs, successors, or assigns of said permittee or licensee, has ceased to put said water to such useful or beneficial purpose, or that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee, has failed to observe any of the terms and conditions in the permit or license as issued, then and in that case the said commission, after due notice to the permittee, licensee, or the heirs, successors or assigns of such permittee or licensee, and a hearing thereon, may revoke said permit or license and declare the water to be unappropriated and open to further appropriation in accordance with the terms of this Act. And the findings and declaration of said commission shall be deemed to be *prima facie* correct until modified or set aside by a court of competent jurisdiction; *provided*, that any action brought so to modify or set aside such finding or declaration must be commenced within thirty days of the serving of notice of said revocation on said permittee or licensee, his heirs, successors or assigns. But no sale, gift or assignment of any permit or any of the rights granted by any permit shall be valid without written permission of the state water commission. And every licensee or permittee granted a license or permit under the provisions of this Act if he accepts such permit or license shall accept the same under the conditions precedent that no value whatsoever in a loss of the actual amount paid to the state therefor shall at any time be assigned to or claimed for any permit or license granted or issued under the provisions of this Act, or for any rights granted or acquired under the provisions of this Act, in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any permittee or licensee, his heirs, successors or assigns, or by the holder of any rights granted or acquired under the provisions of this Act, or in respect to any valuation for purposes of sale to or purchase by the state, or any city, city and county, municipal water district, irriga-

tion district, lighting district or any political subdivision of the state, of the rights and property of any permittee or licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this Act. The use of water by municipalities for said municipalities or the inhabitants thereof for domestic purposes shall always be considered the highest use to which water may be put, and as between applicants for such permit, such municipalities shall be considered first in right, irrespective of whether they are first in time.

SEC. 21. Nothing herein contained shall be construed to deprive the state or any city, city and county, municipal water district, irrigation district, lighting district or political subdivision of the state, or any person, company or corporation of any rights which, under the law of this state they may have, to acquire property in eminent domain proceedings and for the purpose of such eminent domain proceedings the use of water for municipalities or the inhabitants thereof for domestic purposes shall be considered the highest use to which water can be put.

SEC. 22. Licenses hereafter granted for water or use of water shall be subject to the right of the state to impose the fees and charges provided in this Act.

SEC. 23. Every person, firm, association or corporation making application for a permit to appropriate water or the use of water under this Act shall pay to the state water commission, at the time of filing said application, if the purpose or use is for the generation of electricity, or electrical or other power, a fee of two dollars and fifty cents for each theoretical horse power capable of being developed by the works up to one hundred theoretical horse power, with a minimum fee of twenty-five dollars, and above said one hundred theoretical horse power the fee shall be five hundred dollars up to and including ten thousand theoretical horse power, and one thousand dollars above ten thousand theoretical horse power capable of being so developed, or a fee of ten dollars if the purpose be other than for the generation of electricity, or electrical or other power. Every person, firm, association or corporation at the time of receiving a license to appropriate water or the use of water, if the purpose be for the generation of electricity, or electrical or other power, shall pay to said commission when the said license is issued, and annually thereafter, a charge of twenty-five cents for each theoretical horse power capable of being developed by the proposed works. If the purpose of use is for other than the generation of electricity, or electrical or other power, every person, firm, association or corporation receiving a license to appropriate water shall pay to the said commission when said license is issued, and annually thereafter, a charge of ten cents per miner's inch for each miner's inch specified in the license, and for the purpose of this Act forty miner's inches shall be equivalent to one cubic foot per second. And all such fees and charges shall forthwith be paid into the state treasury by the state water commission and the fees and annual charges provided in this section shall be subject to change by law at not less than ten year intervals beginning with the date of the license issued by the state water commission.

SEC. 24. Upon its own initiative or upon petition signed by one or more claimants to water or the use of water upon any stream, stream system, lake, or other body of water, requesting the ascertainment of the relative rights of the various claimants to the water or the use of water of that stream, stream system, lake or other body of water, it shall be the duty of the state water commission, if, upon investigation it finds the facts and conditions are such as to justify, to make an ascertainment of the said rights, fixing a time for the beginning of the taking of testimony and the making of such investigation as will enable it to ascertain the rights of the various claimants. In case suit is brought in the superior court for determination of rights to water or the use of water, the case may, in the discretion of the court, be transferred to the state water commission for investigation, as referee. In any case wherein the water commission shall proceed to investigate or ascertain water rights the said commission shall notify in writing in the manner provided in sections one thousand and eleven, one thousand and twelve and one thousand and thirteen of the Code of Civil Procedure all persons, firms, associations or corporations claiming or possessing any water rights which are to be the subject of ascertainment by the said commission.

SEC. 25. Upon the completion of the taking of testimony and evidence by the state water commission, the said commission shall immediately give notice by registered mail to the various claimants or possessors of water rights that, at a date and place named in the said notices, which date shall not be less than fifteen days nor more than thirty days later than the date of said notice, all of said testimony and evidence will be open to public inspection. And said testimony and evidence shall be held open to public inspection at said places for a specified period of not less than thirty days nor more than ninety days. Said notice shall also state the county in which the order or ascertainment of the state water commission will be heard and considered by the superior court: *provided*, that said order shall be heard in the superior court of the county in which is situated the stream, stream system, lake or other body of water or any part of said stream, stream system, lake or other body of water the rights to the water of which are the subject of investigation and ascertainment by the state water commission.

SEC. 26. If any person, firm, association or corporation claiming or possessing any interest in or right to the waters of any stream, stream system, lake or other

body of water involved in any investigation or ascertainment by the state water commission of the rights to the water of said stream, stream system, lake or other body of water, desires to contest any of the interests in or rights to any of the said waters of any other person, firm, association or corporation who has submitted evidence to the state water commission, such person, firm, association or corporation desiring so to contest shall, within ten days after the expiration of the period for public inspection prescribed in section twenty-five of this Act, notify, in writing, the state water commission of said desire so to contest. Said notice shall state the ground of contest, which shall be verified by the oath of the contestant, his agent or attorney. Within ten days of the receipt of the notice of contest the state water commission shall notify the contestant and the person, firm, association or corporation whose rights are contested to appear before it at a time and place specified in said notice, and that at said time and place said contest will be heard; *provided*, that said time shall not be less than thirty days nor more than sixty days from the date of the notice of the commission.

SEC. 27. Said notice by said water commission shall be served and return made thereon in the same manner in which summons and return thereon are made in civil actions in the superior courts of this state. The water commission shall have power to adjourn hearings of contest from time to time upon reasonable notice to all parties in interest, and to issue subpoenas for and compel, as provided in this Act, the attendance of witnesses to testify before it and produce papers, books, maps and other documents.

SEC. 28. The state water commission shall require from the party bringing the contest before it under section twenty-six of this Act a deposit of five dollars for each day it shall be engaged in taking testimony in such contest. Upon the final ascertainment by the state water commission in any contest, the said commission shall enter an order directing the return of the deposit to the depositor if the contest shall be determined in his favor, but, if the contest shall be determined against the person bringing it, the said deposit shall be immediately paid into the state treasury.

SEC. 29. Not less than fifteen days nor more than thirty days after the expiration of the period during which the testimony and evidence is to be kept open for public inspection, or if any contest shall be made, not less than fifteen days nor more than thirty days after the settlement of said contest by the water commission, the testimony and evidence in the original hearing and the testimony and evidence taken in said contest shall be filed in the office of the water commission.

SEC. 30. The water commission may, in its discretion and in addition to the testimony and evidence submitted to it by the parties claimant to or possessors of water rights on any stream, stream system, lake or other body of water cause to be made an examination of said stream, stream system, lake or other body of water and the works diverting or utilizing water therefrom. Said examination may include the gathering of whatever data covering said stream, stream system, lake or other body of water and the various ditches and canals taking water therefrom the said commission may require, as well as such other data and information as may, in the discretion of the said commission, be necessary to enable it properly to ascertain the relative rights of the parties claiming rights to use the waters of said stream, stream system, lake, or other body of water. The results of said examination shall be filed in the office of said commission and be open to public inspection as provided in this Act for the filing and public inspection of other evidence of a like nature.

SEC. 31. As soon as practicable after the hearing of testimony and evidence, the hearing and settlement of contest, and the gathering and filing of such data and information as the water commission shall, of its own motion, direct to be gathered, the said water commission shall record in its office its ascertainment of the rights of the several claimants to the use of the waters of any stream, stream system, lake or other body of water. Immediately thereafter, the said water commission shall file a certified copy of said ascertainment together with the original evidence and testimony taken before it and all data and information gathered by its order with the clerk of the superior court in and for the county in which such stream, stream system, lake or other body of water or any part thereof is situated.

SEC. 32. After the filing with the clerk of the superior court of the evidence, data, information, and ascertainment required by section thirty-one of this Act, the same shall be received in the superior court as prima facie evidence of the facts and ascertainment therein set forth. And at any time within one year after such filing an action shall be brought, upon the direction of the state water commission, by the attorney general in said superior court in which said evidence, data, information, and ascertainment shall have been so filed. Or an action may be brought in said court by any one or more of the possessors or claimants concerning whose rights to any of the waters of the stream, stream system, lake or other body of water the state water commission shall have made the ascertainment filed in said court. Said action if brought by the attorney general shall be brought in the name and behalf of the people of the State of California to quiet the title of the State of California or the people thereof to any and all water or water rights which it may have in or on said stream, stream system, lake or other body of water, and, to cause all parties whose rights have been so ascertained to appear and interplead in said action in defense and determination of each and all of their respective rights, which rights, as against the state and with regard to the different rights and priorities

of said rights among themselves, shall be determined by the court in said action. And if an action be brought by any one or more of said claimants or possessors, said action may be brought in the name of the said possessor or claimant, and to cause all parties, whose rights have been ascertained, to appear and interplead in said action in defense and determination of each and all of their respective rights, which rights, as against the state or the people thereof, and with regard to the different rights and priorities of said rights among themselves shall be determined by the court in said action. And from and after the filing of the complaint in such action, the proceedings therein shall be as in other cases heard and determined in said court, and in accordance with the provisions of the Code of Civil Procedure of this state; *provided*, that the evidence, data, information and ascertainment so filed with the superior court as provided in section thirty-one of this Act must be considered by said court in its determination of both or either of said actions, and the court may affirm, modify or reject such ascertainment.

SEC. 33. All existing lawful appropriations of water or the use thereof, shall be and hereby are respected and upheld to the extent of the amount of water appropriated and actually put or in process of being put, from the initial date of the act of appropriation, with due diligence in proportion to the magnitude of the work necessary properly to utilize the water for the useful or beneficial purpose for which it was appropriated, to a useful or beneficial purpose.

SEC. 34. Whenever proceedings shall be instituted for the ascertainment by the state water commission of rights to water or the use of water, it shall be the duty of all claimants interested therein and having notice thereof as in this Act provided to appear and submit proof of their respective claims at the time and in the manner required by law; and any such claimant who shall fail to appear in such proceedings and submit proof of his claim shall be barred and estopped from subsequently asserting any rights theretofore acquired upon the stream, stream system, lake or other body of water, or portion of such stream, stream system, lake or other body of water, embraced in such proceedings, and shall be held to have forfeited all rights to said water or the use of water theretofore claimed by him on such stream, stream system, lake or other body of water, unless entitled to relief under the laws of this state: *provided*, that such proceedings shall result in an ascertainment by the state water commission and a decree by the superior court based upon such ascertainment or a modification of said ascertainment.

SEC. 35. In any suit wherein the state is or the people of the state are a party for the determination of a right to the use of the water of any stream, stream system, lake or other body of water, or of any portion of any stream, stream system, lake or other body of water, all who claim the right to use such water shall be made parties. When any such suit has been filed the court may call upon the state water commission to make or furnish a complete hydrographic survey of such stream, stream system, lake or other body of water, in order to obtain all the data necessary to the determination of the rights involved. The disbursements made in litigating the rights involved in such suit shall be taxed by the court as in other equity suits.

SEC. 36. Upon the adjudication of the rights to the use of the water of a stream, or stream system, lake or other body of water, or any portion of a stream, stream system, lake or other body of water, a certified copy of the decree shall be prepared by the clerk of the court, without charge, and filed in the office of the state water commission, and said commission shall deliver to every party in such decree a certified copy thereof upon demand and the payment of the fees provided in this Act. And the said commission shall file, for record, in the office of the recorder of each county in which any portion of said stream, stream system, lake or other body of water is situated, a certified copy of said decree. Said decree shall in every case declare as to the water right adjudged to each party, whether riparian or by appropriation, the extent, the priority, amount, purpose of use, point of diversion, and place of use of said water; and, as to water used for irrigation, such decree shall also declare the specific tracts of land to which it shall be appurtenant together with such other conditions as may be necessary to define the right and its priority. But the failure of any party entitled thereto to demand or receive a copy of said decree shall not be considered to have prejudiced him or his rights in any way.

SEC. 37. All water the right to which or to the use of which has been acquired by appropriation in this state for irrigation purposes shall be appurtenant to the land upon which it is used: *provided*, that said water may be severed from said land, and simultaneously transferred and become appurtenant to other land, without losing priority of right theretofore established; *provided*, that, in the opinion of the state water commission, such change can be made without detriment to existing rights. No such transfer shall be valid unless made by deed by the owner or owners of, and all persons having interest in the water and the land from which it is severed, duly executed, acknowledged and recorded in the manner which would be necessary for the conveyance of the land, and describing definitely the land from which the water is severed and expressly declaring that such water is relinquished and severed from the described land: *provided*, that nothing herein shall affect the right of any water company to regulate and restrain, or forbid the transfer by its stockholders of water delivered by such company.

SEC. 38. The power to supervise the distribution of water in accordance with the priorities established under this Act, when such supervision does not contravene the

authority vested in the judiciary of the state, is hereby vested in the state water commission.

SEC. 39. The use of water except under the provisions of this Act, or the use of water except under a lawful appropriation made prior to the passage of this Act, except by individuals for their own domestic purposes, shall be a misdemeanor. And the diversion, possession or use of water except under a lawful appropriation or by the said individuals shall be prima facie evidence of the guilt of the person diverting, possessing or using it. Any one who stores or diverts water except under permit or license issued therefor under the provisions of this Act by the state water commission to appropriate such waters, except under existing and vested rights acquired prior to the passage of this Act, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five nor more than five hundred dollars, or by imprisonment in the county jail for not less than thirty nor more than one hundred and eighty days, or by both such fine and imprisonment. The provision herein for imprisonment in cases of corporations shall apply to directors, officers, and agents of corporations guilty of said misdemeanor; *provided*, that the provisions of this section shall not apply to individuals appropriating water for their own domestic use. And any unlawful use, storage, diversion or appropriation of water shall not confer any rights to such water upon any person, firm, association or corporation so storing, diverting or using it.

SEC. 40. Water or the use of water which has heretofore been appropriated or acquired, or which shall hereafter be appropriated or acquired for one specific purpose shall not be deemed to be appropriated or acquired for any other or different purpose, and any person, firm, association or corporation applying to the state water commission for a license to appropriate water or the use of water shall state in the application for said license the specific purpose to which it is proposed to put such water or the use thereof. But no permit or license shall be granted or issued for the appropriation of water for more than one beneficial purpose except in the case of a city, city and county, municipal water district, irrigation district or lighting district; *provided, however*, that water heretofore or hereafter appropriated for other than domestic use, may be applied to domestic use, in whole or in part, without a separate and distinct appropriation being made therefor. And water appropriated for one purpose under the provisions of this Act may be subsequently appropriated for other purposes under the provisions of this Act; *provided*, that such subsequent appropriation shall not injure any previous appropriation.

SEC. 41. Nothing in this Act shall be construed as depriving any city, city and county, municipal water district, irrigation district or lighting district of the benefit of any law heretofore or hereafter passed for their benefit in regard to the appropriation or acquisition of water or the use of water.

SEC. 42. The word "water" in this Act shall be construed as embracing the term "or use of water"; and the term "or use of water" in this Act shall be construed as embracing the word "water." Whenever the terms stream, stream system, lake or other body of water occurs in this Act, such term shall be interpreted to refer only to surface water. But nothing in this Act shall be construed as giving or confirming any right, or title, or interest to or in the corpus of any water.

SEC. 43. All Acts or parts of Acts in conflict herewith are hereby repealed.

SEC. 44. This Act shall be known as the "Water Commission Act."

SEC. 45. If any section, subsection, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The legislature hereby declares that it would have passed this Act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

PETITION.

The following petition was received, and ordered printed in the Journal:

By Mr. Alexander:

There are now pending before the Legislature the following proposed measures, relating to billboards: Assembly Bill No. 93, and its companion Senate Bill No. 258; Senate Bill No. 1710 and Assembly Constitutional Amendment No. 78.

These measures are undoubtedly for the purpose of confiscating the billboard business in this State, which has been recognized by all the courts in the land to be lawful and legitimate.

The measure, secondly, above referred to, is a most radical change in the law of eminent domain in this State, and its object is to abolish this business.

You will readily see that these bills are contrary to the form and spirit of our government, and would work untold hardship to a great number of people, destroying legitimate industries and depriving thousands of their means of livelihood.

If there is to be any regulation of billboards, each city and county now has the power of regulating the same. All cities and counties have different conditions confronting them, and we appeal to you to give outdoor advertising, and its allied industries, a fair and square deal. We maintain that any one from a far removed section is not the proper person to pass on strictly local conditions.

Those desiring to injure this business are seeking to place the same outside of the protection of the Constitution of the United States, which protects every citizen from being deprived of his property without due process of law. Legislation of this character is most unfair and unjust.

We, the undersigned, residents of Salinas, ask you to kindly investigate this matter, giving same your serious consideration, and we feel sure that from a spirit of fairness you will vote "no" on these bills.

Respectfully yours,

FORD & SANBORN CO. (and others).

EXPLANATION OF VOTE.

The following explanation of vote was sent to the desk and ordered printed in the Journal:

MR. SPEAKER: The reasons why I have cast my vote against Bill No. 45 is that there has been no demand and desire from the people of San Francisco, and that the city and county of San Francisco is now in debt and bonded for almost its bonded limit, and that there are a great many more improvements being sought by the people of San Francisco which will be a great many years yet before the city and county of San Francisco will be placed in a position to bond itself for municipal control of the water front, and whenever the people of San Francisco desire and demand municipal control of the waterfront of San Francisco, and if I am placed in the position to help in securing municipal control of the water front, I will cheerfully and gladly use my utmost efforts and influence in having the desires and demands of the people of San Francisco accomplished.

PETITIONS.

The following petitions were received, and ordered printed in the Journal.

By Mr. Killingsworth:

We, the undersigned merchants and taxpayers of the city of Vallejo, do hereby request our representatives in the Legislature, Hon. B. F. Rush and Hon. W. S. Killingsworth, to do their utmost to defeat what is known as the Wyllie bill, which is designed to prevent the sale of liquor within a four-mile radius of any army or naval station.

This law is most pernicious in its effect, and we earnestly protest against its adoption.

DR. HENRY L. HARRIS, D.D.S. (and others).

By Mr. Johnston:

SAN FRANCISCO, CAL., April 1, 1913.

WHEREAS, There is an Act pending before the California Legislature, known as "Senate Bill No. 134" and "Assembly Bill No. 75," requiring cement factories and also their packing houses to be made dustless, and also requiring that Portland cement manufactured in this State shall be packed in dust-proof containers.

Now, therefore, the undersigned contractors of San Francisco, request the Senators and Assemblymen from all the districts throughout California to vote against this measure for the following reasons:

First—It is a physical impossibility to make a cement plant dust-proof, any more than a flour mill, a rice mill, or any other kind of a mill grinding materials to a fine powder. A cement mill is absolutely no more dusty than a crushing plant, and in a good many instances not as dusty.

Second—The only kind of a dust-proof package that could be manufactured would be a metal one, which would so increase the cost of production that it would be sure to curtail the use of cement, and increase the cost of buildings and the cost of paving, sidewalk, sewer work, etc.

Third—California ships about one quarter of its cement output into Oregon, Washington, Nevada and Arizona, and such a package would again so raise the cost that it would be impossible to compete with local manufacturers in these territories, and California needs the business and the money. Furthermore, it would probably so raise the cost as to permit the importation into California of foreign cement from Europe, China and Japan.

Fourth—Hospital records taken from general hospitals, and also from hospitals near cement factories, both in this country and in Europe, show that the dust of cement factories is not injurious to human beings. These records show that men who are employed all the time in the factories manufacturing Portland cement are entirely free from nose, throat and lung diseases.

Fifth—Exactly the same bill was introduced in the Oregon and Washington legislatures, and defeated; therefore, California manufacturers should not be put under this handicap.

(Signed) JOHN SPARGO (and others).

By Mr. Gelder:

To the Honorable Committee on Fish and Game:

We, the undersigned, would like the following laws enacted for the preservation of fish, as well as the protection of fishermen: A five (5) inch mesh for striped bass in the bay of San Francisco as far up as the Vallejo light, and above that a five and one-half (5½) inch mesh.

The reason for this law is that the bass in the bay are slim, they have no big

bellies full of eggs as they have when they get up to the mouth of the San Joaquin River. The river fishermen ask for a five and one half (5½) inch mesh because they do not want us to catch them till they get up the river, when they have big bellies from the eggs and milt and they can catch fish of the same length and shorter that goes through our net in the bay on account of not having eggs; besides the river fishermen use a five and one half (5½) inch and six (6) inch mesh for catching shad, which fish are not caught in the bay; there are hardly any fish but striped bass left in the bay, as the bass have destroyed the silver perch (formerly very numerous), smelt and other small fish. Bass between 3 and 4½ pounds are the most salable, while 5-pound fish or over are too large for a family and too small to cut up; there is too great a waste in cutting up striped bass.

For these reasons we want the five (5) inch mesh in the bay, so that we can make a living and support our families.

MARTIN M. SAMSON (and others).

SENATE JOINT RESOLUTION No. 24.

Relating to the preservation of the natural conditions of Lake Tahoe, and of establishing by judicial decree the conflicting claims to the use of the flood waters thereof.

WHEREAS, Lake Tahoe, on account of its great natural beauty, is regarded as a

valuable asset of the State of California by the citizens thereof, and many of such citizens have acquired vested interests on the shores of such lake; and

WHEREAS, The State claims title to the major portion of the flood waters of such lake, which waters it hopes and expects, in the near future, to utilize for the purpose of generating power and of irrigating lands within its borders, and for the domestic uses of its citizens; and

WHEREAS, It has become the declared intention of the reclamation service of the United States to convert the lake into a reservoir for an irrigation system in the State of Nevada, and, to that end, to artificially lower the natural rim of the lake and to widen the outlet channel of the same, thereby making it possible to draw from such lake more water than can be supplied by its average natural rise of two and one half (2½) feet per annum; and

Assembly Joint Resolution No. 18 ordered transmitted to the Senate.

ASSEMBLY JOINT RESOLUTION No. 18.

Relative to the protection of the California beet sugar industry in the enactment by Congress of laws affecting tariffs on imports into the United States.

WHEREAS, In the process of tariff revision by Congress, the indicated tendency is toward an abolition of all duties on imported sugar; and

WHEREAS, Such a policy would be calamitous to the cane and beet sugar industry of the nation at large, and especially to the beet sugar business of the State of California, which produces 165,000 tons per annum, or one quarter of the beet sugar output of the United States; and

WHEREAS, The annual consumption of sugar in our country is now 3,500,000 tons per annum supplied, viz.:

From domestic cane grown in Porto Rico, Louisiana	
and Sandwich Islands-----	1,100,000 tons
From beet sugar manufactured in sixteen states-----	650,000 tons
	<hr/>
	1,750,000 tons

the balance being purchased from foreign countries and refined by a few corporations on the Atlantic seaboard who are clamoring for "free sugar" in order that they may check the further invasion of their markets by the constantly growing beet sugar industry; and

WHEREAS, Our nation's beet sugar output has increased from 40,000 tons in 1897 to 650,000 tons in 1912—a rate of increase greater than can be shown in any country in Europe during an equal period of time; while our cane-producing districts have apparently reached the limit of their productivity; and

WHEREAS, This country should, and can, become self-supplying in the matter of

sugar through the development of the beet sugar industry, now involving the use of only 450,000 acres of land against 274,000,000 acres adapted to the cultivation of the sugar beet; and

WHEREAS, The development of the industry is checked by the menace of a free sugar bill, which will subject this product to competition with cane and beet sugar produced under the low wage conditions in the tropics and Europe, and at prices delivered at our seaboard lower than, under our conditions, is paid to the farmers of our state for the sugar in the beet, before it is manufactured; now, therefore,

Resolved, That the Legislature of the State of California (a majority of all members elected to the Senate and Assembly voting for the adoption of this resolution, and concurring therein), requests the Senate and House of Representatives of Congress at Washington, and the President of the United States, that due regard be had, in the consideration of tariff revision, for the claims of the beet sugar industry, which is so full of promise to our nation; and that the principle governing the revision of the tariff in this regard be that the tariff should equalize the difference between the cost of production of sugar at home and abroad.

Resolved, That a copy of these resolutions be forwarded to each of the members of Congress from the State of California, to be presented to the President and Congress.

PETITION.

The following petition was presented, and ordered printed in the Journal:

By Mr. Stuckenbruck:

WHEREAS, The alien ownership of land in California is a menace to our civilization, a detriment to the fullest development of our boundless resources, and a blemish on the fair name of our beloved State; and,

WHEREAS, The alien ownership of land is contrary to established rules of nearly all civilized nations of the world; and

WHEREAS, There are now pending, before the Legislature of California, certain bills which will, if enacted into laws, prevent the ownership of land by aliens;

Resolved, That we, the people of northern San Joaquin County, do urge the immediate enactment of such laws as will prevent the ownership of land in the State of California by any alien.

Done in mass meeting in the city of Lodi this fifth day of April, 1913.

J. M. McMAHON,
Chairman of the meeting.

J. E. HOPKINS, Secretary.

Chandler, chairman of the Ways and Means Committee of the Assembly, was instructed to visit the state institutions during the constitutional recess, and this committee herewith submits the report of said sub-committee which your committee has adopted and herewith presents, to wit:

"Lack of time prevented our visiting all the state buildings. We have, however, visited the five asylums located at Patten, Agnews, Stockton, Napa and Ukiah, the reform school at Whittier, the prisons at Folsom and San Quentin, the Sonoma State Home, the Home for the Adult Blind, the California Institution for the Deaf and the Blind, the Home for the Feeble-Minded, the Veterans' Home, Scripps' Biological Institute at San Diego, the normal schools at Los Angeles, San Diego, Santa Barbara, San Jose and San Francisco, the Polytechnic School at San Luis Obispo, the University at Berkeley, the University Farm at Davis and the agricultural buildings at the State Fair grounds.

"We find all of these institutions under excellent supervision and the persons in charge are doing good work. Many of these institutions are outgrown and are badly overcrowded, particularly the asylums, the Sonoma State Home and the Veterans' Home. Additional room should be provided as soon as possible.

"We believe that a board of not to exceed three members should be created, to have full supervision over all the asylums, prisons and reform schools, instead of a local board for each one as at present.

"We also suggest that each institution should have a definite plan of building to be followed in the future and that, as far as practicable, all buildings should be of a permanent character.

"The buildings at the Whittier reform school are in very bad condition. The manual training department amounts to practically nothing, and we believe that the Legislature has been negligent in not providing better training facilities for these boys and girls. If we expect to reform these young people we must give them something to do.

"Owing to the unfavorable location of this institution, we suggest that a new site be secured and, as soon as convenient, this school be transferred to the new site and the property where the institution is now located be disposed of.

"There should be another hospital constructed in Southern California to relieve the overcrowded condition at Patten.

"The Veterans' Home and the Sonoma State Home are both badly overcrowded and the wooden structures at the former should be replaced with permanent fireproof buildings.

"We believe that if the State intends to maintain an agricultural department of the State University it should be maintained on a scale that will be a credit to the State and such as will place this State at least on a parity with other states of the Union in this line of work.

"If this policy is followed it will require a large annual appropriation, and we hope future legislatures will be able to make such appropriations.

"We believe all of these improvements and betterments can be made without bonding the State for the purpose of raising the money.

"If our present tax system is not adequate to meet the requirements of the State, we believe it better to levy an *ad valorem* tax sufficient to put all of our state institutions on a permanent, adequate base, and in so doing to anticipate the future growth of the State.

"We recommend that a bond issue for the purpose of making needed additions and improvements to the State Capitol be submitted to a vote of the people, and we further recommend that the question of the erection of a state building in the civic center of San Francisco also be submitted to a vote of the people."

Respectfully submitted.

CHANDLER, Chairman.

In each reclamation district in this State, formed under this code, or any statute, there shall be an election every two years, held at such time and place, in or near the district, and after such notice as the board of supervisors shall direct; *provided*, that the notice shall be not less than one month, and at such election each bona fide owner of lands in the district shall be entitled to vote in person or by proxy, and shall have right to cast one vote for each one dollar's worth of real estate owned by him or her in the district, the value thereof to be deter-

mined from the next preceding assessment roll of the county, and a majority of the votes cast at such election, shall elect. After an assessment has been levied by commissioners, each land owner shall have a right to cast one vote for each one dollar assessed upon his lands according to the next preceding assessment made by the commissioners. In all elections for trustees every owner of real estate shall have the right to cumulate his or her votes, and give one candidate as many votes as the number of trustees to be elected multiplied by the number of dollars' worth of real estate owned by him or her shall equal, or to distribute them on the same principle among as many candidates as he shall think fit. Each member of the board must, upon entering upon his duties, be sworn to a faithful performance thereof by some officer authorized to administer oaths. The board of election must canvass the votes cast and issue certificates of election to the persons elected, and must place the ballots, when canvassed, in an envelope and forward the same, sealed, to the clerk of the board of supervisors. Any legally qualified voter may challenge any vote, and the board of election shall determine, by the oath of the parties or otherwise, as they may think proper, whether or not the person challenged is entitled to vote, and in case of challenge, either one of the board of election is hereby authorized to administer oaths. The polls shall be open from ten a.m. until four p.m. In case of vacancy in the board of trustees, the board of supervisors shall, by appointment, fill such vacancy.

EXPLANATION OF VOTE.

The following explanation of vote was presented, and ordered printed in the Journal:

By Mr. Speaker:

In justice to the bill for the establishment of a new printing office, I desire to explain my adverse vote on the measure. I regard a new printing office as an absolute necessity, but object to the provision of the bill permitting it upon the present site. My objection to this is threefold: *First*, that the present site is too remote from the capitol building; *second*, that to place it on the present site, the old building must be removed, which could not be done without hampering the work of the printing office; *third*, and most important, that I believe that the Capitol Park should be encumbered with nothing else than the capitol building. I believe that the proper place for the printing office should be some portion of the \$3,000,000 buildings proposed to be put on the new extension to the grounds just voted by the people of Sacramento.

"SEC. 6. That a new section be added to said Act, to be numbered Section 22a, and to read as follows:

Section 22a. Whenever any assessment made and issued under the provisions of this Act, or whenever any bond of bonds issued to represent the amount of any such assessment in accordance with the provisions of 'An Act providing for the issuance of improvement bonds to represent certain special assessments for public improvements, and providing for the effect and enforcement of such bonds,' approved April 27, 1911, and all Acts supplementary thereto or amendatory thereof, have been set aside, by any court of competent jurisdiction, or such court has refused to enforce any assessment, or has decreed any such bond or bonds issued under the above mentioned statute, approved February 27, 1911, not to constitute valid and subsisting liens against the lots, pieces or parcels of land upon which the assessments represented by them have been levied, then the superintendent of streets shall cause a new assessment to be made for the same purpose for which the former assessment was made, whether any of the assessments have been paid or not, and new bonds shall in regular course thereafter issue in the event that bonds were issued under or provided for in the original assessment. It is hereby made the duty of any court of competent jurisdiction in rendering its judgment holding invalid any assessment or assessments hereafter made or issued, or of any bond or bonds hereafter made or issued to represent the amount or amounts of any such assessment, to make a finding as to whether or not the issuing of such assessment was entirely without the power of the said city to issue, and if not, then what omission, irregularity, illegality, informality or non-compliance with the requirements of the statutes of which this is amendatory has occurred in the proceedings upon which said assessment or assessments and bonds rest, and what effect shall be given to them in making the reassessment. In the event that the court shall find that the improvement, the expenses of which are represented by said assessment or bonds, was commenced in good faith and carried on pursuant to an ordinance or resolution of the city council

providing for such improvement to be paid for by a special assessment, it shall be the duty of the said court to order the making of a new assessment. The city council may, at the request of any interested party, or on its own motion, by resolution duly passed, set aside any assessment or assessments and bonds, as the case may be, and order a new assessment or assessments and bonds, to be made and issued without any decree having been obtained of or from any court regarding said matter, if in its opinion the assessment be invalid, and it may take all necessary steps and make and pass all necessary orders, resolutions or ordinances to reassess and relevy such assessment, and may reassess and relevy the same with the same force and effect as an original levy. Such reassessment, whether made after decree of court has been rendered, or pursuant to a resolution of the council, shall be based upon the special and peculiar benefit of the proposed improvement to the respective lots, pieces or parcels of land assessed. The total amount of the reassessment shall not exceed the total amount of the original assessment. Such reassessment so made shall become a charge upon the property upon which the same is levied, notwithstanding any omission, failure or neglect of any officer, body or person to comply with the provisions of this statute, and notwithstanding the fact that the proceedings of the city council, board of public works or any officer of the city or other person connected with such proceedings, may have been irregular, illegal, informal, or defective, or not in full conformity with the requirements of this statute. It is hereby declared to be the true intent and meaning of this section to make the cost and expense of all local improvements actually made or proposed to be made in the attempted exercise of the powers conferred upon municipalities under this statute, payable by the real estate benefited or to be benefited by such improvements by making a reassessment therefor which shall be equitably proportioned to each lot, each piece or parcel of land thereby benefited the amount of the actual benefits derived or to be derived from said improvement, notwithstanding that the proceedings of the city council or other officers or agents of the city, or other persons connected therewith may have been irregular, illegal or defective, or not in full conformity with the requirements of this statute. Such reassessment shall be made without a repetition of the proceedings had prior to the issuance of the assessment and shall be made and issued in the following manner: The superintendent of streets shall, upon the entering of a decree of court directing the reassessment, or upon the passage of a resolution of the city council directing a reassessment, proceed at once to make a reassessment in accordance with the said decree of court, or said resolution of the city council. Such reassessment shall be made upon the district described in the ordinance of intention, for said improvement, and in the event that there shall have been informalities, uncertainties or ambiguities in the description of the limits of said district, then upon the district which the court or council shall find to be that actually benefited by said improvement, but in so finding said court or council shall follow the lines described in the ordinance of intention so far as the same can be ascertained, and in all cases of uncertainty or ambiguity they shall give regard to the lines described and make such a determination as to the lines where there is any uncertainty or ambiguity in the ordinance of intention as may be just and equitable. In the event that a portion of the improvement has been found to be entirely without the power of said city to order, then said assessment shall be for the remainder of the improvement only, and the benefits arising from the improvement entirely without the jurisdiction of the city to order shall not be considered in making the reassessment. Upon the completion of the reassessment it shall be presented to the city council and a day of hearing shall be fixed by it which shall be at least twenty (20) days after the filing of the reassessment. The city clerk shall then advertise the fact of filing by publishing a notice in the official newspaper, or in such other paper as the council may direct, by five (5) insertions if the paper be a daily, or by two (2) insertions if it be a weekly or semi-weekly newspaper, stating the fact that the reassessment has been filed with him and that objections to said reassessment will be heard at the time specified by the city council. At the time fixed for said hearing, or at such time or times to which the same may be thereafter adjourned, the city council shall consider the objections to said reassessment and in its discretion revise, correct and modify such reassessment in such manner as is most equitable, and it shall thereupon pass a resolution approving and confirming such reassessment and such decision shall be a final determination of all matters relating to the actual benefits derived or to be derived from the improvement by the respective lots, pieces and parcels of land enumerated in the reassessment. Said reassessment shall thereupon be recorded by the street superintendent and it shall in all respects have the same effect and weight as the original assessment, and shall be enforced in the same manner. All payments made upon the original assessment shall be credited upon the reassessment and in the event that the reassessment in any instance is less than the amount of the original assessment, the excess shall be payable to the persons who paid the original assessments.

SEC. 7. Section 32 of said Act is hereby amended to read as follows:

Section 32. In all resolutions, notices, orders and determinations subsequent to the ordinance or resolution of intention a description of the assessment district by reference to the ordinance or resolution of intention shall be sufficient, and in all resolutions, notices, orders, and determinations subsequent to the "notice of public improvement" a description of the improvement by reference to the ordinance or

resolution of intention shall be sufficient. The provisions of this Act shall be liberally construed to effect the purposes thereof. This Act may be designated and referred to as "The Park and Playground Act of 1909."

COMMUNICATIONS.

The following communications were filed, and ordered printed in the Journal:

WASHINGTON, D. C., April 9, 1913.

L. B. Mallory, Sacramento, Cal.:

I have received the following letter from the Forester:

"The matter of the urgent need of the stockmen in California for help was brought to my attention some days ago through petitions received from stockmen at Livermore and Alameda. As soon as the petitions were received, the District Forester at San Francisco having charge of all national forests in California was immediately wired to take up the matter with the supervisors of the various forests in his district, and ascertain what could be done to take care of the stock, which were reported as suffering for want of feed. The District Forester immediately issued a circular letter, calling upon each of his supervisors for a detailed report as to the number of stock which he could take care of. I presume the District Forester, as soon as able to definitely estimate, will make arrangements for the issuance of temporary permits for as large a number of stock as possible. I will do everything in my power to assist California stockmen, although conditions in California, the early season, and the already heavily stocked ranges with forests would, of course, prevent the taking care of so large a number as Mallory's telegram indicates need assistance. The District Forester is in direct touch with conditions there, and I would suggest that the stockmen be advised to confer with him, which will save considerable time and give them an idea of what relief they can expect without unnecessary delay."

WILLIAM KENT.

WASHINGTON, D. C., April 10, 1913.

L. B. Mallory, Chief Clerk of the Assembly, Sacramento, Cal.:

"Pasturage in forests is being actively taken up by Forest Service here and in California, under the direction of Secretary Houston. Under ordinary conditions, there is room for about 20,000 cattle, or 20,000 sheep, over present permits. Carrying capacity will be crowded in this emergency. See local foresters."

C. F. CURRY.

PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Alexander:

Any legislation requiring high licenses and unjust conditions and qualifications on rural salesmen of domestic proprietary preparations, such as home remedies, stock preparations, spices, extracts and toilet articles, would not only increase the cost

of living and restrict our right to buy from whom we please, but such legislation is contrary to good public policy, is un-American and has a monopolistic tendency.

Therefore we, the undersigned, protest against the passage of any such legislation. For years we have been buying our supplies of such products of wagon salesmen who are dependable merchants; they call regularly and supply us with high-class goods at popular prices on liberal terms, treat us fair, and any legislation that would injure them would also injure us.

C. J. PHILLIPS (and others).

Tulare, Cal.

Also:

We, the undersigned citizens of California, hereby protest against Chapters 233, 422 and 277, Statutes of 1903-1909, imposing an annual license of \$200 upon rural wagon salesmen of domestic remedies and household necessities; and urgently petition you as our representatives to support and give your vote and influence to the passage of any bill or bills introduced to reduce this now unfair license to a reasonable size and to divert the proceeds therefrom from the State Board of Pharmacy to some such public-benefiting fund as the road and bridge or public school fund.

MRS. C. E. BRADSTREET (and others).

Waukeena, Cal.

SECOND READING OF ASSEMBLY BILLS.

Assembly Bill No. 1851—An Act to amend the Political Code of the State of California by adding a new section thereto, to be known and numbered as Section 3489a, relating to reclamation and swamp land districts.

During second reading of the bill, the following amendment was submitted by the committee:

On page 2, line 1, strike out all after the word "rights", and insert in lieu thereof the following: "or privileges of whatever kind or nature; nor shall it affect, impair or discharge any contract, obligation, lien or charge for or upon which said district was or may become liable or chargeable had such change of its boundaries not been made or had not said land been excluded from the district. The owner or owners in fee of one or more tracts of land which constitute a portion of a reclamation or swamp land district may jointly or severally file with the board of supervisors of the county in which the district, or the greater part thereof, is situated, a petition praying that such tract or tracts and any other tracts contiguous thereto may be excluded and taken from said district. The petition shall state the grounds and reasons upon which it is claimed that such lands should be excluded and shall describe the boundaries thereof and also the land of such petitioner or petitioners which are included within such boundaries. Such petition must be acknowledged in the same manner and form as is required in the case of the conveyance of land and the acknowledgment shall have the same force and effect as evidence as the acknowledgment of such a conveyance. The clerk of the board of supervisors shall cause a notice of the filing of such petition to be published for at least two (2) weeks in some newspaper of general circulation in the district and published in the county where the said district, or the greater part thereof, is situated and if any portion of such territory to be excluded lies within another county or counties, then said notice shall be so published in a newspaper published within each of said counties; or if no newspaper be published therein, then by posting such notice for the same time in at least three (3) public places in said district and in case of the posting of said notices, one of said notices must be so posted on the lands proposed to be excluded. In addition to the notice by publication or posting, as above provided, he shall cause to be mailed a notice

to each person owning property within said district, by United States mail, postage prepaid, to the post office address of such landowner. Said notice shall be mailed at least ten (10) days before the day set for said hearing. The notice shall state the filing of such petition, the names of the petitioners, a description of the lands mentioned in said petition and the prayer of said petition; and it shall notify all persons interested in or who may be affected by such change of the boundaries of the district to appear at the office of said board at a time named in such notice and show cause in writing, if any they have, why the change of the boundaries of said district as proposed in said petition should not be made. The time to be specified in the notice at which they shall be required to show cause shall be at a regular meeting of the board. The board of supervisors at the time and place mentioned in the notice or at the time or times to which the hearing of said petition may be adjourned, shall proceed to hear the petition and all evidence or proofs that may or shall be introduced by or on behalf of the petitioner or petitioners and all objections to said petition that may or shall be presented in writing by any person showing cause as aforesaid and all evidence and proofs that may be introduced in support of such objections. Such evidence shall be taken down in shorthand and a record made thereof and filed with the board. The failure of any person interested in said district other than the holders of bonds thereof outstanding at the time of the filing of such petition with said board, to show cause in writing why the tract or tracts of land mentioned in said petition should not be excluded from said district, shall be deemed and taken as an assent by him to the exclusion of such tract or tracts of land or any part thereof from said district; and the filing of such petition with said board as aforesaid shall be deemed and taken as an assent by each and all of such petitioners to the exclusion from said district of the lands mentioned in the petition or any part thereof. The expenses of giving said notice and of the aforesaid proceedings shall be paid by the person or persons filing such petition. If, upon the hearing of any such petition, no evidence or proofs in support thereof be introduced or if the evidence fails to sustain such petition or if the board deem it not for the best interests of the district that the lands or some portion thereof mentioned in the petition should be excluded from the district, the board shall order that said petition be denied as to such lands; but if the said board deem it for the best interests of the district that the lands mentioned in the petition or some portion thereof be excluded from the district and if no person interested in the district show cause in writing why the said lands or some portion thereof should not be excluded from the district, or if having shown cause, withdraws the same or upon the hearing fails to establish such objections as he may have made, then it shall be the duty of the board to and it shall forthwith make an order that the lands mentioned and described in the petition or some defined portion thereof be excluded from said district; *provided*, that if the holders of the legal title representing ten (10) per cent of the assessed valuation of all the land within said district, as appears from the last preceding assessment roll, file with the board of supervisors of said county written objections to the withdrawal of such land from said district, it shall be the duty of the said board of supervisors to forthwith deny said petition and refuse to exclude said lands from the boundaries of said district. If there be outstanding bonds of the district at the time of the filing of said petition, the holders of such outstanding bonds may give their assent in writing to the effect that they severally consent that the lands mentioned in the petition or such portion thereof as may be excluded from said district by order of said board may be excluded from the district and if said lands or any portion thereof be thereafter excluded from the district, the lands so excluded shall be released from the lien of such outstanding bonds. The assent must be acknowledged by the several holders of such bonds in the same manner and form as is required in case of a conveyance of land and the acknowledgment shall have the same force and effect as evidence as the acknowledgment of such conveyance. The assent shall be filed with the clerk of said board of supervisors and must be recorded in the minutes thereof and said minutes or a copy thereof certified by the clerk shall be admissible in evidence with the same effect as the assent and a certified copy thereof shall be recorded in the office of the county recorder of each of the counties wherein said lands are situated. In the event said board of supervisors shall exclude any lands from such district upon petition therefore, it shall be the duty of the board of supervisors to cause to be made an entry in the minutes of the board describing the boundaries of the district should the exclusion of said lands from said district change boundaries of said district, and for that purpose the board may cause a survey to be made of such portions of the district as the board may deem necessary; and a certified copy of the entry in the minutes of the board excluding any land certified by the clerk of the board shall be filed for record in the recorder's office in each county within which are situated any of the lands of the district, but said district, notwithstanding such exclusion, shall be and remain a reclamation and swamp land district as fully to every intent and purpose as it would be had no change been made in the boundaries of the district or had the lands excluded therefrom never constituted a portion of the district. Nothing herein provided shall in any manner operate to release any of the lands so excluded from the district from any obligation to pay or any lien

MEMORIAL.

In the matter of the removal from office of Hon. E. N. Rector as judge of the Superior Court of the State of California in and for the county of Merced.

To the Honorable, the Senate and the Assembly of the State of California:

Your petitioner and applicant, Mrs. H. P. Jorgensen, respectfully represents and shows to your honorable bodies the following reasons why Hon. E. N. Rector, a judge of the Superior Court of the State of California, in and for the county of Merced, should be removed by your joint resolution from the office of such judge, and in that behalf she shows as follows:

1. That your petitioner is a citizen of the United States and of the State of California, and now resides and at all the times hereinafter mentioned, has resided in the county of Merced, in said State.

Notwithstanding that said cause was submitted to him for decision on said 24th day of June, 1911, and remained undecided for more than one year and four months thereafter, the said Hon. E. N. Rector continued to draw and receive his monthly salary as said judge of said Superior Court from the first day of October, 1911, until and including the first day of October, 1912, all of said dates after said first day of October, 1911, being more than ninety days after the said submission of said cause for decision.

During the said year and four months under which said cause was under submission and undecided, the said Hon. E. N. Rector, in order to draw and receive his said monthly salary, made oath as follows:

Rector did make and subscribe an affidavit that no cause in his court remained pending and undecided that had been submitted to him for a period of ninety days. A certified copy of said affidavit is hereunto annexed, made a part hereof, and marked "Exhibit 1."

On the 1st day of December, 1911, before said L. R. Johnson, then the duly elected, qualified and acting county auditor in and for said county of Merced, an officer entitled to administer oaths, the said Hon. E. N. Rector did make and subscribe an affidavit that no cause in his court remained undecided for the period of ninety days. A certified copy of said affidavit is hereunto annexed, made a part hereof and marked "Exhibit 2."

On the 1st day of February, 1912, before said L. R. Johnson, then the duly elected, qualified and acting county auditor in and for said county of Merced, an officer entitled to administer oaths, the said Hon. E. N. Rector did make and subscribe an affidavit that no cause in his court remained undecided for the period of ninety days. A certified copy of said affidavit is hereunto annexed, made a part hereof and marked "Exhibit 3."

Johnson, then the duly elected, qualified and acting county auditor in and for said county of Merced, an officer entitled to administer oaths, the said Hon. E. N. Rector did make and subscribe an affidavit that no cause in his court remained undecided for the period of ninety days. A certified copy of said affidavit is hereunto annexed, made a part hereof and marked "Exhibit 4."

On the 1st day of April, 1912, before said L. R. Johnson, then the duly elected, qualified and acting county auditor in and for said county of Merced, an officer entitled to administer oaths, the said Hon. E. N. Rector did make and subscribe an affidavit that no cause in his court remained undecided for the period of ninety days. A certified copy of said affidavit is hereunto annexed, made a part hereof and marked "Exhibit 5."

On the 1st day of May, 1912, before said L. R. Johnson, then the duly elected, qualified and acting county auditor in and for the said county of Merced, an officer entitled to administer oaths, the said Hon. E. N. Rector did make and subscribe an affidavit that no cause in his court remained undecided for the period of ninety days. A certified copy of said affidavit is hereto annexed, made a part hereof and marked "Exhibit 6."

On the 1st day of June, 1912, before said L. R. Johnson, then the duly elected, qualified and acting county auditor in and for said county of Merced, an officer entitled to administer oaths, the said Hon. E. N. Rector did make and subscribe an affidavit that no cause in his court remained undecided for the period of ninety days. A certified copy of said affidavit is hereto annexed, made a part hereof and marked "Exhibit 7."

On the 29th day of June, 1912, before said L. R. Rector did make and subscribe an affidavit that no cause in his court remained undecided for the period of ninety days preceding June 1, 1912. A certified copy of said affidavit is hereunto annexed, made a part hereof and marked "Exhibit 8."

On the 2d day of August, 1912, before C. C. Brown, a deputy county clerk of the county of Los Angeles, State of California, then and there being an officer entitled to administer oaths, the said Hon. N. Rector did make and subscribe an affidavit that no cause in his court remained undecided for the period of ninety days preceding September 1, 1912.

The applicant respectfully represents and charges that each and every of said affidavits so made by said Hon. E. N. Rector was untrue at the time the same was made by him, and he well knew that each of them was false and untrue, and he then and there willfully, corruptly and falsely swore and made oath, and in each instance delivered into the hands of the said auditor of said county of Merced, each of the aforesaid affidavits for the purpose of enabling him (said judge of said Superior Court) to draw and receive his monthly salary for each month preceding the date of the making of said affidavit, and upon said affidavits he did draw his said monthly salary in accordance with said several affidavits, during the period of time during which said cause so remained under submission before him and undecided.

Annexed hereto is a certified copy of the date of submission of said cause, marked "Exhibit 11," and made a part hereof, and also a certified copy of the date of decision of said cause marked "Exhibit 12," and made a part hereof.

Your petitioner and applicant respectfully submits that said Hon. E. N. Rector has been guilty of misdemeanor in office and should be removed therefrom.

PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Bradford:

WHEREAS, The recent disastrous floods in the Middle West have emphasized the grave and immediate necessity for the completion of some plan which will effectually protect the lives and property within the Sacramento and San Joaquin valleys from possible flood conditions in the rivers of such valleys; and

WHEREAS, After twenty years' investigation, the engineering authorities of the United States have agreed that the only practicable plan which can, at this time, accomplish the purpose, serving at the same time the ends of navigation, flood control, reclamation and debris control, is the plan formulated by the California Debris Commission, formally adopted by the State of California, and now being carried to completion through co-operation of the Nation, the State and private interests; and

WHEREAS, Such plan will permanently reclaim from possible injury from flood a district in the Sacramento and San Joaquin valleys aggregating nearly 2,000,000 acres of the most valuable land in the world, only a portion of which is now under reclamation and that portion subject to possible disaster at any time; and

WHEREAS, The district referred to, once permanently and effectively reclaimed, would add, in time, at least \$200,000,000 to the property values in the State of California; and

WHEREAS, It appears that there are certain grave defects in the present legislation of the State of California and certain lack of power and authority which serve as a bar to the speedy completion of this plan; and

WHEREAS, It appears that Senate Bill No. 1218, known as the "Rush" or "Shinn" bill, has been framed to remedy the defects referred to, and has been for weeks past under consideration by reclamation interests and authorities from all portions of the State, and, in its present amended condition, meets general commendation; and

WHEREAS, The corporation counsel of the city of Sacramento advises that Senate Bill No. 1218 is the only feasible plan which has been presented to remedy the defects referred to and is the best measure of the kind and the most carefully guarded which has been suggested or framed; be it, therefore,

Resolved, That the Chamber of Commerce of Sacramento, incorporated, place itself on record as being heartily in favor of the passage of Senate Bill No. 1218, or its companion bill, Assembly Bill No. 1944, and urge every Senator and Assemblyman to give the same his hearty support; and be it further

Resolved, That the citizens of Sacramento and of the entire Sacramento and San Joaquin valleys be asked to give this measure immediate and earnest aid; and be it further

Resolved, That a copy of these resolutions be sent to every Senator and Assemblyman.

SACRAMENTO CHAMBER OF COMMERCE.

Also:

WHEREAS, There is now pending before the Legislature of the State of California a measure having for its purpose and object the enlargement and increase of the powers, duties and responsibilities of the State Reclamation Board, and the creation of a district of lands situate within the Sacramento and the San Joaquin valleys and susceptible to inundation from the flood waters of said rivers and their tributaries, to be placed under the jurisdiction and control of said reclamation board to the end that all works of reclamation hereafter inaugurated within said district may be made to conform to one general and comprehensive plan of reclamation, having for its object the safe reclamation of so much of the lands within said district as may be safely reclaimed, and the construction of such works as may be necessary to provide a safe means for the escape of the flood waters of said rivers and their tributaries by means of by-passes and artificial channels into the waters of Suisun Bay, in conformity with the plans and recommendations of the California Debris Commission transmitted to the Speaker of the House of Representatives by the Secretary of War on June 27, 1911, together with such modifications and amendments thereof as have been heretofore adopted or may hereafter be adopted by said reclamation board; and

WHEREAS, Owing to the reclamation of large bodies of land situate within the basins adjacent to said Sacramento River and its tributaries which have heretofore formed natural reservoirs for the storage and passage of the flood waters of said rivers and the consequent exclusion by means of such works of reclamation of such waters from such basins, thereby greatly increasing the volume of water which must necessarily be confined within the natural channels of said rivers, with a consequent increase in the height of the flood plane thereof to such an extent as to

endanger the levees protecting the lands situate near the banks of said rivers, including the territory comprised within the limits of the city of Sacramento; and

WHEREAS, It is deemed by the city commission of the city of Sacramento that it is of vital interest to the welfare of said city that legislation should be adopted vesting in said reclamation board the powers, duties and responsibilities hereinabove referred to; now, therefore, be it

Resolved, That such pending legislation be, and the same is, hereby approved by the city commission of the city of Sacramento; and be it further

Resolved, That the Senate and Assembly of the State of California be, and they are hereby, respectively respectfully requested to enact said measures as the same may be reported back from their respective committees upon drainage, swamp and overflowed lands, together with such amendments as may be recommended for adoption by said committees; and be it further

Resolved, That in the event of the passage of such measure by the Legislature of the State of California, his Excellency the Governor be respectfully requested to approve the same.

I hereby certify that the foregoing is a full, true and correct copy of a certain resolution adopted by the city commission of the city of Sacramento, county of Sacramento, State of California, at a regular meeting of said commission held on the 3d day of April, 1913, and that the original of said resolution is on file in my office.

M. J. DESMOND,

City Clerk of the city of Sacramento, county of Sacramento, State of California.

COMMUNICATION.

The following communication was filed, and ordered printed in the Journal:

WASHINGTON, D. C., April 10, 1913.

Hon. L. B. Mallory, Chief Clerk of the Assembly, Sacramento, Cal.:

After forwarding copy of resolution of California Legislature to Secretary of Agriculture on grazing on reserves because of want of feed elsewhere, the Secretary had investigation made by Chief Forester, and to-day conference was had with the Secretary of Agriculture, officers of Forest Service and California delegation. Secretary of Agriculture will immediately take matter up personally with chief of forest service in California; and assistant forester has left for California to take this matter up with local officers. Would suggest that joint committee be appointed to take up this matter personally with the officers in charge of forest service in California, who will have directions by the time you receive this from the Secretary of Agriculture, and thereby you will be able to present all facts, and undoubtedly you will obtain temporary relief. Secretary of Agriculture advised us that everything would be done to relieve the situation that was in the power of the department. Keep me advised, and if there is anything further in the matter to be had at this end of the line, advise me.

JOHN E. RAKER, M. C.

When such companies are operating partly within and partly without this state, the gross receipts within this state shall be deemed to be all receipts on business beginning and ending within this state, and a proportion, based upon the proportion of the mileage within this state to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this state. (b) Every insurance company or association doing business in this state shall annually pay to the state a tax of one and three fourths per cent upon the amount of the gross premiums received upon its business done in this state, less return

premiums and reinsurance in companies or associations authorized to do business in this state; *provided*, that there shall be deducted from said one and one half per cent upon the gross premium the amount of any county and municipal taxes paid by such companies on real estate owned by them in this state. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of such companies, except county and municipal taxes on real estate, and except as otherwise in this section provided; *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this state, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the legislature upon insurance companies of such other state or country doing business in this state.

(c) The shares of capital stock of all banks, organized under the laws of this state, or of the United States, or of any other state and located in this state, shall be assessed and taxed to the owners or holders thereof by the state board of equalization, in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate, other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the state for this tax and the same shall be paid to the state by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this state, or held by any bank located in this state which has no shares of capital stock, or employed in this state by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business, together with all the reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except county and municipal taxes on real estate and except as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said state board of equalization shall include and assess to such banks all property and everything of value owned or held by them which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock. The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies, but shall not include building and loan associations.

(d) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the state.

(e) Out of the revenues from the taxes provided for in this section, together with all other state revenues, there shall be first set apart the moneys to be applied by the state to the support of the public school system and the state university. All property enumerated in subdivisions *a*, *b*, and *d* of this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township or district, before the adoption of this section. The taxes so paid for principal and interest on such bonded indebtedness shall be deducted from the total amount paid in taxes for state purposes.

(f) All the provisions of this section shall be self-executing, and the legislature shall pass all laws necessary to carry this section into effect, and shall provide for a valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the state board of equalization and any other officers in connection with the administration thereof. The rates of taxation fixed in this section shall remain in force until changed by the legislature, two thirds of all the members elected to each of the two houses voting in favor thereof. The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section; and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the legislature. Until the year 1918 the state shall reimburse any and all counties which sustain loss of revenue by the withdrawal of railroad property from county taxation for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation. The legislature shall provide for reimbursement from the general funds of any county to districts therein where loss is occasioned in such districts by the withdrawal from local taxation of property taxed for state purposes only.

(g) No injunction shall ever issue in any suit, action or proceeding in any court against this state or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section; but after payment action may be maintained to recover any tax illegally collected in such manner and at such time as may now or hereafter be provided by law.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 32.

A resolution to propose to the people of the State of California an amendment to the constitution, amending Article VI thereof, by inserting therein a new section, to be known as Section 4a, providing for the holding of extra sessions of the district courts of appeal, and the selection, designation and appointment of members of any court of appeal or judges of any superior court, to act *pro tempore* as justices of said district courts of appeal, to hold such extra sessions thereof.

The legislature of the State of California, at this fortieth session, commencing on the sixth day of January, 1913, two thirds of all of the members elected to each of the houses of said legislature voting in favor thereof, hereby propose that Article VI of the Constitution of the State of California be amended by adding thereto a new section, to be known as Section 4a, which section shall read as follows:

Section 4a. The governor of the State of California may, and at the request of the chief justice of the supreme court of the State of California shall direct that an extra session or extra sessions of the district court of appeal of any district be held, and upon the request of the presiding justice of the district court of appeal of any district, shall direct that an extra session of such court be held. Each extra session of such court of appeal of any district shall be held by three judges who may be justices of the court of appeal of other districts of the State of California, or judges of any superior court within the state, one of whom shall be selected by the governor of the State of California, another by the chief justice of the supreme court of the State of California, and the other by the presiding judge of the court of appeals of the particular district in which the extra session is, or extra sessions are to be held. Said justices and judges so selected shall be justices *pro tempore* of said courts of appeal for the purpose of holding such extra session or sessions of said court. More than one extra session of the court of appeal of any particular district may be held at one time; *provided*, that each session shall be held by three justices *pro tempore* consisting of justices of the district courts of appeal of other districts, or judges of the superior court selected as hereinabove set forth. During any extra session of the district courts of appeal, the presiding justice of the district court of appeal of such district may sit during such extra session with the said justices *pro tempore* holding such extra session, or he may designate one of the said justices *pro tempore* so holding said session, to act during such extra session as presiding justice thereof; *provided, however*, that whenever the presiding justice of the district court of appeal of such district shall so sit during such extra session with said other justices *pro tempore* holding such extra session, the concurrence of the three justices *pro tempore* holding such session, or of two of said justices and such presiding justice of the district court of appeal of such district, shall be sufficient to pronounce a judgment of said district courts of appeal of said district in any of the appeals, actions, proceedings or matters heard by, or submitted to such extra session of said court or the justices thereof. The presiding justice of the court of appeal of the district in which any such extra session is being held or to be held shall have power to assign causes and appeals pending in said court to such extra session, for consideration and decision. Said extra session of said district court of appeal and the said justices *pro tempore* holding the same, shall have jurisdiction to determine all causes, appeals, proceedings and matters that shall be so assigned to them for consideration and decision during such extra session, with like

force and effect as though such causes, appeals, proceedings and matters have been heard by, submitted to and determined by the duly elected, qualified and acting justices of said district court of appeal of the district in which said such extra session is, or extra sessions are being held, or by such court. No justice *pro tempore* of the court of appeal of any district shall be qualified to participate upon the hearing of any cause in which, or in any proceeding in which he has acted as judge in any other court. No justice *pro tempore* of any court of appeal of any district shall receive any compensation for acting as such, other than that attached to the office which he holds at the time of his selection as such justice *pro tempore*, but shall be entitled to his actual expenses. Whenever any justice *pro tempore* of the supreme court is for any reason disqualified or unable to act in a cause pending before it, or any extra session thereof, the governor or justice by whom he has been selected shall forthwith select some other justice of the district court of appeal or judge of the superior court to act in his place. At any time after the causes and matters which shall have been assigned to such extra session of any district court of appeal or the justices *pro tempore* thereof, shall have been finally determined, the supreme court of the State of California, by an order entered upon its minutes, may terminate such extra session or extra sessions.

1. To furnish to the commission, at its request, any and all reports or information which the commission may require to carry out the purposes of this Act, such reports and information to be verified by the oath of the president, secretary or manager, if a corporation, or of the members of the firm, if such, or of the person, if an individual employer, if and when so requested by the commission or any member thereof.

All witnesses subpoenaed by the commission shall be paid the fees and mileage fixed by law in civil cases. In case of failure on the part of any person to comply with any order of the commission or any member thereof, or any subpoena, or upon the refusal of any witness to testify to any matter regarding which he may lawfully be interrogated before any wage board or the commission, it shall be the duty of the superior court or the judge thereof, on the application of a member of the commission, to compel obedience in the same manner, by contempt proceedings or otherwise, that such obedience would be compelled in a proceeding pending before said court.

SEC. 5. If, after investigation, the commission is of the opinion that, in any occupation, trade, or industry, the wages paid to women and minors are inadequate to supply the cost of proper living, or the hours or conditions of labor are prejudicial to the health, morals or welfare of the workers, the commission may call a conference, hereinafter called wage board, composed of an equal number of representatives of employers and employees in the occupation, trade, or industry in question, and a representative of the commission to be designated by it, who shall act as the chairman of the wage board. The members of such wage board shall be allowed five dollars per diem and necessary traveling expenses while engaged in such conferences. The commission shall make rules and regulations governing the number and selection of such representatives and the mode of procedure of such wage board, and shall exercise exclusive jurisdiction over all questions arising as to the validity of the procedure and of the recommendations of such wage board. The proceedings and deliberations of such wage board shall be made a matter of record for the use of the commission, and shall be admissible as evidence in any proceedings before the commission. On request of the commission, it shall be the duty of such wage board to report to the commission its findings, including therein:

1. An estimate of the minimum wage adequate to supply to women and minors engaged in the occupation, trade or industry in question, the necessary cost of proper living and to maintain the health and welfare of such women and minors.

2. The number of hours of work per day in the occupation, trade or industry in question, consistent with the health and welfare of such women and minors.

3. The standard conditions of labor in the occupation, trade or industry in question, demanded by the health and welfare of such women and minors.

1. A minimum wage to be paid to women and minors engaged in any occupation, trade or industry in this state.

2. The maximum hours of work consistent with the health and welfare of women and minors engaged in any occupation, trade or industry in this state; *provided*, that the hours so fixed shall not be more than the maximum now or hereafter fixed by law.

3. The standard conditions of labor demanded by the health and welfare of the women and minors engaged in any occupation, trade or industry in this state.

(b) Upon the fixing of a time and place for the holding of a hearing for the purpose of considering and acting upon any matters referred to in subsection (a) hereof, the commission shall give public notice by advertisement in at least one newspaper published in each of the cities of Los Angeles and Sacramento and in the

city and county of San Francisco, and by mailing a copy of said notice to the county recorder of each county in the state, of such hearing and purpose thereof, which notice shall state the time and place fixed for such hearing, which shall be not earlier than fourteen days from the date of publication and mailing of such notices.

(c) After such public hearing, the commission may, in its discretion, make a mandatory order to be effective in sixty days from the making of such order, specifying the minimum wage for women or minors in the occupation in question, the maximum hours (provided that the hours specified shall not be more than the maximum for women or minors in California), and the standard conditions of labor for said women or minors; *provided, however*, that no order shall become effective until after April 1, 1914. Such order shall be published in at least one newspaper in each of the cities of Los Angeles and Sacramento and in the city and county of San Francisco, and a copy thereof be mailed to the county recorder of each county in the state, and the labor commissioner shall send by mail, so far as practicable, to each employer in the occupation in question, a copy of the order, and each employer shall be required to post a copy of such order in the building in which women or minors affected by the order are employed. Failure to mail notice to employer shall not relieve employer from the duty to comply with such order. Finding by the commission that there has been such publication and mailing to county recorders shall be conclusive.

SEC. 7. Whenever wages, or hours, or conditions of labor have been so made mandatory in any occupation, trade, or industry upon its own motion or upon petition of either employers or employees, the commission may, at its discretion, and from time to time, after a public hearing held upon the notice prescribed for an original hearing, rescind, alter or amend any prior mandatory order. Any mandatory order rescinding a prior mandatory order shall have the same effect as herein provided for in an original mandatory order.

SEC. 8. For any occupation in which a minimum wage has been established, the commission may issue to a woman physically defective by age or otherwise, a special license authorizing the employment of such licensee for a period of six months, subject to renewals for like periods of six months each for a wage less than such legal minimum wage; and the commission shall fix a special minimum wage for such person.

SEC. 2a. It is hereby provided that no person shall be dealt with under this Act as a neglected person who properly can be dealt with under any other law of the State of California now or hereafter in force providing for the placing, care and custody of neglected persons.

SEC. 3. Within the meaning of this Act the word "dependent person" shall include any person:

SEC. 4. Within the meaning of this Act the words "delinquent person" shall include any person who violates any law of this state, or any ordinance of any town, city, county or city and county of this state, defining crime, and which involves moral turpitude.

SEC. 5. The superior court in every county of this State shall exercise the jurisdiction conferred by this Act, and, while sitting in the exercise of its said jurisdiction, shall be known and referred to as the "juvenile court," and is hereinafter so referred to. In counties having more than one judge of the superior court, the judges of such court shall annually designate one or more of their number whose duty it shall be to hear all cases coming under this Act; *provided*, that no judge shall be designated to serve in such capacity for less than one year; and that no judge shall be designated to serve in such capacity who has already or shall hereafter have served for five consecutive years, until an interval of one year has elapsed: *provided, however*, that nothing in this section contained shall be construed in conflict with that portion of Article VI, Section 6, of the Constitution of the State of California, applying to the city and county of San Francisco. The orders and findings, if any, of the superior court, in all cases coming under the provisions of this Act, shall be entered in a book to be kept for that purpose and known as the "juvenile court record," and the court when acting under this Act shall be called the "juvenile court." All cases coming under the provisions of this Act shall be heard at a special or separate session of the court, and no other matter shall be heard at such session, nor shall there be permitted to be present at such session any person on trial or awaiting trial, or under accusation of crime, who does not come under the provisions of this Act.

SEC. 6. Any person may file with the clerk of the superior court a petition showing that there is within the county, or residing therein a neglected, dependent or delinquent person, and praying that the superior court deal with such person as provided in this Act. Such petition shall be verified and shall contain a statement of facts constituting such neglect, dependency or delinquency, as defined in this Act, and the names and residence if known to the petitioner, of the parents or guardian of said neglected, dependent or delinquent person. There shall be no fee for filing such petition.

SEC. 7. Upon the filing of the petition provided for in section six hereof, a citation shall issue, requiring the person or persons having the custody or control of the alleged neglected, dependent or delinquent person, or with whom such alleged neglected, dependent or delinquent person may be, to appear with said alleged neglected, dependent or delinquent person at a time and place stated in the citation. Service of such citation must be made at least twenty-four hours before the time stated therein for such appearance. The parents or guardians of said alleged neglected, dependent or delinquent person, if residing within the county in which the court sits, and if their places of residence be known to the petitioner, or if there be neither parent nor guardian so residing, or if their places of residence be not known to the petitioner, then some relative of said alleged neglected, dependent or delinquent person, if any there be residing within said county, and if his residence and relationship to such alleged neglected, dependent or delinquent person be known to petitioner, shall be notified of the proceedings by service of citation requiring him or them to appear at the time and place stated in such citation. In any case the judge may appoint some suitable person to act in behalf of said alleged neglected, dependent or delinquent person, and may order such further notice of the proceedings to be given as he may deem proper. If any person, cited as herein provided, shall fail, without reasonable cause, to appear and abide by the order of the court, or to bring said alleged neglected, dependent or delinquent person, if so required in the citation, such failure shall constitute a contempt of said court and may be punished as provided for in other cases of contempt of court. In case such citation cannot be served or the party served fails to obey the same, and in any case in which it shall be made to appear to the court that such citation will probably be ineffective, a warrant of arrest shall issue on the order of the court, either against the parent or guardian, or the person having the custody of said alleged neglected, dependent or delinquent person, or with whom the said alleged neglected, dependent or delinquent person may be, or against the said alleged neglected, dependent or delinquent person himself, or any or all said persons; or if there be no person to be served with citation as above provided, a warrant of arrest may be issued against the said alleged neglected, dependent or delinquent person immediately. On the return of the citation or other process, or as soon thereafter as may be, the court shall proceed to hear and dispose of the case in a summary manner. Until the final disposition of any case, the said alleged neglected, dependent or delinquent person may be retained in the possession of the person having charge of said person, or may be kept, upon the order of the court, in some suitable place, provided by the county, or may be held otherwise as the court may direct.

SEC. 8. When any alleged neglected person under the age of twenty-one years shall be found by said court or judge to be a neglected person within the meaning of this Act, the court shall make such order or orders as may be necessary for the care of said neglected person; *provided, however*, that no such neglected person shall be placed in the care of any family home, association, society, corporation, school or institution, where there are dependent or delinquent persons. When any alleged dependent or delinquent person under the age of twenty-one years shall be found by said court or judge to be dependent or delinquent, within the meaning of this Act, the court may make an order committing said dependent or delinquent person, for such time as the court may deem fit but not beyond the time when such dependent or delinquent person shall reach the age of twenty-one years, to the home and care of some reputable person of good moral character, or to the care of some association, society or corporation willing to receive it, embracing in its objects the purpose of caring for or obtaining homes for dependent or delinquent children, or to the care of the probation officer, or other person, said dependent or delinquent person to remain in his or her home, or in any other home approved by the court; or the court may, if said dependent or delinquent person be a boy of at least sixteen years of age commit him to the Preston School of Industry, or if under sixteen years of age to the Whittier State School during his minority; or, if a girl, commit her to the Whittier State School or to any similar state institution for girls until twenty-one years of age; *provided, however*, that such commitment under this Act to either the Preston School of Industry or the Whittier State School shall permit the transfer of any boy from one institution to the other upon the agreement thereto by the superintendents of both of such institutions. Accompanying the commitment papers, the court must submit to the superintendent of such institution a record of all the facts in the possession of the court, covering the history of the person committed, including a statement of the mental and physical condition.

Should it develop, either at the time of their presentation, or after having become an inmate thereof, that any dependent or delinquent person, who has been committed to either of such institutions, is an improper person to be there retained, or so incorrigible or so incapable of reformation under the discipline of the school to which such person may be committed as to render his or her retention detrimental to the interests of the school, the superintendent may, with the approval of the board of trustees of such institution return such dependent or delinquent person to the committing court. And in the event of such return, the transportation of such dependent or delinquent person shall be made in the same manner, and the compensation therefor, if any, shall be paid for as is provided for in the execution of an order of commit-

ment to such institution. After making any of the above mentioned orders the court may, from time to time, change or modify the same, or set aside the same, or commit such dependent or delinquent person to such place or institution, and for such time as the court may deem fit, but not beyond the time when such person shall attain the age of twenty-one years.

SEC. 9. The judge of the Superior Court in and for each county, or city and county, of the State, and in counties where there is more than one judge of the said court, the judges of the Superior Court in said county shall, by order entered in the minutes of the court, appoint seven discreet citizens of good moral character, not more than four of whom shall be of the same sex, and at least two of whom shall have been mothers, to be known as the "probation committee," and shall fill all vacancies occurring in such committee. So far as possible, there shall not be appointed more than one member of such probation committee from the same vocation, business or profession. The clerk of said court shall immediately notify each person appointed on said committee and thereupon said persons shall appear before the judge of the Superior court to whom has been assigned all proceedings under this Act and qualify by taking an oath, which shall be entered in said juvenile court records, to perform faithfully the duties of a member of such probation committee.

SEC. 10. The members of such probation committee shall hold office for four years, and until their successors are appointed and qualify; *provided*, that of those first appointed, one shall hold office for one year, two for two years, two for three years, and two for four years, the terms for which the respective members shall hold office to be determined by lot as soon after their appointment as may be. When any vacancy occurs in any probation committee by expiration of the term of office of any member thereof, his successor shall be appointed to hold office for the term of four years; when any vacancy occurs for any other reason, the appointee shall hold office for the unexpired term of his predecessor.

SEC. 11. The juvenile court or the judge thereof may at any time, and upon request of the county board of supervisors, shall require said probation committee or probation officer to examine into the qualifications and management of any society, association or corporation, other than a state institution, receiving, or applying for, any neglected dependent or delinquent person under this Act, and to report thereon to the court. It shall be the duty of each probation committee to prepare each year one or more reports in writing on the qualifications and management of all societies, associations and corporations, except state institutions, applying for or receiving any neglected, dependent or delinquent person under this Act from the courts of their respective counties, and in such report said committee may make such suggestions or comments as to them may seem fit; such report to be filed as a public document with the clerk of the juvenile court appointing such committee. The probation committee shall also make to the court an annual report to be filed as a public document prior to the first day of December, copies of which shall be filed with the county board of supervisors and the state board of charities and corrections. It shall be the duty of the probation committee to exercise a friendly supervision and visitation over the neglected, dependent or delinquent person when so directed by the court, to furnish the court information and assistance whenever required, and, from time to time, to advise and recommend to the court any change or modification of the order made in the case of a neglected, dependent or delinquent person as may be for the best interests of such person. Upon request of the probation officer, any member of the probation committee shall investigate the case of any alleged neglected, dependent or delinquent person coming under the provisions of this Act, and render a report thereon to the probation officer. The probation committee shall also have the control and management of the internal affairs of any detention home or branch detention home heretofore or hereafter established by the county board of supervisors; and it shall be the duty of said board of supervisors to provide for the payment of such employees as may be needed in the efficient management of such detention home or branch detention home or homes.

SEC. 12. Members of the probation committee shall serve without compensation, but shall be allowed their reasonable traveling expenses as approved by the judge of the juvenile court; and the same shall be a charge upon the county in which the court appointing them has jurisdiction, and said expenses shall be paid out the county treasury upon a written order of the judge of the juvenile court of said county directing the county auditor to draw his warrant upon the county treasurer for the specified amount of such expenses. All orders by the juvenile court judge upon the county treasury shall be filed in duplicate with the county board of supervisors.

SEC. 13. There shall be appointed, as hereinafter provided, a probation officer in every county, and he may appoint as many deputies as he may desire; *provided*, however, that such deputies shall not have authority to act until their appointment shall have been approved by a majority vote of the probation committee, and by the judge of the juvenile court. The term of office of such deputies shall expire with the expiration of the term of office of the probation officer making such appointments; but either the probation officer, or the probation committee by a majority vote, or the judge of the juvenile court, may at any time in his or their discretion, revoke and terminate any such appointment. Such deputies, except as hereinafter provided,

shall serve without compensation. Every probation officer and every assistant probation officer receiving an official salary shall, at the time that he files his oath of office, file with the county clerk of the county his official bond approved by the judge of the juvenile court. The judge of the juvenile court shall have authority by an order entered in the minutes of said court to determine and fix the amount of bonds of the probation officer of the county and of his assistants. If said bonds, or any of them, are furnished by any surety company licensed to transact business in the State of California, the premium thereon shall be paid out of the county treasury.

SEC. 14. The offices of probation officer and assistant probation officer are hereby created. The probation officers and assistant probation officers to serve hereunder in any county shall be nominated by the probation committee in such manner as the judge of the juvenile court in the respective counties shall direct; and the appointment of such probation officers and assistant probation officers shall then be made by the judge of the respective juvenile courts. The term of office of the probation officers and assistant probation officers shall be two years from the date of their said appointments. All probation officers and assistant probation officers receiving a salary of seventy-five dollars or more per month shall devote their entire time and attention to the duties of their offices, and no such probation officer or assistant probation officer, while holding such office and receiving salary therefor, shall be a candidate or seek the nomination for any other public office or employment, and no person shall be appointed to and receive the salary attached to such office of either probation officer or assistant probation officer who is related to the judge of the juvenile court or to a member of the probation committee of such county, by consanguinity or affinity, within the third degree, computed according to the rules of law. Such probation officers and assistant probation officers may at any time be removed by the judge of the juvenile court for good cause shown; *provided*, that no such probation officer or assistant probation officer shall be removed unless he has been furnished with a specific statement in writing of the reasons for such removal, said statement to be signed by the judge of the juvenile court and by a majority of the probation committee.

Any of the duties of a probation officer may be performed by an assistant or deputy probation officer, and shall be so performed whenever directed by the probation officer; and it shall be the duty of the probation officer to see that his assistant and deputy probation officers perform their duties.

SEC. 18. Whenever a deposition or complaint shall be filed in any court other than a Superior Court, charging a person with a crime and it shall be suggested to the judge, justice or recorder before whom such person is brought that the person charged is under the age of eighteen years, said judge, justice or recorder shall immediately suspend all proceedings against such person on said charge and examine into the age of such person, and if, from such examination, it shall appear to the satisfaction of said judge, justice or recorder that such person is under the age above specified, he shall forthwith certify to the juvenile court of his county (a) that said person (naming him) is charged with such crime (briefly stating its nature); (b) that such person appears to be under the age of eighteen years, giving date of birth when known, and (c) the suspension of proceedings against such person on such charge by reason of his age, with the date of such suspension; and immediately thereupon all proceedings against the said person on said charge shall be suspended until said juvenile court shall issue its mandate, as hereinafter provided, directing the court before which said charge was pending to proceed with the examination into or trial thereof, and the court so suspending its proceedings shall forthwith cause such person to be taken before the juvenile court of the county for consideration and proceedings under this Act. When such person shall be brought before the judge of the juvenile court said judge shall cause a complaint to be filed as provided in Section 6 of this Act and shall fix a time for considering said matter and shall cause citation to be issued, as provided in Section 9 of this Act. Pending such hearing, said judge may admit such person to bail or otherwise provide for his temporary custody in any manner provided herein for the care of a delinquent person after the finding of his delinquency. The judge of said juvenile court may further investigate the age of such person and may also inquire into the condition and care of such person and make such orders for his disposition under the provisions of this Act as he may deem proper. If said judge shall, after such investigation, decide that such person was at the time said offense was alleged to have been committed of the age of eighteen years or more, such determination shall be conclusive and he shall immediately issue his mandate directing the court before which such charge is pending to proceed therewith, and upon receipt of such mandate said court shall proceed with the examination or trial of said charge as though no suspension thereof had taken place; *provided, however*, that if the court shall find that the person so charged is under the age of twenty-one years but a fit subject for consideration under the provisions of this Act, he may make such order or orders hereunder as he may deem best in relation to such person; *provided further, however*, that if such judge shall at any time conclude that such person is not a fit subject for further consideration under this Act, he may remand such person to the court in which said person is charged with said offense for further proceedings on said charge, and upon receipt of the mandate of said juvenile court, or the judge thereof, the court before which said charge is then pending shall be vested with full authority to proceed with the examination or trial thereof. All statutes of limitations relating to the charge so pending against such person shall be suspended as to said person and charge from

the issuance by said judge, justice or recorder of his certificate hereinbefore provided for until said juvenile court, or judge thereof, shall issue its mandate remanding such person for further proceedings as aforesaid; and all statutes of limitation relating to any charge, made in any court, against any person under the age of twenty-one years, shall be suspended as to such charge and person whenever, and as long as, such person is before the juvenile court for consideration under the provisions of this Act, or is detained by virtue of any commitment issued hereunder and unrevoked; *provided, however*, that if said delinquent person shall be discharged by the juvenile court as reformed, such order of discharge shall constitute a bar to any further proceedings in any court against said delinquent person upon said charge.

SEC. 19. Whenever it is claimed that any person under the age of twenty-one years is a neglected, dependent or delinquent person as defined in this Act, a verified petition shall be filed in the juvenile court of the county wherein said alleged neglect, dependency or delinquency occurred, stating such neglect, dependency or delinquency and the facts constituting the same, and that said neglected, dependent or delinquent person is under the age of twenty-one years, and praying that the said court shall adjudge said person to be a neglected, dependent or delinquent person within the meaning of this Act. Notice shall be given of the time and place of hearing as in the case of a person alleged to be a neglected, dependent or delinquent person, and the petition shall be heard at the time and place designated by the juvenile court. If the court shall adjudge said person to be a neglected, dependent or delinquent person, within the meaning of this Act, such order shall be made as is meet in the premises, as in this Act provided.

If upon said hearing said court shall determine that a delinquent person is not a fit and proper subject to be dealt with under the reformatory provisions of this Act, said court may dismiss the petition hereunder and direct that such delinquent person be prosecuted under the general law. No dependent or delinquent person under eighteen years of age shall be prosecuted for crime until the matter has first been submitted to the juvenile court by petition as herein provided, or by certificate of the lower court as provided in section sixteen hereof.

SEC. 20. Whenever any person over the age of eighteen years and under the age of twenty-one years is accused of a felony, and the indictment or information has been filed in the Superior Court of the county wherein the crime was committed, charging said person with the commission of said felony, the judge may, in his discretion, with the consent of the accused, or upon his request, arrest said proceeding at the time of arraignment or at any time previous to the impanelment of a jury, except where the crime charged is a capital offense, and may proceed to investigate the charge against the defendant, and all the facts and circumstances necessary to determine the proper disposition to be made of said person, and shall determine whether said person shall be dealt with as a delinquent under the provisions of this Act. If the court is satisfied upon such investigation that said person should be declared a delinquent and should be dealt with under this Act, it may make such order as herein provided for the disposition of delinquent persons. If such person thereafter prove not to be amenable to the discipline of the state school to which he may be committed, and the trustees thereof shall determine that said person should be committed to a state penitentiary, such person shall be returned to the custody of the sheriff of the county in which such crime was committed, and thereafter proceedings shall be had upon the indictment or information commencing at the point at which proceedings were arrested; and said person shall be tried for the offense alleged in the information, and if convicted shall be sent to the penitentiary for such time as the court may determine, or otherwise dealt with in accordance with the law for dealing with persons convicted of a felony. If no request is made by the defendant for proceedings under this statute, or if the defendant desires a trial by jury, or if the judge declines to consent to the application of the defendant for proceedings under this statute, said cause shall proceed in the ordinary manner up to the verdict of guilty or not guilty as the case may be. If said person is convicted, the court may thereafter receive such evidence as may be offered, touching the question as to whether or not said person should be dealt with as a delinquent in the manner hereinbefore provided in case of the application and consent of the accused before trial, and may make such order of probation or commitment to said state schools, and may from time to time modify said probation orders, as is herein provided in the case of persons adjudged delinquent. If such person during the period of his commitment to said state institution, proves to be incorrigible or not amenable to the discipline of such institution, and it shall be deemed advisable in the judgment of the trustees of such institution that said person be sent to the penitentiary, then said person shall be returned to the superior court in which the verdict was rendered, for sentence, and thereupon the court shall pronounce judgment.

SEC. 21. In the case of a person alleged to be delinquent within the meaning of this Act, the juvenile court may, pending the hearing, at any time before the person is adjudged delinquent or otherwise disposed of, order that said person be detained in any detention home, provided for that purpose by any county or it may be otherwise temporarily provided for as to the court may seem fit in any manner provided herein for the care of a person after the termination of his delinquency.

SEC. 22. If the court find a person to be dependent or delinquent, then the court

may commit such person to the care and custody of the probation officer and may allow the said person to remain in the home of said person, subject to the visitation of a probation officer, and such person shall report to the probation officer as often as may be required, and be subject to be returned to the court for further proceedings whenever such action may appear necessary or desirable, or the court may commit the person to the care and custody of the probation officer, to be placed in a suitable family home subject to the supervision of said probation officer and the further order of the court; or it may order the probation officer to board out the person in some suitable family home in case provision is made by voluntary contribution or otherwise for the payment of the board of said person until suitable provision may be made for said person in a home without such payment; or the court may commit said person for such time until such person arrives at the age of twenty-one years as to the court may seem fit, to the care and custody of some association, society or corporation that will receive it, embracing within its objects the care of dependent or delinquent children; or the court may commit said person to a state school as hereinbefore provided, or to such other state institution as may be authorized by law to receive it; *provided, further*, that should the legislative body of the county provide a suitable place for the detention of dependent or delinquent persons which they are hereby authorized and required to do, such dependent or delinquent persons may be committed thereto after the adjudication of dependency or delinquency for a definite period to be specified in such order, at the end of which time said person shall be brought before the court for further order of court. The court may thereafter set aside, change or modify said order and provide for a further detention in said place.

The court shall retain the jurisdiction of any person who is found to be dependent or delinquent until such person attains his majority, or if a girl, until she attains the age of twenty-one years, unless she is married with the consent of the court, or until said court is satisfied that said person has fully reformed and that further direction and supervision under the provisions of this Act are unnecessary for said person's reformation.

If a boy, under the age of sixteen years, said person may be committed by said court to the Whittier State School or if over the age of sixteen years, the Preston State School of Industry at any time during his minority for the period of his minority. If a girl, she may be committed to the said Whittier State School at any time before she is twenty-one years of age until she is twenty-one years of age. Such person may be committed to any other institution now or hereafter provided by the state for such persons.

Upon the return of said person to the custody of the juvenile court, if said person be accused of felony, it shall be the duty of the judge of said court to sit as a committing magistrate and hold the preliminary examination of such person, and if upon said hearing he shall determine that there is probable cause to believe that the said person has committed the offense charged in the petition theretofore filed in said court, he shall hold such person to answer to the superior court, and thereupon, the usual proceedings shall be had for the trial of said case in the Superior Court after the filing of the information in pursuance to said order of said judge sitting as a committing magistrate, and said person shall be tried by court and jury in the usual manner for the trial of a felony; *provided, however*, that no minor under the age of fourteen years at the time of the commission of the offense with which he is charged shall ever be sent to a penitentiary until he has first been committed to the Whittier State School or the Preston State School of Industry and has there proved to be incorrigible or not amenable to the discipline of said school.

No minor who is under the age of eight years and no one who is suffering from any contagious, infectious or other disease which would probably endanger the lives or health of the other inmates of said state schools shall be committed thereto. No person shall be committed to said state schools unless the judge of said court shall be fully satisfied that the mental and physical condition and qualifications of said person are such as to render it probable that such person will be benefited by the reformatory educational discipline of such schools.

SEC. 23. Any order providing for the custody of a neglected, dependent or delinquent person may provide that the expense of maintaining such person shall be paid by the parent or parents or guardian of such person, and in such case shall state the amount to be so paid, and shall determine whether or not the parent or parents or guardian shall exercise any control of said person, and define the extent thereof. Any disobedience of such order or interference with the custody of the person as therein determined shall constitute a contempt of court. It shall be the duty of the probation officer to investigate and report in writing at the first session of the juvenile court held after the first days of January, April, July and October of each year, whether said orders have been obeyed. If it be found, however, that the parent or parents or guardian of a neglected, dependent or delinquent person is unable to pay the whole expense of maintaining such person, the court may, in the order providing for the custody of such person, direct such additional amount as may be necessary to support such person to be paid from the county treasury of the county for the support of such person, the amount so ordered to be paid from the treasury of said county not to exceed, in case of any one person the sum of eleven dollars per month; *provided*, that no order for the payment of all or part of the expense of support and maintenance of a neglected, dependent or delinquent person from the

county treasury shall be effective for more than six months, unless a new order is secured at the expiration of that period. The court may thereafter set aside, change or modify any order herein provided for.

All orders by the juvenile court judge upon the county treasury shall be filed in duplicate with the county board of supervisors.

SEC. 24. Any order made by the court in case of a dependent or delinquent person may at any time be changed, modified or set aside as to the judge may seem meet and proper.

Nothing in this Act contained shall be deemed to interfere with the system of parole and discharge that is now or may hereafter be provided by law, or by rule of the board of trustees of the Whittier State School and the Preston State School of Industry, respectively, for the parole and discharge of dependent and delinquent persons committed to the said schools or to any similar state institutions hereafter created, or with the internal management of the said schools, save that the court committing a person to either of said schools may thereafter change, modify or set aside said order of commitment upon ten days' notice of the hearing of the application therefor being served by United States mail upon the superintendent of the said school to which said person had previously been committed.

SEC. 25. Any alleged neglected, dependent or delinquent person may have a private hearing upon the question of his neglect, dependency or delinquency, and upon the request of said person or said person and either of his parents or guardian, such hearing may be had privately in the manner provided by law for private hearings at preliminary examinations. An order of court adjudging a person neglected, dependent or delinquent under the provisions of this Act shall in no case be deemed to be a conviction of crime.

SEC. 26. No court, judge, magistrate or peace officer shall commit a person under sixteen years of age to any jail or prison, before trial and conviction, but if any such person is not released pending such hearing, he may be committed to the care and custody of a sheriff, constable or other peace officer who shall keep such person in a detention home or some other suitable place outside of the enclosure of any jail or prison, as the court may direct. When any person under sixteen years of age shall be sentenced to confinement in any institution to which adult convicts or prisoners are sentenced or confined, it shall be unlawful to confine such persons in the same room, yard or enclosure with such adult convicts or prisoners, or to permit such person to come or remain in contact with such adult convicts or prisoners.

SEC. 27. It shall be the duty of the legislative body of every county, or city and county, immediately upon this Act becoming effective, to provide and thereafter maintain, at the expense of such county, or city and county, in a location approved by the judge of the juvenile court, a suitable house or place to be known as the "detention home" of said county, or city and county, for the detention of dependent and delinquent persons. Such detention home must not be in, or connected with, any jail or prison, and shall be conducted in all respects as nearly like a home as possible and shall not be deemed to be or treated as a penal institution. Such legislative body must also provide for a suitable superintendent and matron to have charge of such detention home, and for such other employees as may be needed in the efficient management of such detention home, and provide for the payment, out of the general fund of the county, or city and county, of suitable salaries for such superintendent and matron, and such other employees, such superintendent, matron and other employees to be appointed by said legislative body, upon the nomination of the probation committee and approval of the judge of the juvenile court. The superintendent of the detention home shall keep a classified list of expenses, and file a duplicate copy with the county board of supervisors. The superintendent, matron or other employee of such detention home may, at any time, be removed by the probation committee, in its discretion.

SEC. 28. Any person who shall commit any act or omit the performance of any duty, which act or omission causes or tends to cause, encourage or contribute to the dependency or delinquency of any person under the age of twenty-one years, as defined by any law of this state, or any person who shall, by any act or omission, threats or commands or persuasion, endeavor to induce any such person, under twenty-one years of age, to do or perform any act or follow any course of conduct, or to so live as would cause or manifestly tend to cause any such person to become, or to remain a dependent or delinquent person, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding one thousand dollars, or imprisonment in the county jail for not more than one year, or by both such fine and imprisonment, and the superior court, sitting as juvenile court, shall have original jurisdiction of all such misdemeanors; but no person shall be tried on the charge of contributing to the dependency and delinquency of any person under the age of twenty-one years, before the same judge who has heard or before whom is pending the case of the person under the age of twenty-one years to whose dependency and delinquency such person is alleged to have contributed.

SEC. 29. This Act shall be liberally construed to the end that its purpose may be carried out, to wit: That the care, custody and discipline of a neglected, dependent or delinquent person as defined in this Act shall approximate as nearly as may be that which should be given by his parents, and in all cases where it can be properly done,

the neglected, dependent or delinquent person as defined in this Act shall be placed in an approved family, with people of the same or similar religious belief, and become a member of the family, by legal adoption or otherwise, or if placed in the care of, or committed to, an association, society, corporation, school or institution, then to one of the same or similar religious belief. No neglected, dependent or delinquent person as defined in this Act shall be taken from the custody of his parent or legal guardian, without the consent of such parent or guardian, unless the court shall find such parent or guardian to be incapable of providing, or to have failed or neglected to provide proper maintenance, training and education for said person; and in no case unless the parent or guardian has been duly notified to be present in court before or at the time of placement or commitment or recommitment, or unless said person if dependent or delinquent has been tried on probation in said custody, and has failed to reform. In this Act words used in any gender shall include all other genders, and the word "county" shall include "city and county," the plural shall include the singular and the singular shall include the plural.

SEC. 30. An appeal to the district court of appeal shall lie from any decision and judgment of the juvenile court. The party appealing shall serve on the opposite party and file a notice of such appeal within fifteen days from the day of rendition of the judgment from which the appeal is taken. It is hereby made the duty of the judge of the juvenile court when such an appeal is taken, to find the facts of the case based upon a preponderance of evidence in the form of a special finding and the appellate court shall pass upon the sufficiency of the evidence to sustain the judgment rendered. In case the party appealing, questions the sufficiency of the evidence to warrant the findings made by the court, such evidence shall be incorporated in a bill of exceptions prepared by the appellant within fifteen days after notice of appeal shall have been served on the opposite party and filed as aforesaid. The opposite party shall within ten days prepare and serve on appellant proposed amendments to such bill of exceptions, which amendment shall be settled by the judge within five days thereafter. Within ten days after the settlement of said bill of exceptions, the appellant shall engross the same and serve a copy on the opposite party and also on the attorney general, and file the original thereof together with proof of service as herein required endorsed thereon, with the clerk of the juvenile court who shall immediately transmit the same to the court to which the appeal is taken with his certificate that such bill of exceptions is correctly engrossed. An assignment of error that the decision of the juvenile court is contrary to law shall be sufficient to present both a sufficiency of the facts found to sustain the judgment and a sufficiency of the evidence to justify the findings. Appeals from the juvenile court shall have precedence in the court to which such appeal is taken over all other cases. The prosecution and appeal of such cases shall be governed as to costs and as to all other matters not herein provided for by the statutes governing appeals and criminal causes.

SEC. 31. This Act shall supersede all provisions of the Act entitled "An Act to establish a state reform school for juvenile offenders, and to make an appropriation therefor," approved March 11, 1889, and all amendments thereto, and all provisions of the Act entitled "An Act to establish a school of industry and to provide for the maintenance and management of same, and to make an appropriation therefor," approved March 11, 1889, and all amendments thereto relating to the mode of commitments to the institutions therein named; but said Acts shall control as to all matter concerning the management of said institutions, respectively.

SEC. 32. An Act entitled "An Act defining and providing for the control, protection and treatment of dependent and delinquent children; prescribing the powers and duties of courts with respect thereto; providing for the appointment of probation officers, and prescribing their duties and powers; providing for the separation of children from adults when confined in jails or other institutions; providing for the appointment of boards to investigate the qualifications of organizations receiving children under this Act and prescribing the duties of such boards; and providing when proceedings under this Act shall be admissible in evidence," approved February 26, 1903; and the amendments thereto, approved March 22, 1905, and March 27, 1907, are hereby repealed; *provided, however*, that all orders and judgments made heretofore under said Act shall continue in full force and effect, and that the court shall retain jurisdiction of all children heretofore declared dependent or delinquent, and such children shall be hereafter dealt with in the same manner as if such orders had been made under the provisions of this Act, and all proceedings now pending shall be continued under the provisions of this Act. All children now on probation from justice courts shall remain on probation for the period fixed in the judgment, and if required may be certified to the superior court in the manner in said Act provided. When so certified the said certificate shall be dealt with in the same manner as herein provided for a petition alleging delinquency.

Amendment, on motion of Mr. Ryan, ordered printed in the Journal, and bill passed on file.

DEPARTMENT OF AGRICULTURE, OFFICE OF THE SECRETARY,
WASHINGTON, April 8, 1913.

Mr. L. B. Mallory, Chief Clerk of the Assembly, Sacramento, California.

DEAR SIR: Your telegram of April 5th is received.

On March 28th I received a copy of a resolution passed by the Stockmen's Protective Association, at Livermore, California, on March 21st, which in its substance corresponds with the resolution adopted by the Assembly of the State of California. The District Forester at San Francisco, Cal., who has charge of all national forests within the State of California, was immediately requested by wire to give the matter his attention and to ascertain without delay the number of additional stock for which range could be provided within the national forests. Immediately upon receipt of the telegram the District Forester issued a circular letter requiring each supervisor to report at once the amount of range available for outside stock and the extent to which relief could be granted the stock growers. This information is now being received and compiled by the District Forester, and arrangements are being made for the issuance of temporary permits which will allow the grazing of the maximum number of stock which can be accommodated within the national forests without injustice to the regular occupants of the range and without very material injury to the forest lands.

This department will do everything within its power to afford the stock growers of California relief during the present emergency and will co-operate with them as

fully as possible. As the District Forester is the direct representative of the Foresters in all matters concerning the administration of the national forests in the State of California and has full authority to take such action as may be necessary, I suggest that the stockmen be advised to confer directly with him. A telegram is being sent the District Forester directing his attention to the resolution passed by the Assembly and repeating the instructions which have already been issued.

Very truly yours,

W. CODY, Acting Secretary.

Strike out all after the enacting clause, and insert in lieu thereof the following:

"SECTION 1. There is hereby established a commission to be known as the industrial welfare commission, hereinafter called the commission. Said commission shall be composed of five persons, four of whom shall be appointed by the governor as follows: one for the term ending January 1, 1914; one for the term ending January 1, 1915, one for the term ending January 1, 1916, and one for the term ending January 1, 1917; *provided, however,* that at the expiration of their respective terms, their successors shall be appointed to serve a full term of four years. Any vacancies shall be similarly filled for the unexpired portion of the term in which the vacancy shall occur. The commissioner of the bureau of labor statistics (hereinafter called labor commissioner) shall be ex officio the fifth member of said commission. One of said members shall be a woman, one thereof shall be a representative of labor, one thereof shall be a representative of employers of labor, and all thereof shall be citizens of this state. Three members of the commission shall constitute a quorum at all regular meetings and public hearings.

SEC. 2. The members of said commission shall draw no salaries but all of said members, except the labor commissioner, shall be allowed ten dollars per diem while engaged in the performance of their official duties. The commission may employ a secretary, and such expert, clerical and other assistants as may be necessary to carry out the purposes of this Act, and shall fix the compensation of such employees, and may, also, to carry out such purposes, incur reasonable and necessary office and other expenses, including the necessary traveling expenses of the members of the commission, of its secretary, of its experts, and of its clerks and other assistants and employees. All employees of the commission shall hold office at the pleasure of the commission.

SEC. 3. (a) It shall be the duty of the commission to ascertain the wages paid, the hours and conditions of labor and employment in the various occupations, trades, and industries in which women and minors are employed in the State of California, and to make investigations into the comfort, health, safety and welfare of such women and minors.

(b) It shall be the duty of every person, firm or corporation employing labor in this state:

1. To furnish to the commission, at its request, any and all reports or information which the commission may require to carry out the purposes of this Act, such reports and information to be verified by the oath of the president, secretary or manager, if a corporation, or of the members of the firm, if such, or of the person, if an individual employer, if and when so requested by the commission or any member thereof.

2. To allow any member of the commission, or its secretary, or any of its duly authorized experts or employees, free access to the place of business or employment of such person, firm, or corporation, for the purpose of making any investigation authorized by this Act, or to make inspection of, or excerpts from, all books, reports, contracts, pay rolls, documents, or papers, as such person, firm, or corporation, relating to the employment of labor and payment therefor by such person, firm, or corporation.

3. To keep a register of the names, ages, and residence addresses of all women and minors employed.

(c) For the purposes of this Act, a minor is defined to be a person of either sex under the age of eighteen years.

SEC. 4. The commission may specify times to hold public hearings, at which times, employers, employees, or other interested persons, may appear and give testimony as to the matter under consideration. The commission or any member thereof shall have power to subpoena witnesses, and to administer oaths. All witnesses subpoenaed by the commission shall be paid the fees and mileage fixed by law in civil cases. In case of failure on the part of any person to comply with any order of the commission or any member thereof, or any subpoena, or upon the refusal of any witness to testify to any matter regarding which he may lawfully be interrogated before any wage board or the commission, it shall be the duty of the superior court or the judge thereof, on the application of a member of the commission, to compel

obedience in the same manner, by contempt proceedings or otherwise, that such obedience would be compelled in a proceeding pending before said court.

SEC. 5. If, after investigation, the commission is of the opinion that, in any occupation, trade, or industry, the wages paid to women and minors are inadequate to supply the cost of proper living, or the hours or conditions of labor are prejudicial to the health, morals or welfare of the workers, the commission may call a conference, hereinafter called wage board, composed of an equal number of representatives of employers and employees in the occupation, trade, or industry, in question, and a representative of the commission to be designated by it, who shall act as the chairman of the wage board. The members of such wage board shall be allowed five dollars per diem and necessary traveling expenses while engaged in such conferences. The commission shall make rules and regulations governing the number and selection of such representatives and the mode of procedure of such wage board, and shall exercise exclusive jurisdiction over all questions arising as to the validity of the procedure and of the recommendations of such wage board. The proceedings and deliberations of such wage board shall be made a matter of record for the use of the commission, and shall be admissible as evidence in any proceedings before the commission. On request of the commission, it shall be the duty of such wage board to report to the commission its findings, including therein:

1. An estimate of the minimum wage adequate to supply to women and minors engaged in the occupation, trade or industry in question, the necessary cost of proper living and to maintain the health and welfare of such women and minors.

2. The number of hours of work per day in the occupation, trade or industry in question, consistent with the health and welfare of such women and minors.

3. The standard conditions of labor in the occupation, trade or industry in question, demanded by the health and welfare of such women and minors.

SEC. 6. (a) The commission shall have further power after a public hearing had upon its own motion or upon petition, to fix:

1. A minimum wage to be paid to women and minors engaged in any occupation, trade or industry in this state.

2. The maximum hours of work consistent with the health and welfare of women and minors engaged in any occupation, trade or industry in this state; *provided*, that the hours so fixed shall not be more than the maximum now or hereafter fixed by law.

3. The standard conditions of labor demanded by the health and welfare of the women and minors engaged in any occupation, trade or industry in this state.

(b) Upon the fixing of a time and place for the holding of a hearing for the purpose of considering and acting upon any matters referred to in subsection (a) hereof, the commission shall give public notice by advertisement in at least one newspaper published in each of the cities of Los Angeles and Sacramento and in the city and county of San Francisco, and by mailing a copy of said notice to the county recorder of each county in the state, of such hearing and purpose thereof, which notice shall state the time and place fixed for such hearing, which shall be not earlier than fourteen days from the date of publication and mailing of such notices.

(c) After such public hearing, the commission may, in its discretion, make a mandatory order to be effective in sixty days from the making of such order, specifying the minimum wage for women or minors in the occupation in question, the maximum hours (provided that the hours specified shall not be more than the maximum for women or minors in California), and the standard conditions of labor for said women or minors; *provided, however*, that no order shall become effective until after April 1, 1914. Such order shall be published in at least one newspaper in each of the cities of Los Angeles and Sacramento and in the city and county of San Francisco, and a copy thereof be mailed to the county recorder of each county in the state, and the labor commissioner shall send by mail, so far as practicable, to each employer in the occupation in question, a copy of the order, and each employer shall be required to post a copy of such order in the building in which women or minors affected by the order are employed. Failure to mail notice to employer shall not relieve employer from the duty to comply with such order. Finding by the commission that there has been such publication and mailing to county recorders shall be conclusive.

SEC. 7. Whenever wages, or hours, or conditions of labor have been so made mandatory in any occupation, trade, or industry upon its own motion or upon petition of either employers or employees, the commission may, at its discretion, and from time to time, after a public hearing held upon the notice prescribed for an original hearing, rescind, alter or amend any prior mandatory order. Any mandatory order rescinding a prior mandatory order shall have the same effect as herein provided for in an original mandatory order.

SEC. 8. For any occupation in which a minimum wage has been established, the commission may issue to a woman physically defective by age or otherwise, a special license authorizing the employment of such licensee, for a period of six months, subject to renewals for like periods of six months each, for a wage less than such legal minimum wage; and the commission shall fix a special minimum wage for such person.

SEC. 9. Upon the request of the commission, the labor commissioner shall cause such statistics and other data and information to be gathered, and investigations made, as the commission may require. The cost thereof shall be paid out of the appropriations made for the expenses of the commission.

SEC. 10. Any employer who discharges, or threatens to discharge, or in any other manner discriminates against any employee because such employee has testified or is about to testify, or because such employer believes that said employee may testify in any investigation or proceedings relative to the enforcement of this Act, shall be deemed guilty of a misdemeanor.

SEC. 11. The minimum wage for women and minors fixed by said commission as in this Act provided, shall be the minimum wage to be paid to such employee, and the payment to such employees of a less wage than the minimum so fixed shall be unlawful, and every employer or other person who, either individually or as an officer, agent, or employee of a corporation or other person, pays or causes to be paid to any such employee a wage less than such minimum, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars, or by imprisonment for not less than thirty days, or by both such fine and imprisonment.

SEC. 12. In every prosecution for the violation of any provision of this Act, the minimum wage established by the commission as herein provided shall be prima facie presumed to be reasonable and lawful, and to be the living wage required herein to be paid to women and minors.

SEC. 13. Any employee receiving less than the legal minimum wage applicable to such employee shall be entitled to recover in a civil action the unpaid balance of the full amount of such minimum wage, together with costs of suit, notwithstanding any agreement to work for such lesser wage.

SEC. 14. Any person may register with the commission a complaint that the wages paid to an employee for whom a living rate has been established, are less than that rate, and the commission shall investigate the matter and take all proceedings necessary to enforce the payment of a wage not less than the living wage.

SEC. 15. The commission shall biennially make a report to the governor and state legislature of its investigations and proceedings.

SEC. 16. There is hereby appropriated annually out of the moneys of the state treasury, not otherwise appropriated, the sum of twenty thousand dollars, to be used by the commission in carrying out the provisions of this Act, and the controller is hereby directed from time to time to draw his warrants on the general fund in favor of the commission for the amounts expended under its direction, and the treasurer is hereby authorized and directed to pay the same.

SEC. 17. The commission shall not act as a board of arbitration during a strike or lock-out.

Section 64. Whenever the canals or any of the diverting or distributing works of any irrigation district or districts now or hereafter organized may, without injury to such district or districts, be used by another district now or hereafter organized, and the board of directors of such districts are unable to agree upon the terms under which such joint use shall be made, the district desiring to be permitted to make such joint use, either in the condition in which such works are at that time or by enlarging or changing the same, may institute proceedings in the superior court of the county in which the office of any of the districts involved is situated, which proceedings shall be substantially as provided in title seven, part three, of the Code of Civil Procedure, and the judgment in such proceedings shall determine the terms and conditions upon which such use may be made. Fair compensation shall be made to the district or districts whose property is used by another district, and in no event shall such additional use be permitted to interfere with or impair any of the rights of the district or districts owning such property."

Amendment adopted.

Amendment adopted.

AMENDMENT No. 2.

On line 1, page 1, strike out all of the bill after the enacting clause and insert in lieu thereof the following:

Section 1. The holders of title or evidence of title to a majority in area of lands which are susceptible of irrigation from a common source and by the same system of works may propose the organization of a water district by signing and presenting to the board of supervisors of the county in which the lands or the greater part thereof are situated, at any of its regular meetings, a petition setting forth the following facts,—that they propose to form under the provisions of this act a water district to be known as the "(-----) water district;" the boundaries thereof; a description of the lands contained therein by legal subdivisions or other boundaries, specifying the county in which the same are located; the number of acres in the proposed district and in each parcel or tract of land contained therein with the names, if known, of the owners thereof, and, if not, designating them as "unknown;" the place where the principal business thereof is proposed to be transacted; and the source or sources (which may be in the alternative) from which said lands are proposed to be irrigated. The words "title or evidence of title" as used in this section include the possessory rights of entrymen or purchasers of public lands under any law of the United States or of this state whether evidenced by receipts or otherwise. The records of the United States land office for the district in which said lands are located; the records of the state land office; and the records in the office of the county recorder of the county in which said lands are situated shall be conclusive evidence of ownership for the purposes of this section.

Section 2. A copy of said petition and a notice signed by one or more of the petitioners stating the time and place at which the petition will be presented to and heard by the board of supervisors shall be published once a week for four weeks in some newspaper of general circulation published in the county where said proceedings are to be held. Proof of publication must be attached to the petition and filed with the clerk of the board on or before the day on which the petition is presented. During the hearing, or any continuations thereof until concluded, the board must keep a full and complete record of all the proceedings and shall preserve the evidence of all persons appearing and testifying therein. If, at the hearing, it shall appear that the petition has been prepared and presented in the manner required by law and that it contains the required and properly qualified signatures thereto, the board shall enter its order approving the same. Thereupon the board shall fix the boundaries of the district and to that end may exclude therefrom any lands improperly included therein by the petitioners; and after a hearing thereon pursuant to a notice thereof published for the time and in the manner required for the publication of the petition (proof whereof has been filed with the clerk of the board on or before the date of said hearing) shall include in said district any land which shall appear to have been improperly excluded therefrom by the petitioners; and the board shall appoint until such time as their successors are elected and shall have qualified as in this Act provided and from among those qualified to serve, a board of directors and an assessor. The various orders of the board approving the petition, fixing the boundaries of the district and appointing its officials shall be indorsed upon or attached to the petition, and be signed by the president and attested by the clerk of the board and it must then be by them filed for record with the county recorder of each county in which any of the lands contained in said district are located, and by him recorded in a book kept by him for the purpose of recording instruments and writings relating to said

district. When said documents have been so recorded, the district shall be and is hereby declared to be legally organized and shall have power to sue and be sued.

Section 3. Any district formed hereunder, in order to determine the legality of its existence, may institute a proceeding therefor in the superior court of the county in which it was organized by filing with the clerk of said county a complaint setting forth the name of the district, its exterior boundaries, the date of its organization and a prayer that it be adjudged a legal water district formed under the provisions of this Act. The summons in such proceeding shall be served by publishing a copy thereof once a week for four weeks in some newspaper of general circulation published in each county in which any of the lands contained in said district are located. Within thirty days after the last publication thereof shall have been completed and proof thereof filed with the complaint any person interested may appear and answer said complaint, in which case said answer shall set forth the facts relied upon to show the invalidity of the district. If no answer shall be filed within said time the court must render judgment as prayed for in the complaint. If an answer be filed the court shall proceed as in other civil cases. Said proceeding is hereby declared to be a proceeding *in rem* and the judgment rendered therein shall be conclusive against all persons whomsoever and against the State of California.

Section 4. The district must adopt for the government and control of its affairs a code of by-laws, not inconsistent with the constitution and laws of the state or the provisions of this Act. Sixty days after they shall have qualified for office the board of directors shall prepare by-laws for the written approval of the board of supervisors of the county in which the district was organized, and, when said by-laws are approved, shall adopt the same by resolution entered in the minutes of the meeting, unless, prior thereto, by-laws shall have been adopted and filed with the secretary of the district by the written assent of the holders of title or evidence of title, including such aforesaid possessory rights, to a majority in area of the lands embraced in said district. The records of the United States land office for the district in which said lands are located; the records of the state land office; and the records in the office of the county recorder of the county in which said lands are situated shall be conclusive evidence of ownership for the purposes of this section. The by-laws shall provide for the manner of calling, and the time, place and manner of conducting, all elections and the manner of giving notice thereof; the mode of voting in person or by proxy; the qualifications and duties of officers, the tenure of their office, the time and manner of their appointment or election; their compensation; the place at which the principal business of the district is to be transacted and the mode of changing the same; the mode of amending or repealing the by-laws and suitable penalties for the violation of the by-laws not to exceed in any one case two hundred dollars for any one offense. The by-laws may be repealed or amended, or new by-laws may be adopted by the assent of two thirds of the total vote of the district given either in writing or by ballot cast at an election of the district. The by-laws in their original form, and any repeal thereof, or amendment or addition thereto, must, together with the approval of the board of supervisors and the resolution of the directors, or the written assent thereto or a memorandum of the returns of the election at which the assent was given, be certified by a majority of the directors and the secretary of the district and must be filed for record with the county recorder of each county in which any of the lands contained in said district are located and by him recorded in a book kept by him for the purpose of recording instruments and writings relating to said district. Until so recorded, no by-law, addition thereto, amendment or repeal thereof, can be enforced against any person not having actual notice of the same.

Section 5. The officers of the district shall be a board of five directors, a secretary, and an assessor, all of whom shall, except as herein otherwise provided, be elected by ballot, except the secretary, who shall be appointed by the board of directors. No person shall be qualified to hold any of said offices, except that of secretary, unless he is a holder of title or evidence of title, including such aforesaid possessory rights, to lands contained in the district. Each appointee to office or officer-elect shall forfeit his office unless within ten days after he has notice of his election or appointment or before the expiration of ten days from the commencement of his term of office, when no such notice is given, he shall have filed for record with the county recorder of each county in which any of the lands contained in said district are located, a written acceptance of his office which shall be recorded in a book kept for the purpose of recording instruments and writings relating to the district. If any office shall become vacant by forfeiture, death, resignation, or from any other cause, the same shall be filled by appointment—by the board of directors in case of vacancy in the office of secretary, and by the board of supervisors of the county in which the district was organized in all other cases. Until such time as their salaries shall have been fixed by the adoption of by-laws, the officers of the district shall receive the following compensation for their services: The secretary and assessor such sum each as shall be fixed by the board of directors; and the directors five dollars each for each directors' meeting attended or for each day's service rendered as a director by order of the board of directors, together with any expenses incident to such service, except expenses incurred in traveling between his place of residence and the place at which directors' meetings are held.

Section 6. The board of directors shall choose from among its members a president; shall appoint the secretary of the district; shall select and maintain an office for the district in the principal place of business thereof and shall hold regular meetings therein at such time and place as may be agreed upon by resolution adopted, and shall hold therein such other meetings as, from time to time, may be deemed advisable; *provided*, that no meetings, except regular meetings, shall be valid unless prior thereto each director shall have filed with the secretary his written consent to the same, or unless the president, or three members of the board of directors, shall have called the same by giving each of said directors five days' written notice thereof, or unless said directors shall have authorized the same by resolution adopted at a former meeting and shall have caused five days' written notice thereof to be given by the secretary to each director not joining therein. A majority of the board of directors shall constitute a quorum for the transaction of business. The vote of a majority of those present at any meeting where a quorum is had shall be necessary to determine any proposition or resolution presented. The secretary shall keep a record of all the proceedings had at meetings of the board of directors. The books, maps, papers, contracts, records and other documents pertaining to the affairs of the district shall be filed in the office of the district with the secretary and must be open to inspection at all times by any persons interested.

Section 7. It shall be the duty of the board of directors to manage and conduct the affairs of the district and to that end it shall, in the name of the district, have power to plan, construct, maintain and keep in repair the irrigation works necessary or proper to supply the lands contained therein with sufficient water for irrigation purposes; to acquire by purchase, condemnation or other legal means all water, water rights, lands, properties or rights in properties necessary or proper therefor; to lease or sell for a valuable consideration any property, or right in property, belonging to the district and no longer necessary to its use and purpose; to take conveyances, contracts, leases or other assurances for property acquired by the district under the provisions of this Act; to execute by its president and secretary all contracts, leases, conveyances and other documents necessary to carry out the duties and powers specified herein; to institute, maintain and defend in person, or by attorneys, all actions, proceedings or suits at law or in equity necessary or proper to carry out the provisions of this Act, or to enforce, maintain, protect or preserve the rights, privileges and immunities created by or acquired in pursuance thereof; to establish, print and distribute among the land owners of the district equitable rules and regulations for the distribution of water; to enter, for the above purposes, either in person or by its agents or employees, in and upon any lands contained in the district; to employ and fix the salary of such persons as may be necessary or proper to fully carry out the uses and purposes of the district; and to do any other lawful thing necessary or proper to carry out the provisions of this Act or the uses and purposes for which the district is formed; *provided, however*, that the board of directors shall not let, or enter into, a contract for the construction of irrigation works, nor shall said board of directors construct the same by employees of the district until an election has been called and held to determine whether or not bonds of the district shall be issued as provided in section thirteen of this Act, nor, in case bonds are voted, until eighty-five per cent of the total amount of said bond issue has been sold and the money received thereon, as provided in section eighteen hereof.

Section 8. Between thirty and ninety days after the organization of the district, and between said dates annually thereafter, the board of directors must file with the clerk of the board of supervisors of the county in which said district was organized an estimate of the sum required by the district to discharge the unpaid matured obligations thereof at that date and the obligations thereof that will mature or that it is probable will be incurred and mature during the two years next following, specifying that portion of said estimate which will be required for the payment of bonds and of the interest on bonds. Between the date on which the district was organized and ninety days thereafter, and between said dates in each succeeding year, the assessor must view the lands of the district and assess each parcel or tract of land contained therein at the cash value of the benefit derived by it from the construction and maintenance or proposed construction and maintenance of irrigation works and said assessor must, within said time, file with the clerk of said board of supervisors, an assessment book, with appropriate headings, in which must be listed each parcel or tract of land within the district, specifying—(1) the name, if known (and, if unknown, stating that fact), of the holder of title or evidence of title, including such aforesaid possessory rights, thereto; (2) the description thereof by legal subdivisions, metes and bounds, or other boundaries sufficient to identify the same; and (3) the value assessed thereon. If the district is contained in more than one county, then the assessment book shall be prepared with a separate part in a separate volume for the lands of each county. Within sixty days after the said estimate and the said assessment list shall have been filed as above provided, the said board of supervisors, acting as a board of equalization, shall meet and hear any verified, written objections, stating the ground therefor, to the assessment as made, which objections, shall, prior to the hearing, be filed with the clerk of said board. Prior to the hearing, and during the office hours of said board of supervisors, the assessment list shall be open to public inspection. At the hearing, which must be continued from time to time until completed, the said board of supervisors shall hear the evidence offered in support of the objections

presented and shall add to or deduct from the valuation assessed to any tract or parcel of land such per centum thereof as shall be sufficient to raise it or reduce it to the full cash value derived by said tract or parcel of land from the construction or maintenance or proposed construction and maintenance of irrigation works and shall fix the value of any lands contained in said district that shall not have been so assessed. Thereupon, and before said hearing is closed, the assessor shall have the total valuation of all the lands assessed extended into columns, added and a statement thereof made. When said statement is completed, the board of supervisors must fix such an *ad valorem* rate of taxation upon each hundred dollars in value of the lands so assessed as will raise the sum specified in said estimate. Any changes in or additions to said list shall be entered in said assessment book in the proper place therefor and the order therefor shall be indorsed on the margin of the entry and signed by the president and attested by the secretary of said board of supervisors. The order of the board of supervisors approving the assessment, the statement of the assessor showing the total valuation of the property assessed, the order fixing the rate of taxation thereon, and the estimate of the sum required by the board of directors of the district for the expense thereof during the two years next following shall be signed by the president and attested by the secretary of the district and shall be attached to the assessment book on the last volume thereof, unless the lands of the district are contained in more than one county, in which case a copy thereof shall be signed and attached in a similar manner to each separate part of the assessment book. Within ten days after the hearing is completed, the assessor shall compute and charge in the assessment book in a place provided therefor in the record of each parcel or tract of land assessed the amount of the tax due thereon and shall file each said separate part of the assessment book with the county tax collector of the county in which the lands therein assessed are located and thereafter the charges therein taxed shall be due and payable to the county tax collector of the county in which the lands on which they are taxed are situated. The various orders of the board of supervisors made at the hearing shall be final and when indorsed on or attached to the assessment book shall be conclusive evidence that the assessment was made and the tax levied in accordance with the law; *provided, however*, that any person interested in lands of the district and aggrieved by the decision of the board of supervisors may, in order to have said assessment, or the tax levied thereon, corrected, modified, or annulled, institute an action therefor in the superior court of the county in which said district was organized. No action to determine the validity in any respect of any such assessment, or tax levied thereon, shall be maintained unless the same shall have been commenced within thirty days after the assessment book, on each separate part thereof, is filed with said county tax collector as above provided, and no objection to the assessment shall be considered by said board of supervisors or allowed in any other action, or proceeding, unless such objection shall have been made in writing, verified and presented to the clerk of the board of supervisors in the manner herein required.

Section 9. From and after the filing of the assessment book, or separate part thereof, with said county tax collector, as provided in section eight of this Act, the charges therein taxed upon any tract or parcel of land within the county for which he is the tax collector and any penalties added thereto as hereafter provided shall constitute a lien thereon and shall impart notice thereof to all persons.

Section 10. Within ten days after each tax shall have become due and payable, the assessor shall publish in some newspaper of general circulation published in the county in which the district was organized, a notice stating that the same became due and payable on (inserting date) to the county tax collector of the county in which the lands on which the charge therefor is a lien are located and that unless paid within six calendar months from said date the same will become delinquent, an additional charge of ten per cent thereof added thereto and the delinquent property sold at public auction. The tax must be paid in United States gold coin and the tax collector must mark the date of payment in the assessment book opposite the name of the person paying, and must give to such person a receipt, specifying the property taxed, the amount of the charge thereon and the amount paid, and thereafter must pay the moneys so received to the county treasurer of said county who must pay the same to the county treasurer of the county in which said district was organized, and he shall place the same to the credit of the district. As soon as possible after the tax shall become delinquent the assessment book and each separate part thereof shall be returned to the secretary of the district and the board of directors thereof shall publish once a week for three weeks in some newspaper of general circulation published in the county in which said district was organized a notice containing: a description of the delinquent property; the name, if known, and, if unknown, stating that fact, of the person to whom it is assessed; the amount of the taxes and penalties due thereon; and a statement that the delinquent property will be sold therefor in front of the court house of said county on a date therein stated, which must be not less than twenty-one or more than twenty-eight days from the first publication, unless an error is made in the publication and discovered prior to the sale, in which case the notice shall be republished in the same manner, specifying the sale for a date not less than twenty-one or more than twenty-eight days from the first republication.

Section 11. At the time and place stated in said notice or at such other time (written notice whereof has been posted at the place of sale) to which the board of directors may have postponed it, not exceeding thirty days in all from the original date of sale, that person is the purchaser who will immediately pay in gold coin of the United States the delinquent tax and the penalty thereon for the smallest portion of the delinquent property, or in case an undivided interest is taxed, then the smallest portion of the interest. In case there is no purchaser in good faith for the same the whole amount of the delinquent property shall, for the amount of the tax and penalty thereon, be struck off to the district as the purchaser. A certificate of sale shall be executed in duplicate by the board of directors, one of which shall be delivered to the purchaser or to the district, if the property shall have been struck off to the district, and the other of which shall be recorded in the office of the county recorder of the county in which the property sold is located. The certificate shall be dated the day of the sale and shall specify: the description of the property sold; the name, if known, and if not, stating that fact, of the person to whom it was assessed; the fact that it was sold for the amount of the tax and penalty thereon, giving the amount and year of said tax; and the date on which the purchaser will be entitled to a deed. The recorder upon receiving the certificates of sale must, when he records the same, enter, in a book provided for that purpose and kept with the book provided for the purpose of recording instruments and writings relating to the district, a description of the land sold, corresponding with the description in the certificate, the date of sale, the name of the purchaser, and the amount paid. The entries in said book shall be numbered consecutively on the margin thereof and a corresponding number shall be indorsed on the certificate. At the time of the sale the board of directors shall indorse in the assessment book opposite the description of the property, the portion of the same sold for taxes and penalties, with the date of sale and name of purchaser, and shall thereafter pay to the tax collector of the county in which the lands sold are located the amount received on the sale thereof and shall return said assessment book, or any such separate part thereof, to the county tax collector from whom the same was received, who must keep and file the same for the use and benefit of the district. Any person interested in any property sold may redeem the same within one year from the date of sale by paying in gold coin of the United States to the county tax collector of the county in which the property is located, and in trust for the purchaser or his assignees, the amount for which the same was sold, together with interest thereon at the rate of two per cent per month from the date of sale, and the tax collector must give him a receipt therefor, specifying therein a description of the property redeemed, the name of the purchaser and the date of sale, and he shall credit the amount so paid to the purchaser and shall thereafter pay the same on demand to the purchaser or his assignee. The county recorder of the county in which is located the property redeemed shall, upon presentation of the tax collector's receipt for said amount, mark the word "redeemed," the date and by whom redeemed on both the record of the certificate of sale of said property and on the margin of the memorandum thereof made in the book kept for that purpose. If no redemption shall be made within said one year, the purchaser, or the district, if said property shall have been sold to the district, shall be entitled to a deed executed by the board of directors, and said deed shall contain all the recitals of the certificate, and when duly acknowledged shall be (except as against actual fraud) conclusive evidence of the regularity of all proceedings from the assessment to the execution of said deed, inclusive, and said deed will convey to the grantee the absolute title to the lands described therein free of all incumbrances, except state, county, municipal or subsequent district taxes, and except when the land is owned by the United States or this state, in which case it is the prima facie evidence of the right of possession. All property sold for taxes to the district shall subsequently be assessed for district taxation as though it had never been sold, but it shall not again be sold for delinquent tax, so long as it is owned by the district. The title acquired by the district, in case it becomes the purchaser at a delinquent tax sale of the district, may, subject to the right of redemption herein provided, be sold at public auction or private sale, but such sale shall not be made for less than the reasonable market value of the property, or for less than the amount of the taxes levied thereon plus any penalties that may have been added thereto.

Section 12. If for any reason any tract or parcel of land contained within the district shall not have been charged with its portion of any tax levied, or if the tax levied on any tract or parcel of land shall be adjudged invalid by any court of competent jurisdiction, then such tract or parcel of land shall at the hearing in any subsequent tax levy be additionally taxed and charged by the board of supervisors of the county in which said district was organized in a sum which bears the same proportion to the total amount of said former tax as its then assessed valuation bears to the total amount of the assessed valuation placed on all the lands in the district at the time said former tax was levied.

Section 13. The board of directors shall, as soon after the organization of the district as is practicable, prepare and adopt a plan of irrigation works and shall estimate the cost of constructing the same and of acquiring the lands, property, property rights, water, and water rights necessary or proper therefor and to supply

the lands contained in the district with sufficient water for irrigation purposes, together with every other expense of the district that it is probable will be incurred and become payable before the expiration of one year from the completion of said work, for which the funds of the district then in the treasury or thereafter to be received from a tax previously levied, are inadequate, including the interest on any bonds of the district due and payable prior to said date. Thereafter, when it is considered by the board of directors for the best interest of the district that bonds thereof shall be issued for the purpose of obtaining all of the money necessary to pay the costs and expenses specified in the estimate accompanying the plan of irrigation works or when the holders of title, or evidence of title, including such aforesaid possessory rights to a majority in area of the land contained in the district, shall sign and file with the secretary of the district a petition therefor, the said board of directors shall, by resolution adopted and entered in its minutes, order a special election to be held at a time designated by said board at which shall be submitted to the landowners the question of whether or not bonds of the district shall be issued in said amount.

A notice of said election, specifying the time and place at which the same will be held, the amount of the bonds proposed to be issued, the interest rate and purpose thereof, shall be published once a week for four weeks in some newspaper of general circulation published in each county in which any of the lands contained in said district are located, and proof thereof must be filed with the secretary of the district prior to the date on which said election is held.

The ballots cast at such election shall specify the amount and purpose of the proposed bond issue and the rate of interest proposed. If two thirds of the votes cast thereat are in favor of the issuance of bonds, the board of directors shall cause bonds in the amount specified in the order for the election to be executed and delivered to the county treasurer of the county in which said district was organized.

Section 14. Bonds of the district, when issued, shall be payable in gold coin of the United States in twenty series as follows: five per cent of the whole amount of said bonds at the expiration of eleven years and at the expiration of each succeeding year to and including the expiration of thirty years from the date of execution thereof; they shall be of the denomination of not less than one hundred dollars nor more than one thousand dollars each; and they shall be signed by the president of the board of directors and attested by the county auditor of the county in which the district was organized. Each bond must be made payable at a given time for its entire amount and not for a percentage; shall bear interest at a rate not in excess of seven per cent per annum, payable semi-annually on the dates therein named at the office of said county treasurer upon the presentation and surrender of the proper coupons therefor, and the principal thereof shall be payable when due upon the presentation and surrender thereof to said county treasurer by the holder of the same. Each issue shall be numbered consecutively and the bonds of each issue shall be numbered consecutively and bear date at the time of their issue. Coupons for each installment of interest shall be attached to the bonds and shall be numbered the same as the bonds, and attested by the fac-simile signature of the county auditor of the county in which said district was organized.

The bonds shall be substantially in the following form:

"Issue _____, No. _____. For value received, _____ water district situated in the county of _____, State of California, promises to pay the holder hereof at the office of the treasurer of said county, on the _____ day of _____, 19____, the sum of _____ dollars in gold coin of the United States with interest in like gold coin at the rate of _____ per centum per annum, payable at the office of said treasurer semi-annually, on the _____ day of _____ and the _____ day of _____ in each year, on presentation and surrender of the interest coupons hereto attached. This bond is issued pursuant to an election held by said district on the _____ day _____, 19____, authorizing its issuance, and by authority of an Act entitled (specifying the title and date of approval of this Act).

In witness whereof, the said district, by its board of directors, has caused this bond to be signed by the president of said board and attested by the auditor of said county, with his seal of office attached, this _____ of _____, 19____.

President of said Board.

Attest:

Auditor of _____ County."

The interest coupons shall be substantially in the following form:

"No. _____

The treasurer of _____ county, State of California, will pay the holder hereof, on the _____ day of _____, 19____, at his office in _____ dollars, gold coin of the United States, out of the funds of _____ water district for interest on bond numbered _____ of said district.

Attest:

County Auditor."

The county treasurer of the county in which said district was organized shall, when he receives the same, place the said bonds to the credit of the district and he

shall, in a book provided for that purpose, keep a record of said bonds and of the payment thereof and the interest thereon. When filed with said county treasurer, as above provided, the bonds of the district and the interest thereon shall be and remain until paid a lien on the lands of the district, and a lien for the bonds of any issue shall be a preferred lien to that of any subsequent issue.

Section 15. As soon as said bonds shall have been delivered to said county treasurer, the board of directors, or any holder of title, or evidence of title, including such aforesaid possessory rights, to land contained in the district, may, in order to determine that said bonds are a legal obligation of the district, institute a proceeding therefor in the superior court of the county in which the district was organized by filing with the clerk of said county a complaint setting forth that on a date therein named bonds of said district were delivered to the said treasurer, stating the amount of such bonds, and praying that such bonds be adjudged to be a valid legal obligation of such district. The summons in such proceeding shall be served by publishing a copy thereof once a week for four weeks in some newspaper of general circulation published in each county in which any of the lands contained in said district are located. Within thirty days after the last publication thereof shall have been completed and proof thereof filed with the court, any person interested may appear and answer said complaint, in which case said answer shall set forth the facts relied upon to show the invalidity of said bonds. If no answer shall be filed within said time, the court must render judgment as prayed for in the complaint. If an answer be filed the court shall proceed as in other civil cases. Said proceeding is hereby declared to be a proceeding *in rem* and the judgment rendered therein shall be conclusive against all persons whomsoever and against the State of California.

Section 16. For the purpose of completing the irrigation works and of acquiring the lands, property, property rights, water and water rights necessary or proper therefor and to supply the lands contained in the district with sufficient water for irrigation purposes, or for the purpose of making additions to said irrigation works, or for the purpose of paying for and retiring any issue of bonds previously made, the district may, when it is necessary or proper therefor, issue additional bonds in the same manner as is hereinbefore provided for the original issue of bonds.

Section 17. The board of directors shall provide ways and means for the sale of said bonds or for the exchange thereof dollar for dollar for bonds of the State of California. Said board shall in no event sell or exchange, as above provided, any of said bonds for less than the par value thereof, nor shall any of said bonds be sold or exchanged nor shall said treasurer deliver any of the same unless the total proceeds thereof, either in gold coin of the United States or bonds of the State of California at their par value, shall be at least eighty-five per centum of the total amount of said bond issue. When any of said bonds are sold by the board of directors, the county treasurer of the county in which the district was organized shall transfer the bonds purchased to the purchaser upon receiving the purchase price, and the moneys received therefrom shall be placed to the credit of the district and in a similar manner bonds of the State of California that may be received for bonds of the district shall be placed to the credit thereof to be sold as the board of directors may direct, in no case, however, for less than the par value thereof.

Section 18. When approved as provided in this section the bonds of any water district issued in pursuance of this Act may be lawfully purchased, or received in pledge as security for any money or deposits or for the performance of any act, by banks, banking institutions, insurance companies and trust companies and, when thereunto duly authorized by the court, by guardians, executors, administrators and special administrators. When requested therefor in writing by a majority of the board of directors of any water district formed hereunder, the governor must select and appoint one hydraulic engineer, who, with one such engineer appointed by said board of directors and one such engineer mutually agreed upon and jointly appointed by the governor and said board of directors, shall constitute a board of investigation to determine whether or not the total cost of acquiring the water rights and the system of works that may be necessary to supply the lands of the district with water in sufficient quantities for irrigation purposes will be in excess of one hundred and ten per centum of the total amount of the bonds theretofore issued by such district. Within ninety days after the third and last member thereof is chosen, unless said time shall be extended by the board of directors, in which case within said extension of time, each member of said board of investigation shall prepare his separate written report and shall file the same with the state superintendent of banks and shall certify and file a copy thereof with the board of directors of said district, which report shall specify whether or not said cost will be in excess of one hundred and ten per centum of the total amount of the said bonds so issued. If two members of said board of investigation shall find that said cost will not be in excess of an amount equal to one hundred and ten per centum of the total amount of the said bonds so issued, the state superintendent of banks must, when so requested by the board of directors of said district, indorse upon the face of each of said bonds the word "approved" and shall affix thereunder his signature and the title of his office. The said district shall bear and pay for all expense incident to the investigation and the governor, before appointing any member of the board of investigation which he is hereby empowered to select and appoint, may require that the said district

provide, subject to his approval, a good and sufficient undertaking in an amount not in excess of six thousand dollars, conditioned that said district, or its sureties, which shall be two in number, will pay the salary and necessary expenses of that member of said board of investigation appointed by him, not to exceed, however, the total sum of five thousand dollars.

Section 19. Whenever there remains in the hands of the treasurer of the county in which the district was organized any unsold bonds of the district which it is not necessary to sell for the purpose of raising funds for the district, the board of directors may call a special election to determine whether said bonds shall be destroyed or not, or may submit such proposition at a general election. The notice thereof shall specify, in addition to the requirements therefor as provided in section twenty-three of this Act, the amount of the bonded indebtedness authorized, the amount of the bonds remaining unsold and the amount thereof proposed to be destroyed. When the vote cast at said election is canvassed by the board of election, if a two-thirds majority of the votes cast shall be found to be in favor of the destruction of said bonds, then the president of the board of directors, in the presence of a majority of the members thereof, must destroy the bonds so voted to be destroyed and the amount thereof shall be deducted from the total amount authorized to be issued, and no part thereof shall thereafter be reprinted or reissued.

Section 20. Whenever the funds of the district are in excess of the amount necessary to complete the construction of the irrigation works or to acquire the necessary water, water rights, property and rights in property therefor and to supply all the lands contained in the district with sufficient water for irrigation purposes and in addition thereto to pay every obligation of the district that is due and payable or that will become due and payable or that it is probable will become due and payable before the expiration of two years from the date on which the next preceding tax of the district was levied, the board of directors may direct the treasurer of the county in which said district was organized to pay with said excess (specifying the amount thereof) such an amount of the sold bonds of the district as said excess sum of money will redeem at the lowest value at which they may be obtained for liquidation, in no case for more than the par value thereof.

Section 21. The county treasurer of the county in which the district was organized shall receive to the credit of the district and in trust for the uses and benefits thereof all the funds thereof, and all such funds or moneys belonging to the district, or to which the district is entitled, shall, when received, except as herein otherwise provided, be paid by the person so receiving them to the state treasurer. The said treasurer shall establish for the district two funds: to wit, a bond fund and a general fund, and shall apportion the moneys of the district to said funds, as follows: To the bond fund, that portion of the moneys received from the collection of taxes or from the sale of property for delinquent taxes which bears the same proportion to the total amount so received from the collection of taxes or from the sale of property for delinquent taxes as that portion of the estimate of the board of directors (on which said tax was based) which is required for the payment of bonds and of the interest on bonds bears to the whole amount of said estimate; to the general fund, the balance of all moneys or funds so received. In case lands of the district, when sold for delinquent taxes, are struck off to the district as the purchaser, the tax collector of the county in which said lands are located shall, in making his accounting with the treasurer of said county, furnish a statement of the lands so sold to the district and of the amount for which the same were sold, and said treasurer shall deliver the same to the treasurer of the county in which said district was organized and said last-named treasurer shall thereupon estimate that portion of said amount belonging to the bond fund and shall charge the general fund with said portion and shall pay the same from the general fund into the bond fund. The moneys placed in the bond fund shall be used for the payment of bonds and of the interest thereon, and, until the total bonded indebtedness of the district is discharged, shall not be used for any other purpose. The funds of the district shall not, except for the payment of bonds and the interest thereon, be paid out by the treasurer of the county in which said district was organized, unless a warrant therefor shall have been drawn and executed by the board of directors and approved by the board of supervisors of said county. Such warrants are and shall be considered as contracts in writing for the payment of money, and the period prescribed for the commencement of an action based thereon, or connected therewith, is and shall be the term of four years from the date of their issuance. In any proceeding for a writ of mandate to compel the board of directors to issue a warrant, the court must determine the controversy in the manner provided for determining controversies in other civil actions, and shall cause a writ to issue for such sum as may be found to be due.

Section 22. Except as herein otherwise provided, every holder of title or evidence of title (including the aforesaid possessory rights) to land contained in said district, and no other, shall be qualified and entitled to vote either in person or by proxy at any election held by said district. Each person entitled thereto shall have one vote for each dollar's worth of land, the title to which is held by him as above provided. The next preceding assessment book of said district shall, for the purposes of this section, be conclusive evidence of ownership and of the value of the property so owned.

Section 23. Except as herein otherwise provided, all elections held under the provisions of this Act shall be called, held and conducted at the time, place and in the manner provided by the by-laws of the district; *provided, however*, that no such election shall be valid unless the place at which the same is held is at the principal place of business of the district and unless notice thereof shall first have been given in the following manner: by publication thereof once a week for at least two weeks in some newspaper of general circulation published in each county, in which any of the lands contained in said district are located. The said notice of election shall state the time, place and purposes thereof. At least ten days before any election, the board of directors must appoint from among those persons qualified and entitled to vote at said election an inspector and two judges, who shall constitute a board of election, and three alternates who shall, in the order in which they are appointed, fill any vacancies on said board if any members thereof do not attend at the opening of the polls. Each member of such board of election, or his successor, must, before entering upon his duties as such, take an official oath as such member of the board of election, which may be administered by any officer authorized to administer oaths or by any landholder in the district. The inspector is chairman of the election board and shall appoint the necessary clerks, and if during the progress of the election any judge or clerk shall cease to act, he shall appoint his successor. The polls shall be kept open for the reception of votes from ten o'clock a.m. until five o'clock p.m., when the same must be closed. The election board shall, before the opening of the polls, post in a conspicuous place thereat a list of all persons entitled to vote at said election with the number of votes they are entitled to cast. The ballots used at the election shall be provided by the board of directors and one of the clerks of election shall deliver one of them to each person qualified to cast a vote or to his representative by proxy. The Australian ballot shall be used and the clerk of the election board at the time of delivering the same to the voter, or his representative by proxy, shall mark thereon in a place provided for that purpose the name of the person casting the ballot and the number of votes which he is entitled to cast. The person casting the ballot shall stamp a cross with a rubber stamp, to be provided by the board of directors, in the square behind the name of each candidate or proposition he wishes to vote for. The election board shall retain and file with the returns of the election all proxies presented at said election. A list of the ballots cast shall be made by the board of election, containing the name of the voter and, if the ballot be cast by proxy or by the legal representative of the voter, the name of the person casting it; the number of votes cast; and how the person voted on the different matters presented at the election. At the close of the polls the board of election shall at once proceed to canvass the votes and declare the result, and shall forward a certificate, showing the same and the number of votes cast for or against each candidate or proposition and shall forward said certificate, together with all ballots used and all documents and papers used at such election, to the clerk of the board of supervisors of the county in which the district was organized, and a duplicate copy thereof to the secretary of the district. A copy of said certificate, certified by said clerk of the board of supervisors, shall be by him filed for record with the county recorder of each county in which any of the lands contained in said district are located, and by him recorded in a book kept by him for the purpose of recording instruments and writings relating to said district. Any person interested may contest such election, within twenty days after the result thereof has been declared, by filing a complaint in the superior court of the county where such election was held, and if no contest shall be commenced within said time, the declaration of the result by the board of election shall be final and conclusive.

No proxy shall be valid and no proxy shall be accepted or vote allowed thereon at any election held under the provisions of this Act unless the same be executed in writing by the person or corporation who, according to the next preceding assessment book of the district, is entitled to the votes for which the proxy is given. The said proxy shall be acknowledged before some person authorized to take certified acknowledgments of conveyances of real property and shall specify the election for which it is given and shall only be used at such election. Every proxy shall be revocable at the pleasure of the person executing it.

Section 24. The rights, privileges and immunities created by this Act in favor of any holder of title or evidence of title, including such aforesaid possessory rights, to lands contained in the district may for his benefit and on his behalf be exercised by, and are hereby extended to, his legal representative in all cases where said legal representative is an official of a corporation owning land within the district or is a guardian, executor or administrator of an estate who is appointed as such under the laws of this state and who as such is entitled to the possession of lands included within said water district belonging to the estate which he represents and who has been by the court duly authorized to exercise the particular right, privilege or immunity which he seeks to exercise; *provided, however*, that he must, before he cast a ballot at any election of the district, present the board of election or some clerk thereof with a certified copy of his authority, which must be kept and filed with the returns of the election.

Section 25. The use of all water required for the irrigation of the lands of any district formed under the provisions of this Act, and for domestic and other incidental

and other beneficial uses, within such district, together with the rights of way for canals and ditches, sites for reservoirs and all other property required in fully carrying out the provisions of this Act, is hereby declared to be a public use, subject to the regulation and control of the state in the manner prescribed by law.

Section 26. The board of directors shall have power to construct the irrigation works across any stream of water, water course, street, avenue, highway, railway, canal, ditch, or flume which the route of a canal or canals of said works may intersect or cross, in such manner as to afford security for life and property; but said board shall restore the same, when so crossed or intersected, to its former state as near as may be, or in a sufficient manner not to have impaired unnecessarily its usefulness; and every company whose railroad shall be intersected or crossed by said works shall unite with said board in forming said intersections and crossings and shall grant the privileges aforesaid; and if such railroad company and said board or the owners and controllers of said property, thing or franchise so to be crossed, can not agree upon the amount to be paid therefor, or the points or the matter of said crossings or intersections, the same shall be ascertained and determined in all respects as is herein provided in respect to the taking of land. A right of way is hereby given, dedicated, and set apart to locate, construct, and maintain said works over and through any of the lands which are now or may be the property of this state; and also there is given, dedicated, and set apart for the uses and purposes aforesaid, all waters and water rights belonging to this State within the district.

The rights of way, ditches, flumes, pipe lines, dams, water rights, reservoirs and other property of like character belonging to any district organized under this Act shall not be taxed for state and county or municipal purposes.

Section 27. In case of condemnation proceedings, the board shall proceed in the name of the district under the provisions of Title 7, Part 3 of the Code of Civil Procedure.

Section 28. No officer of the district shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded, or in the profits to be derived therefrom; and for any violation of this provision such officer shall be deemed guilty of a misdemeanor and such conviction shall work a forfeiture of his office, and he shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

Section 29. It is hereby expressly provided that all waters distributed for irrigation purposes shall be apportioned ratably to each land owner upon the basis of the ratio which the last assessment of such owner for district purposes within said district bears to the whole acreage assessed upon the district. When the equitable rules and regulations for the distribution of water have been provided by the board of directors and published once a week for two weeks in some newspaper of general circulation published in each county in which any of the lands contained in said district are located, any violation thereof shall be and is hereby declared to be a misdemeanor, and the person committing the same shall, upon conviction thereof, be subject to a fine of not less than twenty-five dollars nor more than one hundred dollars.

Section 30. No supervisor, recorder, tax collector, treasurer, auditor or clerk of any county shall receive any fee for any service required to be performed by them under the provisions of this Act; *provided, however*, that the tax collector of each county in which any of the lands contained in the district are located, during the time for the collection of the taxes of the district, may require the board of directors to provide and pay for a deputy tax collector whose duty it shall be to care for the matters relating to the collection of the said taxes of the district.

Section 31. If at any time after the organization of any district hereunder, the boundaries of the county in which the same was organized shall be so changed or modified as to exclude therefrom all of the lands contained in said district, then in that event the records and documents of said district in the possession and care of the board of supervisors of said county, together with a certified copy of the proceedings had by the district under the jurisdiction of said board of supervisors, shall be transferred and filed with the clerk of the board of supervisors of the county in which the greater portion of the lands contained in said district are located. All proceedings, petitions, orders or other documents which have been filed with the recorder of the county in which said district was organized, and which, or a certified copy thereof, have not been recorded in the county to which said district is transferred shall be certified to by said county recorder and filed for record with the county recorder of the county to which said district has been transferred, and by him recorded in a book kept by him for the purpose of recording instruments and writings relating to said district. The treasurer and the auditor of the county in which said district was organized shall draw their warrant upon said treasurer for all of the funds of such district in the treasury of said county and the said treasurer shall pay such warrant and said funds shall be transferred to the treasurer of the county to which the district has been so transferred. From and after the transfer in the manner above specified the board of supervisors of the county to which the district is transferred shall have and exercise all of the jurisdiction, power and

authority over said district as was theretofore exercised by the board of supervisors of the county wherein such district was originally formed and thereafter any act or duty which is herein required to be done by the board of supervisors or any officer of the county in which said district was organized shall be performed by the corresponding board of supervisors or other official of the county to which said district has been transferred, and in general the said district shall thereafter conduct and manage its affairs through its proper officials and in conjunction with the proper officials of each county in which any of the lands contained in said district are located as though said district was originally organized in the county to which it was transferred.

Section 32. An action may be brought by the attorney general in the name of the people of this state, upon his own information, or that of a private party, for the dissolution of any district formed hereunder for a non-user of its corporate powers. In such action the complaint and summons shall be personally served upon said district by delivery of a copy thereof to either the president of the board of directors or the secretary of the district. When service has been made upon the defendant and an appearance has been entered or a default of the defendant entered, the court, upon the application of any of the parties, shall thereupon enter an order fixing a day for a hearing, which shall not be less than twenty-five days from the date of the order and shall, also, enter an order directing notice by publication to be given by the clerk to all persons interested in said district either as the owners of land or interests in land in said district or as creditors of said district, or otherwise, requiring them to be and appear on the day fixed for the hearing and show cause, if any they have, why the district named in the complaint as defendant, should not be dissolved. The notice shall be published in some newspaper of general circulation published in each county in which any of the lands contained in said district are located, for a period of not less than twenty days. On the day fixed for a hearing, or some later date to which the cause may be continued, the court may proceed with the hearing, due proof having been first made of the service of the notice by publication for the length of time required by the order. Any person interested in the district that is defendant, shall, upon showing his interest, be allowed to file an answer or objections to the dissolution of the defendant and shall from the filing of said answer or objections become a party defendant, and be entitled to all the rights of a defendant in any civil action. If upon the trial of any such action it be determined by the court: that the district is not in debt, or if in debt, that all claims are barred by the statute of limitations and that in addition thereto said district, or the board of directors thereof, are not proceeding to place the lands of the district under irrigation and are not exercising the powers of the corporation and have not been so doing for a period of one year prior thereto, the court shall then enter a decree dissolving the corporation, or make such further order as may be deemed necessary to protect the rights of all parties interested.

Section 33. If any section, subsection, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The legislature hereby declares that it would have passed this Act and each of said parts thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Add four new sections, to be numbered and read as follows:

"SEC. 4. Whenever in the judgment of the state board of health the reports upon any occupational disease require special investigation of all the conditions and circumstances of any occupation or occupations in relation to the disease, a preliminary investigation shall be made and a report prepared. If the state board of health shall decide that this report warrants a thorough investigation, it shall confer with the commissioner of labor and the governor, and with their approval shall place the said occupation or occupations upon a provisional list of dangerous trades, and shall proceed with a thorough investigation and preparation of a final report to the legislature upon the protection of employees or other persons affected

by these occupations. For the purpose of this Act the state board of health shall have the power to hold hearings, take testimony, administer oaths and subpoena witnesses.

SEC. 5. Within ninety days after any occupation or occupations have been placed upon the provisional list of dangerous trades, any person, firm, or corporation desiring to engage in, or to continue to engage in, operate or conduct any business requiring the employment of men, women, or children in such occupation or occupations shall file with the state board of health a petition for permission so to do, together with a complete and detailed plan, description and history of the existing or proposed works, system or plant, showing geographical location, with relation of climatological and sanitary factors to site, and all available data upon the influence of the occupation or occupations upon the health of the employees and other persons. Thereupon, a thorough investigation of the existing or proposed works, system or plant, and all circumstances and conditions deemed to be material, shall be made under the direction of the state board of health. As a part of such investigation, and after ten days' notice by mail to the petitioner, a hearing or hearings may be had before said board or an examiner appointed by it for the purpose. At such hearing or hearings witnesses who testify shall be sworn by the person conducting the hearing, and evidence oral and documentary, may be received, a record of which shall be made and filed with said board. All of the expense of such investigation, including hearings, excepting the compensation of state officers participating therein, shall be borne and paid as they accrue by the petitioner.

Upon the completion of such investigation said board, if it shall determine as a fact that any or all the employees or other persons are or may be, under all the circumstances and conditions, subjected to influences which will endanger their lives, or be prejudicial to their health, shall, upon the approval of the commissioner of labor and the governor (a) deny the prayer of such petition, if it be for a business not yet established, until the final report provided in section four of this Act has been duly considered by the legislature; or, (b) if such petition be for continuing a business already established, said board shall grant to petitioner a temporary and revocable permit authorizing the continuance of the business under such restrictions as in said permit may be specified, as urgently necessary for the protection of the employees or other persons from the occupational disease under investigation, until the final report provided in section four of this Act has been duly considered by the legislature.

SEC. 6. Any person violating any of the provisions of this Act, whether acting for himself or as the agent or servant of another person, or of a firm, company or corporation, or as an officer, agent, employee, or representative of any municipal corporation, or of the state, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than twenty-five nor more than five hundred dollars, or by imprisonment for a term of not more than ninety days, or by both such fine and imprisonment. Each day that anything in violation of any provision of this Act shall continue; each day that anything forbidden by the provisions hereof to be erected, constructed, maintained, operated or permitted, shall continue to exist, or be maintained, operated or permitted; each day that anything required to be constructed, erected, maintained, operated, or instituted shall be delayed; and each day that any person shall neglect to perform any act or to take any precautions required by rules and regulations that may be specified under the provisions of this Act, shall constitute a separate offense.

SEC. 7. For the purposes of this Act the sum of two thousand dollars is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, for the purposes of this Act, and the state controller is hereby directed to draw his warrant in favor of the state board of health for sums aggregating that amount, these claims having been audited by the state board of control, and the state treasurer is directed to pay the same.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 60.

A resolution to propose to the people of the State of California an amendment to the constitution of said state by amending Section 7½ of Article XI thereof, relating to charters of counties and amendments to such charters and to the surrender thereof.

The Legislature of the State of California at its fortieth regular session commencing on the sixth day of January, 1913, two thirds of all the members elected to each of the two houses of said Legislature voting therefor hereby proposes to the people of the State of California that section seven and one half of Article XI of the Constitution of the State be amended so as to read as follows:

Section 7½. Any county may frame a charter for its own government consistent with and subject to the constitution (or, having framed such a charter, may frame a new one,) and relating to matters authorized by provisions of the constitution, by causing a board of fifteen freeholders, who have been for at least five years qualified electors thereof, to be elected by the qualified electors of said county, at a general or special election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by the vote of three fifths of all the members of the board of supervisors of such county, declaring that the public interest requires the election of such board for the purpose of preparing and proposing a charter for said county, or in pursuance of a petition of qualified electors of said county as hereinafter provided. Such petition, signed by fifteen per centum of the qualified electors of said county, computed upon the total number of votes cast therein for all candidates for governor at the last preceding general election at which a governor was elected, praying for the election of a board of fifteen freeholders to prepare and propose a charter for said county, may be filed in the office of the county clerk. It shall be the duty of said county clerk, within twenty days after the filing of said petition, to examine the same, and to ascertain from the record of the registration of electors of the county, whether said petition is signed by the requisite number of qualified electors. If required by said clerk, the board of supervisors shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if, by said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall immediately present said petition to the board of supervisors, if it be in session, other-

wise at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said board of supervisors shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid or the presentation of said petition to said board of supervisors: *provided*, that if a general election shall occur in said county not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid, or such presentation of said petition to said board of supervisors, said board of freeholders may be elected at such general election. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general law for the nomination, by petition of electors, of candidates for county offices, to be voted for at general elections. It shall be the duty of said board of freeholders, within one hundred and twenty days after the result of such election shall have been declared by said board of supervisors, to prepare and propose a charter for said county, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy in the office of the county clerk of said county, and the other in the office of the county recorder thereof. Said board of supervisors shall thereupon cause said proposed charter to be published for at least ten times in a daily newspaper of general circulation, printed, published and circulated in said county: *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; and *provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county, and the first publication or the posting of such proposed charter shall be made within fifteen days after the filing of a copy thereof, as aforesaid, in the office of the county clerk. Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not less than thirty days nor more than sixty days after the completion of such publication, or after such posting; *provided*, that if a general election shall occur in said county not less than thirty days nor more than sixty days after the completion of such publication, or after such posting, then such proposed charter may be so submitted at such general election. If a majority of said qualified electors, voting thereon at such general or special election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the legislature in extraordinary session, for its approval or rejection as a whole without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors under the seal of said board and attested by the county clerk of said county, setting forth the submission of such charter to the electors of said county, and its ratification by them, shall, after the approval of such charter by the legislature, be made in duplicate, and filed, one in the office of the secretary of state and the other, after being recorded in the office of the recorder of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the board of supervisors of the county to the qualified electors thereof at a general or special election held not less than thirty days nor more than sixty days after the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published and circulated in said county: *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper of general circulation, printed, published and circulated in such county: *provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county. If a majority of such qualified electors voting thereon, at such general or special election, shall vote in favor of any such proposed amendment or amendments, or any amendment or amendments proposed by petition as hereinafter provided, such amendment or amendments shall be deemed to be ratified, and shall be forthwith submitted to the legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the legislature in extraordinary session, for approval or rejection as a whole without power of alteration or amendment, and if approved by the legislature,

as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by ten per centum of the qualified electors of any county, computed upon the total number of votes cast in said county for all candidates for governor at the last general election, at which a governor was elected, is filed in the office of the county clerk of said county, petitioning the board of supervisors thereof to submit any proposed amendment or amendments to the charter of such county, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined and certified by the county clerk, and if signed by the requisite number of qualified electors of such county, shall be presented to the said board of supervisors, by the said county clerk, as hereinbefore provided for petitions for the election of boards of freeholders. Upon the presentation of said petition to said board of supervisors, said board must submit the amendment or amendments set forth therein to the qualified electors of said county at a general or special election held not less than thirty days nor more than sixty days after the publication or posting of such proposed amendment or amendments in the same manner as hereinbefore provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the board of supervisors. In submitting any such charter, or amendments thereto, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

Every special election held under the provisions of this section, for the election of boards of freeholders or for the submission of proposed charters, or any amendment or amendments thereto, shall be called by the board of supervisors, by ordinance, which shall specify the purpose and time of such election and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance, prior to such election, shall be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper, printed, published and circulated in said county; *provided*, that if no such daily or weekly newspaper be printed or published in such county, then a copy of such ordinance shall be posted by the county clerk in three public places in such county and in or near the entrance to at least one public schoolhouse in each school district therein. In all other respects, every such election shall be held and conducted, the returns thereof canvassed and the result thereof declared by the board of supervisors in the same manner as provided by law for general elections. Whenever boards of freeholders shall be elected, or any such proposed charter or amendment or amendments thereto, submitted, at a general election, the general laws applicable to the election of county officers and the submission of propositions to the vote of electors shall be followed in so far as the same may be applicable thereto.

It shall be competent, in all charters, framed under the authority given by this section to provide, in addition to any other provisions allowable by this constitution, and the same shall provide, for the following matters:

1. For boards of supervisors and for the constitution, regulation and government thereof, for the times at which and the terms for which the members of said board shall be elected, for the number of members, not less than three, that shall constitute such boards, for their compensation and for their election, either by the electors of the counties at large or by districts; *provided*, that in any event said board shall consist of one member for each district, who must be a qualified elector thereof; and

2. For sheriffs, county clerks, treasurers, recorders, license collectors, tax collectors, public administrators, coroners, surveyors, district attorneys, auditors, assessors and superintendents of schools, for the election or appointment of said officers, or any of them, for the times at which and the terms for which, said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and, if appointed, for the manner of their appointment; and

3. For the number of justices of the peace and constables for each township, or for the number of such judges and other officers of such inferior courts as may be provided by the constitution or general law, for the election or appointment of said officers, for the times at which and the terms for which said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and if appointed, for the manner of their appointment; and

4. For the powers and duties of boards of supervisors and all other county officers, for their removal and for the consolidation and segregation of county offices, and for the manner of filling all vacancies occurring therein; and

44. For the assumption and discharge by county officers of certain of the municipal functions of the cities and towns within the county, whenever, in the case of cities and towns incorporated under general laws, the discharge by county officers of such municipal functions is authorized by general law, or whenever, in the case of cities and towns organized under section eight of this article, the discharge by county officers of such municipal functions is authorized by provisions of the charters, or by amendments thereto, of such cities or towns.

5. For the fixing and regulation by boards of supervisors, by ordinance, of the appointment and number of assistants, deputies, clerks, attachés and other persons to be employed, from time to time, in the several offices of the county, and for the prescribing and regulating by such boards of the powers, duties, qualifications and compensation of such persons, the times at which, and terms for which they shall be appointed, and the manner of their appointment and removal; and

6. For the compensation of such fish and game wardens, probation and other officers as may be provided by general law, or for the fixing of such compensation by boards of supervisors.

All elective officers of counties, and of townships, of road districts and of highway construction divisions therein shall be nominated and elected in the manner provided by general laws for the nomination and election of such officers.

The legislature may by general laws confer and impose on boards of supervisors and all other county officers powers and duties in addition to those provided by charters under this section.

All charters framed under the authority given by this section, in addition to the matters herein above specified, may provide as follows:

For offices other than those required by the constitution and laws of the state, or for the creation of any or all of such offices by boards of supervisors, for the election or appointment of persons to fill such offices, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For offices hereafter created by this constitution or by general law, for the election or appointment of persons to fill such offices, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For the formation, in such counties, of road districts for the care, maintenance, repair, inspection and supervision only of roads, highways and bridges; and for the formation, in such counties, of highway construction divisions for the construction only of roads, highways and bridges; for the inclusion in any such district or division, of the whole or any part of any incorporated city or town, upon ordinance passed by such incorporated city or town authorizing the same, and upon the assent to such inclusion by a majority of the qualified electors of such incorporated city or town, or portion thereof, proposed to be so included, at an election held for that purpose: for the organization, government, powers and jurisdiction of such districts and divisions, and for raising revenue therein, for such purposes, by taxation, upon the assent of a majority of the qualified electors of such districts or divisions, voting at an election to be held for that purpose; for the incurring of indebtedness therefor by such counties, districts or divisions for such purposes respectively, by the issuance and sale, by the counties, of bonds of such counties, districts or divisions, and the expenditure of the proceeds of the sale of such bonds, and for levying and collecting taxes against the property of the counties, districts or divisions, as the case may be, for the payment of the principal and interest of such indebtedness at maturity: *provided*, that any such indebtedness shall not be incurred without the assent of two thirds of the qualified electors of the county, district or division, as the case may be, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also for a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed forty years from the time of contracting the same, and the procedure for voting, issuing and selling such bonds shall, except in so far as the same shall be prescribed in such charters, conform to general laws for the authorizing and incurring by counties of bonded indebtedness, so far as applicable; *provided, further*, that provisions in such charters for the construction, care, maintenance, repair, inspection and supervision of roads, highways and bridges for which aid from the state is granted, shall be subject to such regulations and conditions as may be imposed by the legislature.

Whenever any county has framed and adopted a charter, and the same shall have been approved by the legislature, as herein provided, the general laws adopted by the legislature in pursuance of sections four and five of this article, shall, as to such county, be superseded by said charter as to matters for which, under this section it is competent to make provision in such charter, and for which provision is made therein, except as herein otherwise expressly provided.

The charter of any county, adopted under the authority of this section, may be surrendered and annulled with the assent of two thirds of the qualified electors of such county, voting at a special election, held for that purpose, and to be ordered and called by the board of supervisors of the county upon receiving a written petition, signed and certified as hereinabove provided for the purposes of the adoption of charters, requesting said board to submit the question of the surrender and annulment of such charter to the qualified electors of such county, and, in the event of the surrender and annulment of any such charter, such county shall thereafter be governed under general laws in force for the government of counties.

The provisions of this section shall not be applicable to any county that is consolidated with any city.

The inspector shall be appointed by the governor and the first appointment shall be made within thirty days after this Act becomes effective. The inspector shall always be removable at the pleasure of the governor, and shall be the same person as holds the office of labor commissioner. He shall draw no salary as inspector.

SEC. 2. Before entering upon his duties, the inspector shall execute a bond to the state in the sum of five thousand (5,000) dollars conditional upon the faithful performance of his duties.

SEC. 3. The inspector may appoint such deputies as he may deem advisable, not to exceed six in number, who shall be competent to perform the duties of inspectors of weighing and measuring instruments. Such deputies shall give bond in the sum of twenty-five hundred (2,500) dollars and shall have a salary of fifteen hundred (1,500) dollars per annum, to be paid in the same manner and at the same time as the salaries of state officers. SEC. 6. The standards referred to in the preceding section shall be kept by the inspector in a safe and suitable place in his office from which they shall not be removed except for repairs, certification and use. He shall maintain such standards in good order and shall submit them at least once in ten years to the national bureau of standards for certification. Upon demand the secretary of state shall deliver to the inspector all standards now in the possession or under the control of the secretary of state. The inspector shall thereupon submit such standards received from the secretary of state to the national bureau of standards for certification, and the inspector shall replace such standards as are defective or incorrect and purchase such additional standards as shall be necessary to make up a suitably complete set of standard weights and measures for the purposes of this Act. Additional copies shall be purchased for the use of said deputies and boards of supervisors, as hereinafter provided, which copies may be made of cheaper material than the standards of the state, kept in the inspector's office.

SEC. 7. The inspector shall place a copy of the state standards of weights and measures in the custody of the board of supervisors of every county, and city and county in the state, but said copies shall remain the property of the state, and the inspector or one of his deputies shall compare the same with the state standards at least once in five years.

SEC. 14. The inspector and his deputies in the performance of their official duties, shall have the same powers as are possessed by peace officers of this state, and are authorized and empowered to arrest without formal warrant for any violation of this Act.

SEC. 15. If the inspector or any of his deputies, in the performance of their duties under the provisions of this Act, shall find any weighing or measuring instrument of any kind in use for dealing with any merchandise, manufactured articles or commodities that does not correspond with the state standards of weights and measures, he may immediately take possession of said instrument and shall notify the owner or person in charge of said weighing or measuring instrument that it does not correspond with the state standards, and the owner of said weighing or measuring instrument may within fifteen days thereafter bring an action against the inspector in the superior court of the county wherein such possession was so taken, for the purpose of recovering said instrument and of proving that said instrument at the time such possession was so taken corresponded with the state standards or that neither said owner nor person in charge knew or could with reasonable care have known that said instrument did not correspond with said standards. If such action is not brought within fifteen days, or in the event such action is brought and is decided in favor of the inspector, the inspector or his deputy shall file with the recorder of the county, or city and county, where the possession of said instrument was so taken, a notice stating that said instrument was examined and found different from the state standards of weights and measures and in what respects and giving the name and location of the place where used and the name, if known, of the owner. The recorder of such county, or city and county, shall file such notice and index same in a book kept by him for such purpose, entitled "Records of false weights and measures." All such notices shall remain on file and indexed for a period of not less than ten nor more than twelve months, at the expiration of which time the recorder shall remove and destroy said notice and efface said index. For such filing and destruction of notices, no fee shall be charged. If such suit is brought, the district attorney of said county shall defend the same and take and keep possession of said instrument for use as evidence in such suit. If judgment is rendered in favor of the inspector, or in event owner does not bring suit within said fifteen days, said measuring and weighing instrument shall be forfeited to the State of California.

SEC. 16. Any person who shall hinder or obstruct in any way the inspector or any of his deputies in the performance of their official duties, or shall refuse or wilfully neglect to exhibit any weighing or measuring instrument of any kind, or appliance or accessory connected therewith which is in his possession or under his control, to the inspector or such deputy, for the purpose of allowing the same to be inspected as in this Act provided, is guilty of a misdemeanor.

SEC. 17. Any inspector making any false report or failing to perform his duties as herein set forth is guilty of a misdemeanor.

SEC. 18. Nothing in this Act shall prevent any person, firm or corporation from procuring at his own expense and keeping copies of state or other standards of weights and measures.

SECTION 1. For the partial support of children of women whose husbands are dead, or become permanently disabled for work by reasons of physical or mental infirmity, or whose husbands are prisoners, when such women are poor, and are the mothers of children under the age of fourteen years, and such mothers and children have a legal residence in any county of the state, the juvenile court shall make an allowance to each of such women as follows: Not to exceed fifteen dollars a month, when she has but one child under the age of fourteen years, and if she has more than one child under the age of fourteen years, it shall not exceed fifteen dollars a month for the first child and seven dollars a month for each of the other children

under the age of fourteen years. The order making such allowance shall not be effective for a longer period than six months, but upon the expiration of such period, said court may from time to time, extend such allowance for a period of six months, or less, provided the home of such woman has first been visited by a probation officer or other competent person.

SEC. 2. Such allowance shall be made by the juvenile court, only upon the following conditions: *First*, the child or children for whose benefit the allowance is made, must be living with the mother of such child or children. *Second*, the allowance shall be made only when in the absence of such allowance, the mother would be required to work regularly away from her home and children, and when by means of such allowance she will be able to remain at home with her children, except that she may be absent not more than one day a week for work. *Third*, the mother, must in the judgment of the juvenile court, be a proper person, morally, physically and mentally, for the bringing up of her children. *Fourth*, such allowance shall in the judgment of the court be necessary to save the child or children from neglect and to avoid the breaking up of the home of such woman. *Fifth*, it must appear to be for the benefit of the child to remain with such mother. *Sixth*, a careful preliminary examination of the home of such mother must first have been made by the probation officer, an associated charities organization, humane society, or such other competent person or agency as the court may direct, and a written report of such examination filed.

SEC. 3. Whenever any child shall reach the age of fourteen years, any allowance made to the mother of such child for the benefit of such child shall cease. The juvenile court may, in its discretion, at any time before such child reaches the age of fourteen years, discontinue or modify the allowance to any mother and for any child.

SEC. 4. Should the fund at the disposal of the court for this purpose be sufficient to permit an allowance to only a part of the persons coming within the provisions of this Act, the juvenile court shall select those cases in most urgent need of such allowance.

SEC. 5. The provisions of this Act shall not apply to any woman who, while her husband is imprisoned, receives sufficient of his wages to support the child or children.

SEC. 6. Any person or persons attempting to obtain any allowance for a person not entitled thereto, shall be deemed guilty of a misdemeanor and on conviction thereof, shall be punished by a fine of not less than five nor more than fifty dollars, or imprisonment in the county jail, for a period of not less than two months, or both.

SEC. 7. In each case where an allowance is made to any woman under the provisions of this Act, a record shall be kept of the proceedings and any citizen of the county may, at any time, file a motion to set aside, or vacate or modify such judgment and on such motion said juvenile court shall hear evidence, and make a new order sustaining the former allowance, modify or vacate the same, and from such order, error may be prosecuted, or an appeal may be taken as in civil actions. If the judgment be not appealed from, or error prosecuted, or if appealed or error prosecuted, and the judgment of the juvenile court be sustained or affirmed, the person filing such motion shall pay all the costs incident to the hearing of such motion.

SEC. 8. Upon the production of a certified copy of the order of allowance under this Act made by the juvenile court, and after due audit and approval by the state board of control, the controller shall draw his warrant for such amount payable to the party named in said order, upon the fund hereinafter provided for, and the state treasurer shall pay same from said fund.

SEC. 9. The expense of keeping and maintaining a permanent fund for the purpose of this Act, is hereby declared to be one of the items to be included in the tax levy to support the state government. The said fund hereby created shall be known as the "indigent fund for support of dependent children," and the legislature shall provide in the manner now provided by law for raising fund for the support of the state government, the sum of one hundred thousand dollars annually and the same shall be apportioned to said above named fund and the same or so much thereof as shall be necessary shall be used for the purposes of this Act.

SEC. 11. The words "juvenile court," and "probation officer," herein used, shall be construed as having the same meaning as that provided for in "An Act to amend an Act entitled 'An Act concerning dependent and delinquent minor children, providing for their care, custody and maintenance, until twenty-one years of age; providing for their commitment to the Whittier State School and the Preston State School of Industry, and the manner of such commitment and release therefrom, establishing a probation committee and probation officers to deal with such children, and fixing the salaries of probation officers; providing for detention homes for said children; providing for the punishment of persons responsible for, or contributing to, the

The superior court in every county of this State shall exercise the jurisdiction conferred by this Act, and, while sitting in the exercise of its said jurisdiction, shall be known and referred to as the "juvenile court," and is hereinafter so referred to. In counties having more than one judge of the superior court, the judges of such court shall annually designate one or more of their number whose duty it shall be to hear all cases coming under this Act; *provided*, that no judge shall be designated to serve in such capacity for less than one year; and that no judge shall be designated to serve in such capacity who has already or shall hereafter have served for five consecutive years, until an interval of one year has elapsed: *provided, however*, that nothing in this section contained shall be construed in conflict with that portion of Article VI, Section 6, of the Constitution of the State of California, applying to the city and county of San Francisco. The orders and findings, if any, of the superior court, in all cases coming under the provisions of this Act, shall be entered in a book to be kept for that purpose and known as the "juvenile court record," and the court when acting under this Act shall be called the "juvenile court." All cases coming under the provisions of this Act shall be heard at a special or separate session of the court, and no other matter shall be heard at such session, nor shall there be permitted to be present at such session any person on trial or awaiting trial, or under accusation of crime, who does not come under the provisions of this Act.

SEC. 6. Any person may file with the clerk of the superior court a petition showing that there is within the county, or residing therein a neglected, dependent or delinquent person, and praying that the superior court deal with such person as provided in this Act. Such petition shall be verified and shall contain a statement

of facts constituting such neglect, dependency or delinquency, as defined in this Act, and the names and residence if known to the petitioner, of the parents or guardian of said neglected, dependent or delinquent person. There shall be no fee for filing such petition.

SEC. 7. Upon the filing of the petition provided for in section six hereof, a citation shall issue, requiring the person or persons having the custody or control of the alleged neglected, dependent or delinquent person, or with whom such alleged neglected, dependent or delinquent person may be, to appear with said alleged neglected, dependent or delinquent person at a time and place stated in the citation. Service of such citation must be made at least twenty-four hours before the time stated therein for such appearance. The parents or guardians of said alleged neglected, dependent or delinquent person, if residing within the county in which the court sits, and if their places of residence be known to the petitioner, or if there be neither parent nor guardian so residing, or if their places of residence be not known to the petitioner, then some relative of said alleged neglected, dependent or delinquent person, if any there be residing within said county, and if his residence and relationship to such alleged neglected, dependent or delinquent person be known to petitioner, shall be notified of the proceedings by service of citation requiring him or them to appear at the time and place stated in such citation. In any case the judge may appoint some suitable person to act in behalf of said alleged neglected, dependent or delinquent person, and may order such further notice of the proceedings to be given as he may deem proper. If any person, cited as herein provided, shall fail, without reasonable cause, to appear and abide by the order of the court, or to bring said alleged neglected, dependent or delinquent person, if so required in the citation, such failure shall constitute a contempt of said court and may be punished as provided for in other cases of contempt of court. In case such citation cannot be served or the party served fails to obey the same, and in any case in which it shall be made to appear to the court that such citation will probably be ineffective, a warrant of arrest shall issue on the order of the court, either against the parent or guardian, or the person having the custody of said alleged neglected, dependent or delinquent person, or with whom the said alleged neglected, dependent or delinquent person may be, or against the said alleged neglected, dependent or delinquent person himself, or any or all said persons; or if there be no person to be served with citation as above provided, a warrant of arrest may be issued against the said alleged neglected, dependent or delinquent person immediately. On the return of the citation or other process, or as soon thereafter as may be, the court shall proceed to hear and dispose of the case in a summary manner. Until the final disposition of any case, the said alleged neglected, dependent or delinquent person may be retained in the possession of the person having charge of said person, or may be kept, upon the order of the court, in some suitable place, provided by the county, or may be held otherwise as the court may direct.

SEC. 8. When any alleged neglected person under the age of twenty-one years shall be found by said court or judge to be a neglected person within the meaning of this Act, the court shall make such order or orders as may be necessary for the care of said neglected person; *provided, however,* that no such neglected person shall be placed in the care of any family home, association, society, corporation, school or institution, where there are dependent or delinquent persons. When any alleged dependent or delinquent person under the age of twenty-one years shall be found by said court or judge to be dependent or delinquent, within the meaning of this Act, the court may make an order committing said dependent or delinquent person, for such time as the court may deem fit but not beyond the time when such dependent or delinquent person shall reach the age of twenty-one years, to the home and care of some reputable person of good moral character, or to the care of some association, society or corporation willing to receive it, embracing in its objects the purpose of caring for or obtaining homes for dependent or delinquent children, or to the care of the probation officer, or other person, said dependent or delinquent person to remain in his or her home, or in any other home approved by the court; or the court may, if said dependent or delinquent person be a boy of at least sixteen years of age commit him to the Preston School of Industry, or if under sixteen years of age to the Whittier State School during his minority; or, if a girl, commit her to the Whittier State School or to any similar state institution for girls until twenty-one years of age; *provided, however,* that such commitment under this Act to either the Preston School of Industry or the Whittier State School shall permit the transfer of any boy from one institution to the other upon the agreement thereto by the superintendents of both of such institutions. Accompanying the commitment papers, the court must submit to the superintendent of such institution a record of all the facts in the possession of the court, covering the history of the person committed, including a statement of the mental and physical condition.

Should it develop, either at the time of their presentation, or after having become an inmate thereof, that any dependent or delinquent person, who has been committed to either of such institutions, is an improper person to be there retained, or so incorrigible or so incapable of reformation under the discipline of the school to which such person may be committed as to render his or her retention detrimental to the interests of the school, the superintendent may, with the approval of the board of trustees of such institution return such dependent or delinquent person to the com-

mitting court. And in the event of such return, the transportation of such dependent or delinquent person shall be made in the same manner, and the compensation therefor, if any, shall be paid for as is provided for in the execution of an order of commitment to such institution. After making any of the above mentioned orders the court may, from time to time, change or modify the same, or set aside the same, or commit such dependent or delinquent person to such place or institution, and for such time as the court may deem fit, but not beyond the time when such person shall attain the age of twenty-one years.

SEC. 9. The judge of the superior court in and for each county, or city and county, of the state, and in counties where there is more than one judge of the said court, the judges of the superior court in said county shall, by order entered in the minutes of the court, appoint seven discreet citizens of good moral character, not more than four of whom shall be of the same sex, and at least two of whom shall have been mothers, to be known as the "probation committee," and shall fill all vacancies occurring in such committee. So far as possible, there shall not be appointed more than one member of such probation committee from the same vocation, business or profession. The clerk of said court shall immediately notify each person appointed on said committee and thereupon said persons shall appear before the judge of the superior court to whom has been assigned all proceedings under this Act and qualify by taking an oath, which shall be entered in said juvenile court records, to perform faithfully the duties of a member of such probation committee.

SEC. 10. The members of such probation committee shall hold office for four years, and until their successors are appointed and qualify; *provided*, that of those first appointed, one shall hold office for one year, two for two years, two for three years, and two for four years, the terms for which the respective members shall hold office to be determined by lot as soon after their appointment as may be. When any vacancy occurs in any probation committee by expiration of the term of office of any member thereof, his successor shall be appointed to hold office for the term of four years; when any vacancy occurs for any other reason, the appointee shall hold office for the unexpired term of his predecessor.

SEC. 11. The juvenile court or the judge thereof may at any time, and upon request of the county board of supervisors, shall require said probation committee or probation officer to examine into the qualifications and management of any society, association or corporation, other than a state institution, receiving, or applying for, any neglected dependent or delinquent person under this Act, and to report thereon to the court. It shall be the duty of each probation committee to prepare each year one or more reports in writing on the qualifications and management of all societies, associations and corporations, except state institutions, applying for or receiving any neglected, dependent or delinquent person under this Act from the courts of their respective counties, and in such report said committee may make such suggestions or comments as to them may seem fit; such report to be filed as a public document with the clerk of the juvenile court appointing such committee. The probation committee shall also make to the court an annual report to be filed as a public document prior to the first day of December, copies of which shall be filed with the county board of supervisors and the state board of charities and corrections. It shall be the duty of the probation committee to exercise a friendly supervision and visitation over the neglected, dependent or delinquent person when so directed by the court, to furnish the court information and assistance whenever required, and, from time to time, to advise and recommend to the court any change or modification of the order made in the case of a neglected, dependent or delinquent person as may be for the best interests of such person. Upon request of the probation officer, any member of the probation committee shall investigate the case of any alleged neglected, dependent or delinquent person coming under the provisions of this Act, and render a report thereon to the probation officer. The probation committee shall also have the control and management of the internal affairs of any detention home or branch detention home heretofore or hereafter established by the county board of supervisors; and it shall be the duty of said board of supervisors to provide for the payment of such employees as may be needed in the efficient management of such detention home or branch detention home or homes.

SEC. 12. Members of the probation committee shall serve without compensation, but shall be allowed their reasonable traveling expenses as approved by the judge of the juvenile court; and the same shall be a charge upon the county in which the court appointing them has jurisdiction, and said expenses shall be paid out the county treasury upon a written order of the judge of the juvenile court of said county directing the county auditor to draw his warrant upon the county treasurer for the specified amount of such expenses. All orders by the juvenile court judge upon the county treasury shall be filed in duplicate with the county board of supervisors.

SEC. 13. There shall be appointed, as hereinafter provided, a probation officer in every county, and he may appoint as many deputies as he may desire; *provided*, however, that such deputies shall not have authority to act until their appointment shall have been approved by a majority vote of the probation committee, and by the judge of the juvenile court. The term of office of such deputies shall expire with the expiration of the term of office of the probation officer making such appointments: but either the probation officer, or the probation committee by a majority vote, or the

judge of the juvenile court, may at any time in his or their discretion, revoke and terminate any such appointment. Such deputies, except as hereinafter provided, shall serve without compensation. Every probation officer and every assistant probation officer receiving an official salary shall, at the time that he files his oath of office, file with the county clerk of the county his official bond approved by the judge of the juvenile court. The judge of the juvenile court shall have authority by an order entered in the minutes of said court to determine and fix the amount of bonds of the probation officer of the county and of his assistants. If said bonds, or any of them, are furnished by any surety company licensed to transact business in the State of California, the premium thereon shall be paid out of the county treasury.
